We Are Inspiring Angel Trazo, 2019-07-10 We Are Inspiring is a children's book anthology featuring the stories of 32 Asian American and Pacific Islander women. This work encompasses API femmes of various ethnicities, occupations, and body sizes, and is inclusive of LGBTQ folks, immigrants, and mixed-race women. How many Asian American women can you name? Designed for reading-with your child or for children ages 10+ to read independently, We Are Inspiring brings to life the inspiring stories of Asian American women from various backgrounds, ethnicities, and professions. Asian American history is an integral part of American history, yet it is often untold or oppressed. I hope that women (femme-identifying or non-binary folks) and our allies are inspired by the Americans whose stories I authored and illustrated. I especially hope that when Asian American women flip through the pages of my children's book, they can see themselves represented, acknowledged, validated, and inspired to chase their dreams by the women who inspired me to chase my own. I wondered why I couldn't find this kind of book anywhere... I realized it was because I hadn't made it yet. Dear reader, thank you for supporting me in my mission to create the book of American stories that I have wanted to hold since I was child.

My Dozen Angels Irene (Iryna) Colvin, 2016-02-29 Most children have heard or read about angels. It is this author's vision to give each child their own special angel for each month. Just like snowflakes, no two angels are alike. Each child can individualize the angel by coloring in their faces and hair and naming their own angel. The angel for each month shares its own special message. Children will not only learn the months of the year, but colors too, and what activity takes place in each month.

Archangel Sharon Shinn, 1997-04-01 From national bestselling author Sharon Shinn comes a stunningly beautiful novel of a distant future—where the fate of the world rests on the voice of an angel... Through science, faith, and force of will, the Harmonics carved out for themselves a society that they conceived as perfect. Diverse peoples held together by respect for each other. Angels to guard the mortals and mystics to guard the forbidden knowledge. Jehovah to watch over them all... Generations later, the armed starship Jehovah still looms over the planet of Samaria, programmed to unleash its arsenal if peace is not sustained. But with the coming of an age of corruption, Samaria's only hope lies in the crowning of a new Archangel. The oracles have chosen Gabriel for this honor, and further decreed that he must first wed a mortal woman named Rachel. It is his destiny and hers. And Gabriel is certain that she will greet the news of her betrothal with enthusiasm, and a devotion to duty equal to his own. Rachel, however, has other ideas... Winner of the William Crawford Award for Achievement in Fantasy Nominated for the John W. Campbell Award for Best New Writer

Iron Angel Alan Campbell, 2008-04-29 In this stunning follow-up to his epic fantasy debut, Alan Campbell propels readers into a captivating city battling for its own survival—and that of humankind—in a world of deities and demons, fallen angels and killers. After a destructive battle, the ancient swaying city of Deepgate has been overtaken. Most of the chains that suspend it have given way, toxic fumes are emanating from blazing structures, and the temple once inhabited by the ruling Presbyter now dangles upside down above the once-uncharted abyss. The victorious Spine have initiated martial law and are ruthlessly pursuing all who attempt to leave. Amid the turmoil, two captives are returned. Arriving by ship are the young angel Dill, now toughened by war, and traitor assassin Rachel Hael. Incarcerated in the slowly crumbling temple, the two await their fate, while from the abyss beneath them ghosts rise—for the death of the god Ulcis has left open the gates to Hell. But on orders from his divine brethren, Cospinol, the god of brine and fog, is traveling the world to Deepgate to seal this breach. His great skyship is being dragged through the air by the giant John Anchor, a monster of a man enslaved to pull the god's vessel, moving slowly, inevitably, toward the city. As the city waits, teetering on the brink, myriad plans for vengeance are set in motion, from the continent of Pandemia to Heaven itself. Among them is a ghostly archon sent to deliver a message to the gods on earth—using Dill as his vessel. Thrust from his body, Dill's own soul returns to Hell. When Dill and Rachel are attacked by Spine assassins, Rachel has no choice but to try to escape with the creature that calls itself Dill...and to somehow find a way to restore her friend's soul before it's too late. For powerful forces are stirring, and in the coming battle between gods, it is the world of men that is at stake.

Angels of the Americlypse: An Anthology of New Latin@ Writing Carmen Giménez Smith, John Chávez, 2014-06-18 The contemporary literary moment the anthology Angels of the Americlypse: New Latin@ Writing attempts to capture is one defined by diversity, various points of view, literary styles and voices, topical concerns, and senses of self. Not only have these writers widened the field, they have forged new inquiry into their own experiences of the world, as they live in it and understand it. Writing in forms of lyric, short short fiction, nonfictional prose, and in various degrees and forms of experimentation, this collection represents one of the first efforts, in years, to include a critical introduction to the writers' poetry or prose, their literary work, and their own aesthetic statements meant to express their distinct literary presence in American letters.

Caribbean Women Writers and Globalization Professor Helen C Scott, 2013-04-28 Caribbean Women Writers and Globalization offers a fresh reading of contemporary literature by Caribbean women in the context of global and local economic forces, providing a valuable corrective to much Caribbean feminist literary criticism. Departing from the trend towards thematic diasporic studies, Helen Scott considers each text in light of its national historical and cultural origins while also acknowledging regional and international patterns. Though the work of Caribbean women writers is apparently less political than the male-dominated literature of national liberation, Scott argues that these women nonetheless express the sociopolitical realities of the postindependent Caribbean, providing insight into the

dynamics of imperialism that survive the demise of formal colonialism. In addition, she identifies the specific aesthetic qualities that reach beyond the confines of geography and history in the work of such writers as Oonya Kempadoo, Jamaica Kincaid, Edwidge Danticat, Pauline Melville, and Janice Shinebourne. Throughout, Scott's persuasive and accessible study sustains the dialectical principle that art is inseparable from social forces and yet always strains against the limits they impose. Her book will be an indispensable resource for literature and women's studies scholars, as well as for those interested in postcolonial, cultural, and globalization studies.

Fallenness in Victorian Women's Writing Deborah Anna Logan,1998 Logan's study is distinguished by its exclusive focus on women writers, including Charlotte Bronte, George Eliot, Elizabeth Gaskell, Harriet Martineau, Elizabeth Barrett Browning, Florence Nightingale, Sarah Grand, and Mary Prince. Logan utilizes primary texts from these Victorian writers as well as contemporary critics such as Catherine Gallagher and Elaine Showalter to provide the background on social factors that contributed to the construction of fallen-woman discourse.

Behind the Angel of History Annie Bourneuf,2022-09-24 This short book offers a dazzling new interpretation of Paul Klee's most famous work: his Angelus Novus (1920), which was purchased by Walter Benjamin and became the model for his Angel of History, a figure saturated with Jewish mysticism that he introduces in his Theses on the Philosophy of History. In 2014 the celebrated American artist R. H. Quaytman made a surprising discovery about Klee's work when she examined it at the Jewish Museum in Israel. She realized that Klee had carefully pasted the Angelus down over another image, a face, leaving just a finger's breadth of it showing. Through forensic science and lots of sleuthing it was determined that face belonged to Martin Luther. Behind the Angel of History tells the story of how Quaytman solved the mystery of who lurks behind Klee's angel. It then plunges into questions about why a face long hidden beneath another picture might matter. The book travels through a tangle of loaded conversations among images-from Klee's Angelus to Benjamin's own drawing of a crucified angel, from Klee's Angelus to Quaytman's own layered panels meditating on its secret--
