**Her-2** Robert Bazell, 2011-04-27 Two years after she underwent a mastectomy and chemotherapy, Barbara Bradfield's aggressive breast cancer had recurred and spread to her lungs. The outlook was grim. Then she took part in Genentech's clinical trials for a new drug. Five years later she remains cancer-free. Her-2 is the biography of Herceptin, the drug that provoked dramatic responses in Barbara Bradfield and other women in the trials and that offers promise for hundreds of thousands of breast cancer patients. Unlike chemotherapy or radiation, Herceptin has no disabling side effects. It works by inactivating Her-2/neu--a protein that makes cancer cells grow especially quickly-- produced by a gene found in 25 to 30 percent of all breast tumors. Herceptin caused some patients' cancers to disappear completely; in others, it slowed the progression of the disease and gave the women months or years they wouldn't otherwise have had. Herceptin is the first treatment targeted at a gene defect that gives rise to cancer. It marks the beginning of a new era of treatment for all kinds of cancers. Robert Bazell presents a riveting account of how Herceptin was born. Her-2 is a story of dramatic discoveries and strong personalities, showing the combination of scientific investigation, money, politics, ego, corporate decisions, patient activism, and luck involved in moving this groundbreaking drug from the lab to a patient's bedside. Bazell's deft portraits introduce us to the remarkable people instrumental in Herceptin's history, including Dr. Dennis Slamon, the driven UCLA oncologist who played the primary role in developing the treatment; Lily Tartikoff, wife of television executive Brandon Tartikoff, who tapped into Hollywood money and glamour to help fund Slamon's research; and Marti Nelson, who inspired the activists who lobbied for a compassionate use program that would allow women outside the clinical trials to have access to the limited supplies of Herceptin prior to FDA approval of the drug. And throughout there are the stories of the heroic women with advanced breast cancer who volunteered for the trials, risking what time they had left on an unproven treatment. Meticulously researched, written with clarity and compassion, Her-2 is masterly reporting on cutting-edge science.

**I Am Nujood, Age 10 and Divorced** Nujood Ali, Delphine Minoui, 2010-03-02 "I'm a simple village girl who has always obeyed the orders of my father and brothers. Since forever, I have learned to say yes to everything. Today I have decided to say no." Nujood Ali's childhood came to an abrupt end in 2008 when her father arranged for her to be married to a man three times her age. With harrowing directness, Nujood tells of abuse at her husband's hands and of her daring escape. With the help of local advocates and the press, Nujood obtained her freedom—an extraordinary achievement in Yemen, where almost half of all girls are married under the legal age. Nujood's courageous defiance of both Yemeni customs and her own family has inspired other young girls in the Middle East to challenge their marriages. Hers is an unforgettable story of tragedy, triumph, and courage.

The Abstinence Teacher Tom Perrotta, 2010-06-25 The Abstinence Teacher illuminates the powerful emotions that run beneath the placid surface of modern American family life, and explores the complicated spiritual and sexual lives of ordinary people. It is elegantly and simply written, characterized by the distinctive mix of satire and compassion that has become Tom Perrotta's trademark. Stonewood Heights is the perfect place to raise children: it's got good schools, solid values and a healthy real estate market. Parents in the town are involved in their children's lives, and often in other children's lives, too—coaching sports, driving carpool, focusing on enriching experiences. Ruth Ramsey is the high school human sexuality teacher whose openness is not appreciated by all her students—or their parents. Her daughter's soccer coach is Tim Mason, a former stoner and rocker whose response to hitting rock bottom was to reach out and be saved. Tim's introduction of Christianity on the playing field horrifies Ruth, while his evangelical church sees a useful target in the loose-lipped sex ed teacher. But when these two adversaries in a small-town culture war actually talk to each other, a surprising friendship begins to develop.

*You Look Like That Girl* Lisa Jakub, 2015-06-15 At the age of twenty-two, Lisa Jakub had what she was supposed to want: she was a working actor in Los Angeles. She had more than forty movies and TV shows to her name, she had been in blockbusters like Mrs. Doubtfire and Independence Day,

she walked the red carpet and lived in the house she bought when she was fifteen. But something was missing. Passion. Purpose. Happiness. Lisa had been working since the age of four, after a man approached her parents at a farmer's market and asked her to audition for a commercial. That chance encounter dictated the next eighteen years of her unusual— and frequently awkward—life. She met Princess Diana... and almost fell on her while attempting to curtsy. She filmed in exciting locations... and her high school asked her not to come back. She went to fancy parties... and got kind of kidnapped that one time. Success was complicated. Making movies, traveling the world, and meeting intriguing people was fun for a while, but Lisa eventually realized she was living a life based on momentum and definitions of success that were not her own. She battled severe anxiety and panic attacks while feeling like she was living someone else's dream. Not wanting to become a child actor stereotype, Lisa retired from acting and left L.A. in search of a path that felt more authentic to her. In this funny and insightful book, Lisa chronicles the adventures of growing up in the film industry and her difficult decision to leave behind the only life she had ever known, to examine her priorities, and write the script for her own life. She explores the universal question we all ask ourselves: what do I want to be when I grow up?
