The Art of Escapism Cooking Mandy Lee, 2019-10-15 In this inventive and intensely personal cookbook, the blogger behind the award-winning ladyandpups.com reveals how she cooked her way out of an untenable living situation, with more than eighty delicious Asian-inspired dishes with influences from around the world. For Mandy Lee, moving from New York to Beijing for her husband's work wasn't an exotic adventure—it was an ordeal. Growing increasingly exasperated with China's stifling political climate, its infuriating bureaucracy, and its choking pollution, she began "an unapologetically angry food blog," LadyandPups.com, to keep herself from going mad. Mandy cooked because it channeled her focus, helping her cope with the difficult circumstances of her new life. She filled her kitchen with warming spices and sticky sauces

while she shared recipes and observations about life, food, and cooking in her blog posts. Born in Taiwan and raised in Vancouver, she came of age food-wise in New York City and now lives in Hong Kong; her food reflects the many places she's lived. This entertaining and unusual cookbook is the story of how "escapism cooking"—using the kitchen as a refuge and ultimately creating delicious and satisfying meals—helped her crawl out of her expat limbo. Illustrated with her own gorgeous photography, *The Art of Escapism Cooking* provides that comforting feeling a good meal provides. Here are dozens of innovative and often Asian-influenced recipes, divided into categories by mood and occasion, such as:

For Getting Out of Bed Poached Eggs with Miso-Browned Butter  
Hollandaise Crackling Pancake with Caramel-Clustered Blueberries  
and Balsamic Honey For Slurping Buffalo Fried Chicken Ramen  
Crab Bisque Tsukemen For a Crowd Cumin Lamb Rib Burger  
Italian Meatballs in Taiwanese Rouzao Sauce For Snacking  
Wontons with Shrimp and Chili Coconut Oil and Herbed Yogurt  
Spicy Chickpea Poppers For Sweets Mochi with Peanut Brown  
Sugar and Ice Cream Recycled Nuts and Caramel Apple Cake

Every dish is sublimely delicious and worth the time and attention required. Mandy also demystifies unfamiliar ingredients and where

to find them, shares her favorite tools, and provides instructions for essential condiments for the pantry and fridge, such as Ramen Seasoning, Fried Chili Verde Sauce, Caramelized Onion Powder Paste, and her Ultimate Sichuan Chile Oil.

**Blow Your House Down** Gina Frangello, 2022-04-12 A Good Morning America Recommended Book • A BuzzFeed Most Anticipated Book of the Year • A Lit Hub Most Anticipated Book of the Year • A Rumpus Most Anticipated Book of the Year • A Bustle Most Anticipated Book of the Month A pathbreaking feminist manifesto, impossible to put down or dismiss. Gina Frangello tells the morally complex story of her adulterous relationship with a lover and her shortcomings as a mother, and in doing so, highlights the forces that shaped, silenced, and shamed her: everyday misogyny, puritanical expectations regarding female sexuality and maternal sacrifice, and male oppression. —Adrienne Brodeur, author of *Wild Game* Gina Frangello spent her early adulthood trying to outrun a youth marked by poverty and violence. Now a long-married wife and devoted mother, the better life she carefully built is emotionally upended by the death of her closest friend. Soon, awakened to fault lines in her troubled marriage, Frangello is caught up in a recklessly passionate affair, leading a double life

while continuing to project the image of the perfect family. When her secrets are finally uncovered, both her home and her identity will implode, testing the limits of desire, responsibility, love, and forgiveness. *Blow Your House Down* is a powerful testimony about the ways our culture seeks to cage women in traditional narratives of self-sacrifice and erasure. Frangello uses her personal story to examine the place of women in contemporary society: the violence they experience, the rage they suppress, the ways their bodies often reveal what they cannot say aloud, and finally, what it means to transgress being good in order to reclaim your own life.

**Somewhere in America** Mark Singer, 2005 Mark Singer's lively and extremely popular U.S. Journal column in *The New Yorker* featured under-the-radar stories that were unusual but emblematic tales of American life. A first-time collection of these pieces, *Somewhere in America* offers an illuminating glimpse of the cultural kaleidoscope of our country. From worm farmers in Weleetka, Oklahoma, to angry nudists in Wilmington, Vermont, Singer proves that sometimes you don't even need a passport to experience a new nation (U.S. News & World Report).

are Chat Bombs. And indulge in desserts, drinks and cocktails such as the Cardamom Custard Tart or a Sweet Delhi Diazepam. **Savage Chickens** Doug Savage, 2011-03-01 As a vegan, the only chickens I consume are Savage's. I never miss a meal.-Dan Piraro, cartoonist of Bizarro We've all been forced to endure jobs we don't like. We get up, go to work, go to bed, and do it again. No one knows these pains better than Doug Savage, whose dream of being a cartoonist was eclipsed by his ho-hum office job. That is, until he started doodling chicken cartoons on Post-its and turned them into one of the Internet's most popular cartoon blogs. **Savage Chickens** is a collection of cartoons starring Doug's beloved chickens and their officemates that will get a laugh out of even the most jaded number-crunching colleague. Doug blends cynicism, optimism, and interactive activities to create a portable pep talk for the overworked and underappreciated that will keep you sane-and amused- during the morning bus ride, the meeting-filled Monday, the tenth load of laundry, the bathroom break, or the red-eye to the

coast. Watch a Video

But there's a reason why Garrett's still in the P.I. business after all these years- he's not one to learn his lessons. Maybe that's why he lets himself get roped into being a bodyguard for Kip Prose, an obnoxious kid being threatened by creatures that can't quite be described. But before Kip Prose has a chance to explain what he's done to get on the hit list of some nameless nasties, the precocious Prose is abducted, and the chase begins...

Linked Gordon Korman, 2021-07-20 An unforgettable novel from the New York Times bestseller Gordon Korman Link, Michael, and Dana live in a quiet town. But it's woken up very quickly when someone sneaks into school and vandalizes it with a swastika. Nobody can believe it. How could such a symbol of hate end up in the middle of their school? Who would do such a thing? Because Michael was the first person to see it, he's the first suspect. Because Link is one of the most popular guys in school, everyone's looking to him to figure it out. And because Dana's the only Jewish girl in the whole town, everyone's treating her more like an outsider than ever. The mystery deepens as more swastikas begin to appear. Some students decide to fight back and start a project to bring people together instead of dividing them further. The closer Link, Michael, and Dana get to the truth, the more there is to face-not just the crimes of the present, but the crimes of the past. With Linked, Gordon Korman, the author of the acclaimed novel Restart, poses a mystery for all readers where the who did it? isn't nearly as important as the why?
