Animal Antics John Lund,2002 Ever wonder what really goes on among our four-legged friends after we leave the room' In *Animal Antics*, the secret is finally out. The animals are having a ball-and reading this book, you will too. Cats ride scooters, ducks dance the cancan, beagles lounge at the spa, and, yes, dogs do play poker! Behind this shocking expose is veteran photographer (and digital-manipulation wizard) John Lund. Lund uses amazing digital sleight of hand to endow a menagerie of animals with eerily and uncannily human qualities. The text of the book is equally playful with tasty morsels of advice like Learn to pamper your soul, Sharpen your survival skills, and Chill out as needed. Many of the images in *Animal Antics* have been featured in a best-selling greeting card line of the same name.

The Animals Jenée Mateer,2021-08-08 *The Animals* is a book of photographic art and text. It consists of 26 animal images and poetic description. The first letter of each animal's name is an integral part of the image challenging children to discover it. The

book appeals to children ages 4 to 8 as well as to adults. (collectors edition 12 x 12)

The Ultimate Baby Animals Photo Book Sarah Elizabeth Clark, 2021-01-17 Inside this book are photo collections of high-quality beautiful portraits of baby wild animals. Photographers devoted their bodies and soul to capture the captivating different pictures and photos of these offspring of wild animals. Each photograph is warm and inviting. Includes close-up, and colored nature animals

This Book Is Literally Just Pictures of Cute Animals That Will Make You Feel Better Smith Street Books, 2019-09-03 This zoological and photographic odyssey documents the cutest, cuddliest, and silliest animals of all time, to brighten up the days of humans across the world. As its name subtly suggests, this book features eighty pictures of excessively cute animals. That's literally it. Among other gems, you can expect some cats flaunting some fabulous wigs, sloths dangling casually, otters holding hands (an actual thing that occurs in nature) and piglets wearing little rain boots for some adorable reason. Beyond a shadow of a doubt, this book is a landmark moment in the history of photojournalism. While turning these puppy-peppered pages, your mood will literally become one of delight and tenderness. And therein lies the powerful magic of pictures of cute animals. Just simply peering into those big eyes carries with it all the gravitas of a David Attenborough nature documentary, but without having to actually watch a documentary. The resilience of the animal kingdom is endlessly inspiring. Cast your mind to this iconic image: a kitten dangling from a tree branch, while sagely encouraging us humans to just hang in there. And hang in there we did--in order to own this book. This is literally exactly what our turbulent world needs right now. With its unique meow factor,

this is the book that you deserve after a ruff day at work. (It should be said that, mercifully, no animal puns are included in this book.)

This Book is Literally Just Pictures of Animals Silently Judging You Smith Street Books, 2021-10-05 This book is here to give us all the side eye, showcasing our friends from the animal kingdom at their very sassiest. If the utter chaos of recent world events has taught us anything, it's that people are bad at making decisions. So, in uncertain times, we need someone to tell us like it is - and that someone is animals. As its title suggests, this book is literally just pictures of animals silently judging you and your life choices. Some of these include: a monkey who knows what you did last night, giraffes who can't believe you're wearing that, cats who just can't, and a corgi who isn't angry - just disappointed. Toward these sage angels we must turn, in these weird times for humankind, to help us make better decisions - for ourselves and our furry friends who are, honestly, kind of embarrassed.

An Engraved Landscape: Rock carvings in the Wadi al-Ajal, Libya Tertia Barnett, 2023-02-23 An Engraved Landscape is a contextual analysis of a substantial new corpus of engravings from the Wadi al-Ajal, situated in the Central Saharan region of south west Libya. The wadi is renowned as the heartland of the Garamantian civilization,

which emerged from local mobile Pastoral communities in the 1st millennium BC, and dominated trans-Saharan trade and politics for over a thousand years. Extensive archaeological and palaeoenvironmental investigations in recent years have provided detailed insight into the later prehistory and protohistory of the wadi and surrounding areas. However, prior to the fieldwork detailed in this work, only a handful of carvings had been recorded in the wadi. This work is based on systematic survey, conducted between 2004 and 2009, which recorded around 2,500 previously unknown or unpublished engraved and inscribed rock surfaces. All forms of engraving, whether figurative or surface markings, were viewed as significant residues of human interaction with the rock surface and were recorded. The resulting database provides an opportunity to analyze the engravings in relation to their changing physical and cultural contexts, and the discussion offers a fresh interpretation of Saharan rock art based on this substantial new evidence. An Engraved Landscape also captures in detail a unique heritage resource that is currently inaccessible and threatened. This record of the fragile engravings provides an important source of information for researchers and students.

John Derian Picture Book John Derian, 2016-10-04 New York Times Bestseller
Named one of the Best Gift Books of the Year by Entertainment Weekly, InStyle, House Beautiful, T: The New York Times Style Magazine, Better Homes & Gardens, Luxe Interiors + Design, People StyleWatch, Garden & Gun, The Los Angeles Times, The Chicago Tribune, New York Magazine, and more John Derian's home goods empire reaches far and wide—in addition to the four John Derian stores he owns in New York and Massachusetts, his products are sold by more than 600 retailers worldwide, including

Neiman Marcus, ABC, and Gump's in the United States; Conran and Liberty in the UK; and Astier de Villatte in Paris. It all started with his now-iconic collectible plates decoupage with 19th-century artwork sourced from old and rare books, a process that credited him with elevating the decoupage technique into fine art. Over the past 25 years, the brand has expanded greatly to include home and general design gifts and products. Now, for the first time ever, comes the book John Derian fans have been waiting for. Culled from the thousands of images that have appeared in his biannual collections, here is an astoundingly beautiful assortment of nearly 300 full-bleed images in their original form. From intensely colored flowers and birds to curious portraits, hand-drawn letters, and breathtaking landscapes, the best of John Derian is here. The result is an oversized object of desire, a work of art in and of itself, that brilliantly walks the line between commerce and art, and that is destined to become the gift book of the season.

Strange Planet Nathan W. Pyle, 2019-11-19 Straight from the mind of New York Times bestselling author Nathan W. Patterns of India Christine Chitnis,2020-03-03 It's the trip of a lifetime—a textile-based tour of colorful Rajasthan, India featuring more than 200 lush photographs

depicting everyday life in one of the most vibrant regions in the world. "Get lost in the beauty of the photographs in Patterns of India, a striking journey through the colorful Indian state of Rajasthan."—BuzzFeed Patterns of India is a visual experience that offers intimate insights into the diverse and richly hued Western Indian culture. Color is the thread that binds the vast country together, defining every aspect of life from religion and politics to food and dress. Organized by the five dominant colors royal blue, sandstone, marigold, ivory, and rose, this book explores how deeply color and pattern exist in a symbiotic relationship and are woven into every part of the culture. For instance, the fuchsia found in the draping fabric of a sari is matched by the vibrant chains of roses offered at temple, and the burnt orange spices in the marketplaces are reflected in the henna tattoos given to brides and wedding guests. While every color is imbued with meaning, it is often within the details of patterns that the full story comes to light. Photographer and writer Christine Chitnis spent over a decade traveling through, getting to know, and falling in love with the intricate patterns of everyday Rajasthani life. With history and culture-based essays woven throughout the more than 200 stunning photographs of architecture, markets, cuisine, art, textiles, and everyday goings-on, Patterns of India captures the beauty and essence of this unique part of the world.
