Grant, William Hurst, Alfred Molina, 2007-05-01 The Miracle Maker The greatest story ever told comes to life in spectacular clay-animation. Featuring the voices of an all-star cast, Christ's ageless tale unfolds around the story of a family seeking help for an ailing daughter. When they cross paths with an extraordinary carpenter named Jesus, the family's faith is put to the test as the father is torn between allegiance to the king and the desperate need for the miraculous powers of God. Jesus of Nazareth Beginning before the Nativity, and extending through the Crucifixion and Resurrection, Jesus of Nazareth brings to life all the majesty and sweeping drama of the life of Jesus as told in the Gospels. The film provides the setting and background for the birth, childhood, baptism, teaching, and many miracles of the Messiah, culminating in the Resurrection.

**Human Factors in Product Design** W. Green,Patrick W. Jordan,1999-08-19 Manufacturers are becoming more aware of human factors in product design as a major competitive issue. In many product areas, manufacturers have reached a technology ceiling, which simply means that it is increasingly difficult to get ahead of the competition in terms of, for example, functionality, technical reliability or manufacturing costs. As a consequence, design has become a major battleground for manufacturers, and usability is recognized as being a central tenet of good design. This book provides a unique snapshot of current practice in human factors, identifying methods and techniques that work well

under tight constraints and providing case study evidence of their effectiveness. The commercial implications of usability are discussed, and special attention is paid to two key trends: inclusive design and smart products. Inclusive design is about meeting the needs of all users with one design, which includes the elderly and the disabled. Smart products are multi-functional products with electronic interfaces containing a vast array of helpful functions. Industrial designers and manufacturing executives will find this text enlightening.
