Thanksgiving Is for Giving Thanks! Margaret Sutherland,Sonja Lamut,2000-09-11 This sweet picture book about being thankful is a great way to celebrate Thanksgiving with the youngest readers! Thanksgiving is about pilgrims and history--and turkey, of course!--but most importantly, it's a holiday all about everything that we are thankful for. Cheerful, colorful illustrations accompany the simple text in this celebration of family, friends, and the holiday that brings them all together. Muslim Americans Nahid Afrose Kabir,2016-08-12 With Islamophobia on the rise in the US since 9/11, Muslims remain the most misunderstood people in American society. Taking as its point of departure the question of the compatibility of Islam and democracy, this book examines Muslims' sense of belonging in American society. Based on extensive interview data across seven states in the US, the author explores the question of what it means to be American or un-American amongst Muslims, offering insights into common views of community, culture, and wider society. Through a combination of interviewees' responses and discourse analysis of print media, Muslim Americans also raises the question of whether media coverage of the issue might itself be considered 'un-American'. An empirically grounded study of race and faith-based relations, this book undertakes a rigorous questioning of what it means to be American in the contemporary US. As such, it will appeal to scholars of sociology and political science with interests in race, ethnicity, religion and national identity.

Introduction to Psalms Hermann Gunkel,2020-02-05 Hermann Gunkel's commentary on Psalms (Die Psalmen, HKAT)—considered by many to be his magnum opus—was published in 1926. But he was unable to complete his final work on the Psalms. The severe suffering of the final months of his life forced him to hand over his incomplete manuscript, at Christmastime 1931, to his pupil Joachim Begrich. Gunkel died on 11 March 1932. Begrich put the final touches on the organization of Gunkel's last work on Psalms, and it was published in 1933 as *Einleitung in die Psalmen: die Gattungen der religiösen Lyrik Israels*. As with much of Gunkel's other work, the influence of *Einleitung in die Psalmen* on the study of the Psalms, Hebrew poetry, and, indeed, the whole realm of Old Testament literature, lyric, and cult, as already noted, can scarcely be overestimated."

The Baker Illustrated Bible Background Commentary J. Scott Duvall,J. Daniel Hays,2020-08-04 We are far removed from the time and culture of the biblical world, and this distance easily leads to misunderstanding and misinterpretation. Our understanding and appreciation for God's Word increase exponentially when we know about the context in which the biblical books were written. So while many Bible commentaries explain the theological meaning of the text, *The Baker Illustrated Bible Background Commentary* provides fascinating cultural and historical insights into God's Word. Richly illustrated with full-color photos throughout, this one-volume background commentary includes articles by leading Old and New Testament scholars on subjects such as - countries, cities, and cultures of the Holy Land and the Greco-Roman world - warfare and execution - religious groups and customs - fashion, athletics, feasts, and celebrations - honor, shame, and hospitality - and much more This colorful, informative volume is an essential companion for pastors, teachers, and laypeople who want to enhance their personal Bible study and help others do the same.
