Developing Anti-Racist Practices in the Helping Professions: Inclusive Theory, Pedagogy, and Application Kaprea F. Johnson, Narketta M. Sparkman-Key, Alan Meca, Shuntay Z. Tarver, 2022-06-02 This book provides an interdisciplinary structure to critique existing approaches that have failed to eradicate systemic inequalities across helping professions. This timely contribution offers helping professionals sought after resources that many are clamoring for to improve their practice, their pedagogical stance, and their knowledge as it relates to antiracism and antiracist approaches. This collection of chapters that cover antiracist research, theory and practice approaches is in direct response to Kendi's (2019) call to action to examine and revise institutional policies and practices to become antiracist. Collectively this book advances existing research and resources by providing interdisciplinary strategies for helping professionals to engage in antiracism through critical evaluation of research, practice, and policies. Doing so empowers helping professionals across disciplines to employ antiracist strategies that deconstruct and dismantle racism embedded within the foundational origins, professional standards, and disciplinary practices of helping professions while simultaneously merging research, practice, and advocacy that employs antiracist practices.

Testing the Limits Brian Lewis Crispell, 1999 A Floridian who served as a U.S. Senator from 1950 to 1968, George Armistead Smathers is generally regarded as a playboy politician who wasted his opportunities to achieve legal and political brilliance, abandoning his constituency to represent business, industry, and other wealthy interests in Florida. This detailed chronicle of Smathers's life and career reveals that his reputation was sensationalized and largely undeserved. Brian Lewis Crispell incorporates lively anecdotes and personal descriptions, in addition to details culled from research in newspapers, interviews, and the archives of Kennedy, Johnson, Truman, and Smathers himself, to bring the largely unstudied senator to life. The work traces Smathers's political path from the forming of his statewide collection of loyal men, a gathering of supporters from the University of Florida who formed his political base, through his election to the House, his successful 1950 Senate campaign against Claude Pepper, and his Senatorial career during the beginning of the civil rights movement and the early Cold War. Crispell highlights the senator's moderate civil rights record, role in the 1960 presidential election, and his internationalist position on aid to Latin America. This thoroughly researched account presents Smathers as the quintessential Cold Warrior--a man who significantly influenced his political world.

Peeper Loren D. Estleman, 2016-05-17 A priest's death leads a Detroit gumshoe into a case of church corruption in this mordantly funny hard-boiled crime novel Ralph Poteet is forty pounds overweight, out of gin, and he hasn't seen his gun in weeks. As far as private detectives go, he's not much to look at. But he's the only one in the building, and that's enough for Lyla Dane. A call girl who's far better at her job than Ralph is at his, she calls him in the middle of the night because she has a dead monsignor in her bed. After dealing with Lyla's deceased client, Ralph tries his hand at blackmail, offering to keep mum about the priest's embarrassing demise in exchange for a payoff from the diocese. But when somebody tries to kill Ralph and Lyla, Detroit's most unsavory PI is swept into an unholy swarm of deadly secrets that resonates all the way to Washington, DC, and the Vatican. Three-time Shamus Award-winning author Loren D. Estleman delivers a witty, ribald send-up of the hard-boiled detective genre in this action-packed crime novel.

By the late 1920s, however, the Comintern, reflecting the Stalinisation of the Soviet Union, intervened into the American party to ensure the Stalinisation of American Communism.

Romantik Volume 2 Karina Lykke Grand, Lis Møller, Robert W. Rix, Anna Lena Sandberg, 2014-01-17 The articles in this second issue of Romantik demonstrate the crucial role of emergent regionalism and nationalism within the Romantic movement. But, the contributors also explore how the transmission of ideas and inspiration took place across national as well as linguistic boundaries, and how knowledge was transferred from one domain of knowledge to another. The articles provide a new map of such cultural exchanges in the Romantic era and the multiplicity of agencies that made them possible. How Tobacco Smoke Causes Disease ,2010 This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies. Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of tobacco products.
