The Book Business Mike Shatzkin, Robert Paris

Riger, 2019-02-01 Many of us read books every day, either electronically or in print. We remember the books that shaped our ideas about the world as children, go back to favorite books year after year, give or lend books to loved ones and friends to share the stories we've loved especially, and discuss important books with fellow readers in book clubs and online communities. But for all the ways books influence us, teach us, challenge us, and connect us, many of us remain in the dark as to where they come from and how the mysterious world of publishing truly works. How are books created and how do they get to readers? *The Book Business: What Everyone Needs to Know®* introduces those outside the industry to the world of book publishing. Covering everything from the beginnings of modern book publishing early in the 20th century to the current concerns over the alleged death of print, digital reading, and the rise of Amazon, Mike Shatzkin and Robert Paris Riger provide a succinct and insightful survey of the industry in an easy-to-read question-and-answer format. The authors, veterans of trade publishing, or the branch of the business that puts books in our hands through libraries or bookstores, answer questions from the basic to the cutting-edge, providing a guide for curious beginners and outsiders. How does book publishing actually work? What challenges is it facing today? How have social media changed the game of book marketing? What does the life cycle of a book look like in 2019? They focus on how practices are changing at a time of great flux in the industry, as digital creation and delivery are altering the commercial realities of the book business. This book will interest not only those with no experience in publishing looking to gain a foothold on the business, but also those working on the inside who crave a bird's eye view of publishing's evolving landscape. This is a moment of dizzyingly rapid change wrought by the emergence of digital publishing, data collection, e-books, audio books, and the rise of

self-publishing; these forces make the inherently interesting business of publishing books all the more fascinating.

Kindle Publishing 101 Nicholas Oetken, 2017-12-10 Do you want to start a profitable Kindle publishing business that makes you money every single day while you sleep? Over a year ago, I knew I did. Since then, I have published books in several different niches and tried numerous different strategies to build my publishing business to where it is now. Today, I consistently make several thousand dollars a month with Kindle publishing, ten of my books have reached the #1 bestseller ranking in their respective categories, and I sell thousands of books every month. Having been there and done that, I can tell you that the #1 thing I have done to get to where I am today is to build up your pen names as authoritative brands in your niche, and that's exactly what I'm going to teach you how to do in this book. In this book, I will share with you the following:- The story of how I got into Kindle publishing- The 5 basic steps to create a Kindle book- How to choose a niche and keyword that will make you money- How to research, write, and publish a Kindle eBook in less than 24 hours- How to turn your pen name(s) into an authoritative brand- How to publish your eBook to the Kindle Store- Kindle Publishing tips you can't afford to overlook Within those chapters, the additional topics will be discussed as well:- How to find a niche that's getting lots of monthly searches but also has low competition- How to choose competitive keywords- How to choose a book title and subtitle that sell- How to write an excellent introduction and conclusion- How to ensure that your entire book is high quality and contains value- Guidelines for creating a high quality Kindle cover- Why value is more important than length for your book- How to promote your

pen name on social media- The importance of building an email list and how to interact with your subscribers- How to reward your loyal email subscribers - How/why Amazon will promote your book for you- How to determine the best price for your books- Easy and effective tactics to always get lots of 5 star reviews for your books- How to outsource your book and coverKindle publishing is the easiest and quickest way to create a passive income stream online, and it's something that anybody can do. As we'll discuss, you don't even have to be a writer to be a Kindle publisher because you can outsource the entire process! It also has a low start-up cost, and since Amazon is the largest bookstore in the world and the number of Kindle books sold has long since eclipsed the number of traditional paperback books sold, the potential reward is HUGE.And the best part is the sky is the limit with what you can make with Kindle publishing.It's possible to either write a book that makes you an extra hundred bucks or two a month with it in passive income, or it's possible to fully commit yourself to the process and produce lots of Kindle books each week under an authoritative pen name to eventually earn you thousands of dollars a month.If you want to learn how to create a Kindle publishing business that consistently produces thousands of dollars a month while you sleep, then this book is for you.

Just a Couple of Chickens Corinne Tippet, 2009 Just A Couple of Chickens is a genuinely enjoyable read. Laugh out loud funny, informative and utterly timely. It is a poignant and very real story of one family's poultry raising adventure during a five-year crucible of economic and identity crisis that took on national relevance when their contracting business collapsed under the first wave of the economic crash in 2008. Their story hits home with heart-breaking reality. While getting a couple of chickens may have been Andrew's idea, Corinne was the one who took it over the top with thirty fluffy pheasant, five and twenty chickens, over

forty Chukar, and fifteen ducklings. There were also twelve smelly quail, nine girl geese, two roosters, and a partridge in a pine tree. They were farming by Internet on a two-acre parcel near Santa Fe, New Mexico, scrabbling through the canyon that separates knowledge and experience when it comes to raising poultry. Corinne created www.TheFeatheredEgg.com a web-based business that arose like a phoenix from the eggs and feathers from the flock. She approaches her role as mother, wife, and businessman with a unique perspective that she captures with droll clarity and good humor. Chicken farming was only the most recent use of her BA in Industrial/Scientific Photography from the Brooks Institute of Photography. This book is yet another, featuring her portraits of the family's feathered friends.

Benighted Kit Whitfield,2006-08-08 “A fascinating and unique tale in an alternate reality where being human is a hindrance. Kit Whitfield has created an astonishing read.”—Sherrilyn Kenyon, author of the Dark-Hunter series It is a world much like our own, with one deadly difference: ninety-nine percent of the population is lycanthropic. When the full moon rises, humans transform into lures, bloodthirsty beasts who cannot be reasoned with or tamed. Those few born unable to change are disparagingly known as barebacks, and live as victims of prejudice and oppression. All too often, they are targets of savage mauling and death by lures who break the law to roam free on full-moon nights. Twenty something bareback Lola Galley is already a veteran of the Department for the Ongoing Regulation of Lycanthropic Activities. When her friend loses a hand to a marauding lure, then is murdered before the attacker is brought to trial, Lola is desperate to see justice prevail. But the truth is seldom simple—and Lola may not like the shocking answers she uncovers. Praise for Benighted “An impressive debut, Benighted is a well-written and well-thought-out examination of prejudice as seen through the lens of the werewolf novel.”—Tananarive Due, author of *Joplin’s Ghost* “Kit Whitfield has created a unique and powerful twist on the werewolf mythos, an eloquent parable about the profound effects of prejudice and violence on both perpetrator and victim. Benighted will leave you thinking long after you’ve turned the last page.”—Susan Krinard, author of *Touch of the Wolf*
