Archibald's Next Big Thing Tony Hale, Tony Biaggne, 2014 Archibald's Next Big Thing is the extraordinary adventure of an extra-ordinary chicken named Archibald Strutter. His three brothers and one sister have each found their Big Thing (including a brother chicken who impressively grows human hair) and the only Big Thing Archibald has planned is what he's eating for lunch. This all changes when he receives a mysterious blue card that reads YOUR BIG THING IS HERE! So, accompanied by a friendly bee named BEE, Archibald takes the card and heads off on a fantastic journey in hopes of finding his NEXT BIG THING. It's a story that reminds us that, while looking for the next big thing isn't a bad thing, we should always remember that big and beautiful things are all around us ... right NOW.

Archibald Finch and the Lost Witches Michel Guyon, 2021-10-19 History, magic, and adventure collide in this riveting middle-grade fantasy novel about an unusual boy who unlocks an ancient relic—and with it, a forgotten world. Befriended by a band of young witches, Archibald Finch must quickly adapt to survive in Lemurea, where a battle born in the Middle Ages is still unfolding . . . Archibald is a risk-averse boy with quirks that earn him plenty of eye-rolls, especially from his older sister, Hailee. Things get worse when his parents move the family from London to his grandmother's creepy manor in the English countryside. Now he has to deal with hairless dolls in the library, weird stone creatures on the roof, and a spooky forest

at the edge of the backyard. But these turn out to be the least of Archibald's problems . . . One day, as he's exploring the cavernous house, he finds a curious globe that whisks him away to a secret world, hidden for 500 years. Archibald finds himself on a thrilling adventure full of medieval magic, mysterious symbols, and the strangest beasts, while Hailee—who witnessed her brother's disappearance—embarks on a daring quest to find him.

Shaking the Gates of Hell John Archibald, 2021-03-09 On growing up in the American South of the 1960s—an all-American white boy—son of a long line of Methodist preachers, in the midst of the civil rights revolution, and discovering the culpability of silence within the church. By the Pulitzer Prize-winning journalist and columnist for The Birmingham News. My dad was a Methodist preacher and his dad was a Methodist preacher, writes John Archibald. It goes all the way back on both sides of my family. When I am at my best, I think it comes from that sermon place. Everything Archibald knows and believes about life is refracted through the stained glass of the Southern church. It had everything to do with people. And fairness. And compassion. In *Shaking the Gates of Hell*, Archibald asks: Can a good person remain silent in the face of discrimination and horror, and still be a good person? Archibald had seen his father, the Rev. Robert L. Archibald, Jr., the son and grandson of Methodist preachers, as a moral authority, a moderate and a moderating force during the racial turbulence of the '60s, a loving and dependable parent, a forgiving and attentive minister, a man many Alabamians

came to see as a saint. But was that enough? Even though Archibald grew up in Alabama in the heart of the civil rights movement, he could recall few words about racial rights or wrongs from his father's pulpit at a time the South seethed, and this began to haunt him. In this moving and powerful book, Archibald writes of his complex search, and of the conspiracy of silence his father faced in the South, in the Methodist Church and in the greater Christian church. Those who spoke too loudly were punished, or banished, or worse. Archibald's father was warned to guard his words on issues of race to protect his family, and he did. He spoke to his flock in the safety of parable, and trusted in the goodness of others, even when they earned none of it, rising through the ranks of the Methodist Church, and teaching his family lessons in kindness and humanity, and devotion to nature and the Earth. Archibald writes of this difficult, at times uncomfortable, reckoning with his past in this unadorned, affecting book of growth and evolution.

Archibald MacLeish Scott Donaldson, 2016-06-28 "Poet, lawyer, Librarian of Congress, statesman, and professor, MacLeish (1892–1982) revived the Homeric ideal of a poet as "a man in the world." In this authorized and idealized biography, his only flaws are a demanding nature, many discreet infidelities, and lack of interest in his children. Fortunately, Donaldson . . . is as successful in celebrating MacLeish's strengths as he has been in tracing the demons that destroyed Cheever . . . Fitzgerald, and Hemingway. Born into a wealthy Illinois family, MacLeish attended Yale and Harvard Law, married his

childhood sweetheart, and moved to Paris, where he joined the circle around Joyce and Hemingway (his lifelong friend) and, sustained by family resources, devoted himself to poetry. Returning to N.Y.C., he spent the 30's editing and writing for Fortune magazine while producing radio and stage plays (starring the young Orson Welles) that expressed his liberal politics. In the 40's, MacLeish served as the first Librarian of Congress, then as Secretary of State for Cultural Affairs, and, after helping to write the preamble to the UN Charter, worked for UNESCO. Even after accepting a Harvard professorship in 1946, he remained a mediator between the worlds of art and of public life, urging the release of Ezra Pound from his mental asylum and publishing, the day after the first moon landing, a celebratory poem on the front page of The New York Times. MacLeish's last years were spent lecturing, traveling, gathering prizes, entertaining friends (including Richard Burton and Liz Taylor), and writing dramas, as well as private but unrevealing poems about old age, his various affairs, and the bliss he found in his marriage. For such a long and spectacular life, this is a spare and unpretentious biography, like MacLeish's verse. Donaldson is informed, respectful, and comfortable with the many different roles his subject played. He tastefully draws on unpublished verse to illuminate the shadows—but mostly, like MacLeish himself, stays in the light.” –Library Journal

Tales of Whitetails Archibald Rutledge, James A. Casada, 1992 Archibald Rutledge--renowned outdoor writer, poet laureate, and authority on whitetails--is again returned to print in this stirring collection of thirty-five of his finest deer stories. Rutledge, who lived a rich life at Hampton Plantation in South Carolina, had a mystical attachment to deer that found fulfillment in hunting and writing. No American sporting writer has been more persuasive in capturing the myriad, and often elusive, meanings of the hunt. According to editor Casada, Rutledge has an unrivaled knack for capturing the thrill of the chase, and his ability to set a scene is such that it places the reader squarely amidst the deep swamps, ridges of mixed pines and hardwoods, and dense thickets of palmetto and greenbrier. Rutledge considered deer, that noble, elusive, crafty, wonderful denizen of the wilds, to be the wisest of the game animals. His firm belief was that there was much more to hunting than hunting. He praised whitetails in poetry, found in them a basis for a sophisticated philosophy, and, most of all, immortalized the world of the hunter and the hunted in prose. *Tales of Whitetails* is the only book ever published devoted exclusively to Rutledge's deer tales.

Archibald Motley Richard Powell, 2015-10-02 Featuring more than 200 color

illustrations, the catalogue Archibald Motley: Jazz Age Modernist accompanies the first full-scale survey of the work of Archibald Motley, on view at the Nasher Museum of Art at Duke University from January 30, 2014, through May 11, 2014. Archibald John Motley, Jr., was an American painter, master colorist, and radical interpreter of urban culture. Among twentieth-century American artists, Motley is surely one of the most important and, paradoxically, also one of the most enigmatic. Born in New Orleans in 1891, Motley spent the first half of the twentieth century living and working in a predominately white neighborhood on Chicago's South Side, just blocks away from the city's burgeoning black community. During his formative years, Chicago's African American population increased dramatically, and he was both a witness to and a visual chronicler of that expansion. In 1929 he won a Guggenheim Fellowship, which funded a critical year of study in France, where he painted Blues and other memorable pictures of Paris. In the 1950s, Motley made several lengthy visits to Mexico, where his nephew, the well-known novelist Willard F. Motley, lived. While there, Motley created vivid depictions of Mexican life and landscapes. He died in Chicago in 1981. Motley's brilliant yet idiosyncratic paintings--simultaneously expressionist and social realist--have captured worldwide attention with their rainbow-hued, syncopated compositions. The exhibition includes the artist's depictions of African American life in early-twentieth-century Chicago, as well as his portraits and archetypes, portrayals of African

American life in Jazz Age Paris, and renderings of 1950s Mexico. The catalogue includes an essay by Richard J. Powell, organizer and curator of Archibald Motley: Jazz Age Modernist, as well as contributions from other scholars examining the life, work, and legacy of one of twentieth-century America's most significant artists.

John Archibald Campbell Henry Groves Connor, John Archibald Campbell, 2004 Conner, Henry G. John Archibald Campbell: Associate Justice of the Supreme Court 1853-1861. Boston: Houghton Mifflin Company, 1920. viii, 310 pp. Reprint available October 2004 by The Lawbook Exchange, Ltd. ISBN 1-58477-445-2. Cloth. \$85. * An Alabama attorney raised in Georgia, Campbell [1811-1889] was appointed to the court by Franklin Pierce. He resigned in 1861 to join the Confederacy, eventually serving as its Assistant Secretary of War. He became a successful attorney in New Orleans during Reconstruction and his eminence brought him before the Supreme Court many times. In the Slaughterhouse Cases (1873) he argued that the Due Process Clause of the Fourteenth Amendment prohibited state encroachment on economic liberty. Although his argument failed in a 5-to-4 decision, the court reversed itself twenty years later. An excellent piece of biographical and historical work.: Dictionary of American Biography 4:352.

Death of a Confederate Arthur N. Skinner, James L. Skinner, 2011-08-15

Spanning nearly a century, the letters in this collection revolve around a central event in the history of a southern family: the death of the eldest son owing to sickness contracted during service in the Confederate Army. The letters reveal a slaveowning family with keen interests in art, music, and nature and an unshakable belief in their religion and in the Confederate cause. William Seagrove Smith was a private in the signal corps of the Eighteenth Battalion, Georgia Infantry. Smith was part of the force defending Savannah until it fell in late 1864, and then marched with General William J. Hardee in his famous retreat out of the city and through the Carolinas. Like so many other soldiers on both sides of the conflict, William Smith fell not at the hands of an enemy but from disease. He died in Raleigh, North Carolina, on July 7, 1865. A parallel and complementary story about William's younger brother, Archibald, also emerges in the letters. As a cadet at Georgia Military Institute, Archibald was (as his parents fervently wished) exempt from service; however, he ultimately saw--and survived--action before the war's end. Scattered among the many lines in the letters that are devoted to the two brothers are a wealth of particulars about agricultural, industrial, and social life in the family's north Georgia community of

Roswell, the Smith family's flight from Sherman's invasion force, their lives as refugees in south Georgia, and a final reunion of the Smith brothers outside of Savannah just after the city's fall. Also included are a number of moving exchanges between the Smiths and the family that cared for William in his final days. A brief history of the Smith family through 1863 begins the correspondence, while the letters following the war reveal their fortitude in the face of William's death and the hardships of Reconstruction. The volume concludes with selected letters from the subsequent generation of Smiths, who conjure images of the Old South and revive the memory of William. Like the most distinguished Civil War-era letter collections, *The Death of a Confederate* introduces a personal dimension to its story that is often lost in histories of this sweeping event.

Hunting & Home in the Southern Heartland Archibald Rutledge, 2020-05-11
Archibald Rutledge ranks as one of America's best-loved outdoor writers. Throughout his long, productive career he lived close to the land and had a rare knack for capturing on paper the joys of hunting, the beauty of the outdoors, and the camaraderie which lies at the heart of the sporting experience. Rutledge was a staunch son of the Southern soil, and he wrote with effective feeling of the virtues that region has always prized—honor, love of one's family, self-respect, and honesty. This volume is the first in a trilogy which will once again make available Rutledge's finest prose work. Casada, a long-time student and admirer of Rutledge, has chosen thirty-five

stories which represent Rutledge at his best. To enter the world of this masterful storyteller is to share the pleasure he brought to legions of admiring readers during his lifetime.

The Egret's Plumes Archibald Rutledge,2016-06-14 An inspiring illustrated story that illuminates the lessons the natural world has to offer Limited Leather Numbered Edition (limited to 100 copies)Archibald Rutledge's suspenseful story The Egret's Plumes is a cautionary tale exalting the virtues of good sportsmanship, conservation of the natural world, and the universality of parental instincts. Fleeing the relentless plume hunters of

their native Florida, a pair of exquisite snowy egrets make a new home—and then a new family—in the South Carolina lowcountry swamps of Blake's Reserve. When the male egret is killed by a poacher, the female is left to defend her nest and raise their hatchlings. Will Ormond, a restless and reckless hunter and heir to the reserve's plantation, spots the surviving egrets after a day of disappointments with his original prey. As he wades into the swamp to gain a better position for his kill shot with his only remaining cartridge, Will comes to recognize elements of his relationship with his own mother in the selfless devotion of the female egret to her young. In this moment of uncharacteristic hesitation, he also realizes that he is no longer alone in the brackish waters of the reserve and that the hunter may have become the hunted. *The Egret's Plumes* is an inspiring, allegorical narrative that illuminates the pitfalls awaiting immoral acts and the saving virtues of selflessness and compassion. This short story was written for publication in an early twentieth-century boy's magazine and was first collected in the privately printed Eddy Press edition of *Old Plantation Days* (c. 1913). Limited to just a few hundred copies, the Eddy Press edition is highly prized by Rutledge collectors and includes these four stories—*Claws*, *The Doom of Ravenswood*, *The Egret's Plumes*, and *The Ocean's Menace*—not found in the more widely available 1921 Stokes edition of *Old Plantation Days*. A project of South Carolina Humanities benefiting South Carolina literary programs, this new edition of *The Egret's Plumes* is illustrated in handsome charcoal

etchings by southern artist Stephen Chesley. Award-winning outdoors writer and noted Rutledge scholar Jim Casada provides the volume's introduction, and outdoors writer and author Jacob F. Rivers III offers an afterword.

Readers will be reminded of many personal experiences and of lessons in life they wish they had learned earlier in their careers. –Eric Herz, former IEEE executive director and general manager Anyone who thinks 'engineering management' is an oxymoron needs to read this terrific book – then they will know. –Norman R.
