Jr. Miller

Trials of an Arch-Mage Jr. Miller, 2003-11 We return to the story of Pern, the Arch-Mage, and Jack as they try to find their way back home. But the journey is fraught with peril and they soon discover that it is a long way home. Sinister agents still hunt for them and the people who survived the war have rebelled against all things magic. Albert and Derek also try to find their way home, and their adventures are nearly as difficult as Pern's. But they finally meet up with the young mages at the giant evil forest that seems to be taking over the Southland. It is the final barrier between them and their beloved homes.

Trials of an Archmage Larry Miller, Jr., 2006-11 Trials of an Archmage: Ascension returns us to the story of Pern. They have to escort Duke Ryad of the Orchard valley to the capital city in order for him to assume the throne. Many troubles lie in their way including a committee that has already assumed the power of the throne and are terrorizing the decent people of Lyssia. If they are strong enough for that, they still have to battle the dark forces that have been trailing them all the way. Circle of Darkness A happy trader finds that he is a long lost descendant of an ancient and powerful race. He is granted the memories of his ancestors from a magical pendant, but he soon finds it all overwhelming. Evil is stirring and he must get his own mind under control to help the world before all is lost. Mysterious links tie him to both the good and evil and if he can't understand them, they could easily kill him.

The team hails from three different countries, two different races, and three different religions, but must overcome their differences in order to survive the soldiers, wizards, and beasts defending the Archmage's tower.

Trials of an ARCH Mage Larry W. Miller,2002 Jack is a respected young mage of the guild. When war breaks out, he answers the call and along the way discovers a rag-tag street beggar with amazing abilities. This could be a new Archmage, which hasn't happened for a thousand years, but they have to survive long enough to get to the castle of learning where mages are trained before the evil snatches him away.

Archmage R. A. Salvatore,2015-09-01 In the aftermath of the War of the Silver Marches, the combatants take stock as a new tale begins in the

Legend of Drizzt series The pall that had descended over the North is gone, and a new day has dawned on a victorious Mithral Hall. But no matter how bright things seem on the surface, Drizzt and his companions know that what lurks just under their feet remains steeped in evil and charged with unimaginable power. The dark elves of Menzoberranzan, including the powerful Archmage Gromph, aren't done with Drizzt yet. And consumed by their own power struggles, feeling backed into a corner, the drow may just be desperate enough to call on demonic forces from the deepest reaches of the Abyss, and unleash a disaster even the Underdark could never have prepared for. Archmage is the first book in the Homecoming trilogy and the thirty-first book in the Legend of Drizzt series.

Batara,2017-09-27 UPDATED PAPERBACK VERSION.An
epic fantasy on another world. With a modern
twist.What if you fell through a crack in reality?
Like those people disappearing in plain sight

you've read about. What if you find yourself in a strangely familiar world? A world full of Earth's mythological beings, lost civilizations, and people from its primitive and brutal past? Where magical energy still exists. Where gods play games among themselves, with the fate of mortal men as pawns. A land where a sword is deadlier than a five-inch thick contract drawn by a hotshot lawyer. Would you survive? That's Tyler West. Alone, lost and bewildered, the three moons in the sky made it clear he wasn't on Earth anymore. It's not a game. It's real. And there's no coffee, pizza, fries, or his favorite show on HBO. (This UPDATED EDITION contains excerpts from Book Two - Gifts of the Greeks and Book Three - Blood Wars. It also contains introductions to upcoming books.)

Arthurian Animation Michael N. Salda, 2013-07-17 This is an exploration of the potent blend of Arthurian legend, cartoon animation, and cultural and artistic trends from 1933 to the present. In more than 170 theatrical and televised short cartoons, televised series and specials, and feature-length films from *The Sword in the Stone* to *Shrek the Third*--all covered in this book--animators have repeatedly brought the Round Table to life. Although these productions differ greatly in tone and intent--spanning spectra from comic to sober, fantastic to realistic, and entertaining to edifying--they share in the proof of Camelot's continuing relevance in the modern world.

The Accidental Archmage Edmund a M Batara, 2021-01-23 *The Void Lands*. A place where gods fear to tread. Where strange creatures and fantastic yet hostile beings emerge. A nexus of

dimensions, the origins of which are lost in the mists of time. To stop the Aztecan Empire's march to power and domination of the eastern lands, Tyler West, now a First Mage, must confront and defeat the empire's mysterious patrons - beings of incredible might and magical knowledge. An unavoidable path that leads him right to the Void Lands. Even then, a few detours are required, each dangerous yet crucial. However, to get there, Tyler may have to ask a favor from the Trickster God himself, the Norse deity known as Loki - if he survives being trapped by the sudden wave of attacks from the empire itself, a desperate move to strengthen its position in the wake of a significantly weakened Aztecan pantheon. Still, things are not that simple. Unknown to the freshly minted First Mage, his actions have led to sinister plots being hastened, new conspiracies, and a shift in the balance of power among the pantheons. Not a good way to start a dangerous journey. (A novel of approximately 118,000 words)

Archmage and Other Stories ,2022

The Pilgrims Will Elliott, 2014-03-18 The Pilgrims is no ordinary alternate-world fantasy; with this first volume in The Pendulum Trilogy, Will Elliott's brilliantly subversive imagination twists the conventions of the alternate-world fantasy genre, providing an unforgettable visionary experience. Eric Albright is a twenty-six-year-old journalist living in London. That is to say he would be a journalist if he got off his backside. But this luckless slacker isn't all bad—he has a soft spot for his sometimes friend Stuart Casey, the homeless old drunk who mostly

lives under the railway bridge near his flat. Eric is willing to let his life just drift by...until the day a small red door appears on the graffiti-covered wall of the bridge, and a gang of strange-looking people—Eric's pretty sure one of them is a giant—dash out of the door and rob the nearby newsagent. From that day on Eric and Case haunt the arch, waiting for the door to reappear. When it does, both Eric and Case choose to go through...to the land of Levaal. A place where a mountain-sized dragon with the powers of a god lies sleeping beneath a great white castle. In the castle the sinister Lord Vous rules with an iron fist, and the Project, designed to effect his transformation into an immortal spirit, nears completion. But Vous's growing madness is close to consuming him, together with his fear of an imaginary being named Shadow. And soon Eric may lend substance to that fear. An impossibly vast wall divides Levall, and no one has ever seen what lies beyond. Eric and Casey are called Pilgrims, and may have powers that no one in either world yet understands, and soon the wall may be broken. What will enter from the other side? The Pendulum Trilogy #1 The Pilgrims #2 Shadow #3 World's End At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
