**Juvenescence** Joyce Duenow,2000-12 Ever since Ponce de Leon landed in Florida, Americans have searched for the fountain of youth. What if it was as easy as changing your mind? I changed my mind and had a happier childhood by concentrating on the good events I remembered. Juvenescence is a combination collection of short, short stories from my childhood plus journal space to re-create your own true stories from childhood. My two oldest grandchildren literally pried these stories out of me during sleepovers. The re-creation of events helped this baby-boomer grandmother relive the good old days and apply these lessons to my life today. With the popularity of journaling currently at an all-time high, I created the first combination journal/autobiography. In addition the book features my own 35 mm photographs of my own eight grandchildren. Juvenescence is a tribute to these eight grandchildren and to my own two children who created these special gifts from God. It is also a tribute to the 1950s Minnesota family farm. Produced in rich sepia-toned photography on cream-colored paper stock, the book will recapture the mellowness of the 1950s we babyboomers love to fondly recall. And it will also capture the unconditional love gained when grandchildren enter you life. Truly the best comes last

**Fashioning Sapphism** Laura Doan, 2001-01-03 The highly publicized obscenity trial of Radclyffe Hall's *The Well of Loneliness* (1928) is generally recognized as the crystallizing moment in the construction of a visible modern English lesbian culture, marking a great divide between innocence and deviance, private and public, New Woman and Modern Lesbian. Yet despite unreserved agreement on the importance of this cultural moment, previous studies often reductively distort our reading of the formation of early twentieth-century lesbian identity, either by neglecting to examine in detail the developments leading up to the ban or by framing events in too broad a context against other cultural phenomena. *Fashioning Sapphism* locates the novelist Radclyffe Hall and other prominent lesbians—including the pioneer in women's policing, Mary Allen, the artist Gluck, and the writer Bryher—within English modernity through the multiple sites of law, sexology, fashion, and literary and visual representation, thus tracing the emergence of a modern English lesbian subculture in the first two decades of the twentieth century. Drawing on extensive new archival research, the book interrogates anew a range of myths long accepted without question (and still in circulation) concerning, to cite only a few, the extent of homophobia in the 1920s, the strategic deployment of sexology against sexual minorities, and the rigidity of certain cultural codes to denote lesbianism in public culture.
