La Promotion de la Justice, Des Droits de L'homme Et Du Règlement Des Conflits Par Le Droit International Marcelo Gustavo Kohen,2007 This Liber Amicorum is published at the occasion of Judge Lucius Caflisch's retirement from a distinguished teaching career at the Graduate

Institute of International Studies of Geneva, where he served as Professor of International Law for more than three decades, and where he has also held the position of Director. It was written by his colleagues and friends, from the European Court of Human Rights, from universities all around the world, from the Swiss Foreign Affairs Ministry and many other national and international institutions. The *Liber Amicorum Lucius Caflisch* covers different fields in which Judge Caflisch has excelled in his various capacities, as scholar, representative of Switzerland in international conferences, legal adviser of the Swiss Foreign Affairs Ministry, counsel, registrar, arbitrator and judge. This collective work is divided into three main sections. The first section examines questions concerning human rights and international humanitarian law. The second section is devoted to the international law of spaces, including matters regarding the law of the sea, international waterways, Antarctica, and boundary and territorial issues. The third section addresses issues related to the peaceful settlement of disputes, both generally and with regard to any particular means of settlement. The contributions are in both English and French.

Class Act Anne-Marie Mooney Cotter, 2011 Even today, class discrimination remains an important global legal issue. This book allows readers a better understanding of the issue of class discrimination and inequality, including the role of education in bridging the class systems. The study seeks to increase the likelihood of achieving equality at both the national and international levels for those suffering class discrimination, looking at the primary role of

legislation, which has an impact on the court process. It also discusses the two most important trade agreements of our day - namely the North American Free Trade Agreement and the European Union Treaty - in a historical and compelling analysis of discrimination.

Yearbook of the United Nations 2014 United Nations, 2019-10-28 With its comprehensive coverage of political and security matters, human rights issues, economic and social questions, legal issues, and administrative and budgetary matters, the Yearbook of the United Nations stands as the authoritative reference work on the annual activities and concerns of the Organization. Fully indexed, the Yearbook includes all major General Assembly, Security Council and Economic and Social Council resolutions and decisions, uniquely placing them in a narrative context of United Nations consideration, deliberation and action. This sixty-eighth volume presents the work of the United Nations in dealing with recurring conflicts with severe humanitarian consequences including in the Syrian Arab Republic, where more than 12 million people were in need of basic food, clothing and shelter. The volume also highlights the Organization's rapid response to an escalatory global health emergency—the Ebola virus disease outbreak across West Africa. It documents the Organization's coordination of policy discussions to finalize a global sustainable development agenda, with the security of future generations as the core concern; and its efforts to rebuild societies emerging from conflict while keeping the fragile peace in other places. It further details

the entry into force of the landmark Arms Trade Treaty, the missile downing of a passenger airliner in the midst of a geopolitical crisis in eastern Ukraine, and securing international human rights and humanitarian law and prosecuting abusers.
