The Artist Project Christopher Noey, Thomas P. Campbell, 2017-09-19 Artists have long been stimulated and motivated by the work of those who came before them—sometimes, centuries before them. Interviews with 120 international contemporary artists discussing works from The Metropolitan Museum of Art's collection that spark their imagination shed new light on art-making, museums, and the creative process. Images of works from The Met collection appear alongside images of the contemporary artists' work, allowing readers to discover a rich web of visual connections that spans cultures and millennia.

Digital Artist in the New Century Gloria King Merritt, 2013-12 Explore a broad variety of digital imagery, the most contemporary fine art. Every generation invents a new artistic technique or medium to create new ways to express the concepts, thoughts and feelings of the age. The painter's brush is an extension of her hand, just as the computer is the extension of the creative mind. Gloria King Merritt, Digital Artist

Making Artist Books Today Wulf D. von Lucius, Gunnar A. Kaldewey, 1998

Post-digital Painting Joe Houston, 2002 Published in conjunction with an exhibition organized by Cranbrook Art Museum (December 14, 2002-March 23, 2003) and curated by Joe Houston.

Digital Art Masters, 2010

Art Revolution Lisa Cyr, 2009-06-30 With an unprecedented array of media and digital tools at their disposal, today's artists are faced with unlimited possibilities for creative experimentation. Never before has there been such innovation in the way art can be conceptualized, produced and presented. Art Revolution is on the cutting-edge, exploring how artists are reinterpreting, reinventing and redefining everything from the surfaces on which they work to the way viewers interact with their finished pieces. This book ventures off the beaten path to track the creative directions and signature styles of twenty-one of today's most visionary artists, including Dave McKean, David Mack, Marshall Arisman and Cynthia von Buhler. Brilliantly illustrated with inventive examples of two-dimensional, three-dimensional, digital and new media art, Art Revolution will inspire you to break out of the confines of traditional thinking, push your content to a higher level, and revolutionize your personal approach to art.

Taking AIM! Marysol Nieves, 2011-10-03 Taking Aim! The Business of Being an Artist Today is a practical, affordable resource guide filled with invaluable advice for the emerging artist. The book is specially designed to aid visual artists in furthering their careers through unfiltered information about the business practices and idiosyncrasies of the contemporary art world. It demystifies often daunting and opaque practices through first-hand testimonials, interviews, and commentary from leading artists, curators, gallerists, collectors, critics, art consultants, arts administrators, art fair directors, auction house experts, and other art world luminaries. Published in celebration of the 30th anniversary of Artist in the Marketplace (AIM)—the pioneering career development program at the Bronx Museum of the Arts—Taking AIM! The Business of Being an Artist Today mirrors the structure and topics featured in the AIM program's weekly workshops and discussions. Each chapter focuses on the specific perspective of an “art world insider”—from the artist to the public art program director to the blogger. Multiple viewpoints from a range of art professionals provide emerging artists with candid, uncensored information and tools to help them better understand this complex field and develop strategies for building and sustaining successful careers as professional artists. The book ends with an annotated chronology of the past three decades in the contemporary art field and a bibliography of publications, magazine articles, online sources, funding sources, residency programs, and other useful information for emerging artists.

The Profitable Artist New York Foundation for the Arts, 2018-08-14 The Profitable Artist's chapters address a spectrum of practical topics for working artists. —Artsy.net The Indispensable Roadmap Artists Need to Navigate Their Careers While all art is unique, the challenges artists face are shared regardless of background, experience, and artistic medium. With decades of experience training and helping artists worldwide, the expert staff of the New York Foundation for the Arts—in conjunction with outside professionals—have compiled a “best practices” approach to planning and organizing an art career. In The Profitable Artist, Second Edition, NYFA has identified common problems, examined specialized areas of strategic planning, finance, marketing, law, and fundraising, and distilled these topics in such a way that readers can digest them and apply them to their own experience and

practice. This newly revised edition has made considerable updates to reflect changes in the legal and financial landscapes, the vast shift in the tools and culture of both social media and fundraising, and proven planning methodologies from the startup community. All of this continues to be presented in an accessible manner, which encourages artists to apply the information and techniques in a way that is true to their personal and artistic integrity. This invaluable guide appeals to artists in all disciplines of the literary, media, performing, and visual arts—from recent art school graduates to established artists undertaking new arts businesses to artists seeking more from their careers at any stage.

Where Paint Goes Larry Lewis, 2023-08-12 The story of my life as an artist throughout history: told in a manner that embodies the concept, art reflects life and life reflects art. I've chosen a subtitle for the book: The interplay between my artistic journey and the impact of life on my creativity. With fifty years of experience in the creative realm, I've worn many hats – from being a fine artist, painter, and sculptor to working as an illustrator, designer, and graphic artist. Additionally, my roles have extended to encompass conceptual promotional design, art direction, creative leadership, teaching undergraduate advertising arts, overseeing a private post-secondary college, mentoring, and much more. The approach taken in this book is akin to a friendly conversation, making my experiences relatable and engaging to readers.

Artist/author Cornelia Lauf, Clive Phillpot, Weatherspoon Art Gallery, 1998 from fanzines to books of visual poetry, sketchbooks to illustrated books, commercial fashion catalogs to photo albums. Defined loosely as a book done by an artist, which is itself a work of art, an artist's book is an idea that goes back to the time of illuminated manuscripts. Departing from that tradition however, which ended with the development in the 19th century of the livre de luxe, artists since the 1960's have attempted radical approaches to the book as autonomous art form. Spurred on in recent times by the advent of desktop publishing, this phenomena has continued to grow. This book features numerous examples, as well as informative text, and is sure to delight both bibliophiles and art lovers alike.

Demystifying the Artist Elinor Trier, 2018-05-25 The word 'artist' has many connotations - most of them unhelpful to the scores of people who are driven to create and make art every day. Artists (and their lifestyles) are shrouded in mystery and thought of as 'cool', 'different', or 'elite'. As if artists belonged to some special club that mere mortals are not allowed to join. But the simple truth is this: if you make art, then you are an artist. That's all there is to it. Curious about how difficult it is for artists to claim the title of 'Artist', Elinor Trier invited 27 working artists to share their thoughts and feelings about the word, and how they were finally able to claim it for themselves. The contributors include illustrator Jennifer Orkin Lewis (Augustwren), co-founder of Sketchbook Skool Koosje Koene, and multidisciplinary artist Claire Brewster.

Volume 10 Friend of the Artist, 2019-09-27 Artists from all over the world are cranking out amazing work. Surprisingly, their work is seen by few and, for the most part, remains in the artist's studio, gets a few likes on social media, and might hang in a gallery or two. Printed in the bounds of a hardcover art book, Friend of the Artist exposes these artists work to a diverse audience. In Volume 10, we feature the top emerging artists from around the world who work in a variety of mediums, including painting, photography, performance, installation, and sculpture. These artists were hand-selected by a jury panel consisting of Tim Ralston, Diana Cerezino, Michael Dewberry, Thomas Flynn, and Ty Bishop. To give more context behind the artist's works, we feature five interviewed, including the cover artists, Susanne Wurlitzer.

Artists' Books Joan Lyons, 1985 In addition to providing a much-needed resource for artists, teachers, and collectors, this book will form a bridge between book artists and their audience by providing ready access to information about a much discussed but little known art form.--Book jacket flap.

The Artist-gallery Partnership Tad Crawford,Susan Mellon,2008 The definitive guide for those who create and those who sell art is back, now in a newly revised and updated third edition.

Portrait of an Artist Kj Shows,2018-11-19 Portrait of an Artist is an ongoing series that I started in 2008. It's a collection of correspondence between artists and the documentation of the personal everyday wear of life of these artists through the painting of their personal shoes. Treating these shoes as a representational portrait of each artist and documenting the imprint of the shoes by the wearer.
