The Maze Brad Hough,2017-05-03 The Maze is a first-person perspective labyrinth in the form of a written book. Each page of the book represents a single room inside a complex set of interlocked rooms. As the reader, you can choose which door in a room to exit. But be careful! The descriptions of the rooms and their exits are described from the direction you are facing. With each choice that is made, you may wind deeper into the maze or if skilled

enough, edge closer to the exit! The Maze is also a fantastic resource for storytellers and game masters. The rooms have very little detail which make it easy to overlay it with elaborate descriptions. What sets this book apart is that it provides a relative perspective from the viewpoint of the adventurer as they wonder through a series of rooms while trapped in The Maze. It's like playing a video game in form of a book! In addition to this book being read as a stand-alone puzzle, it can also be used to: -Provide a backdrop for a role playing game. - Provide a puzzle for part of a larger quest. -Used as a cooperative or competitive party game. -Add excitement to a bedtime story. -And many more Use your own imagination and you will quickly see that The Maze has endless possibilities. Let your adventure begin!
