The fast, beautiful sports cars that Aston Martin built under Brown's ownership won the Le Mans 24-hour race and the World Sports Car Championship, and provided James Bond with his most famous transport: the ejector-seat equipped DB5 that won acclaim in *Goldfinger*. Though the DB era ended when Brown sold the company in 1972, its influence continued to be felt. Meanwhile, Aston Martin has celebrated a milestone birthday. In the century since it was founded by Robert Bamford and Lionel Martin on January 13, 1913, the house has created a portfolio that ranges from the Le Mans-winning DB2 to 2013's Vanquish. This book captures Aston Martin's elegant luxury cars in photographic form.

Aston Martin Colin Pitt, 2016-06-30 This book looks at both generations of the Aston Martin Vanquish as well as the car that appeared in the James Bond movie *Die Another Day*.

Aston Martin DB9 and Vanquish James Taylor, 2024-03-15 Aston Martin broke new ground with the Vanquish at the start of the 21st century, having previewed the model with a fully driveable prototype called Project Vantage at the Detroit Show in 1998. The Vanquish became the company's new flagship model, with a sleek and readily recognisable shape penned by Ian Callum that would later be further developed for the slightly less expensive (but no less exotic) DB9. The importance of these two models to Aston Martin went far beyond publicity and the company image. For the Vanquish, a completely new and highly advanced body structure had been created, and this was further developed for the DB9 as the VH platform. Deliberately designed to provide flexibility and underpin further new models, this went on to become the basis of every new Aston Martin in the early years of the century. This book tells the complete story of the DB9 and Vanquish, the models that established a new and successful era for the company that made them.
