Talks on At the Feet of the Master Charles Webster Leadbeater,1923

The Masters and the Path Charles Webster Leadbeater,2007-04-01 One of the fundamental theosophic beliefs is that there exists a collection of true knowledge that is the foundation of all world religions. In pursuit of this truth and the perfection of mankind, humans are constantly reborn, evolving toward their highest state. In this book, originally published in 1925, Charles Leadbeater discusses the existence of Masters, or men who have reached the highest state of human consciousness, and how they can be identified. He further explains to the reader how they may make their own way on the path toward perfection. Anyone interested in religious studies will be interested in this classic example of theosophical philosophy.English clergyman turned spiritualist CHARLES WEBSTER LEADBEATER (1854-1934) was ordained as an Anglican priest, but later joined the prominent Theosophical Society and traveled to India to study alternative spiritual and occult practices, eventually settling into his life as a clairvoyant and author. His other works include Man Visible and Invisible and The Science of the Sacrament.

As he kisses his family goodbye in the dark of night, Prince Siddhartha is stopped by a soft but startling voice that beseeches him not to leave. As Siddhartha discovers the unexpected source of this voice, the answers to his questions are given to him one by one, leading to the four Supreme truths: - There is happiness. - There is a cause for happiness. - There is a path to attain eternal happiness. - The state of eternal happiness exists within. Join Prince Siddhartha in his unique journey of becoming not just the king of the world but also attaining the kingdom of God. Read the new story of Prince Siddhartha, a tale with a twist, where secrets of eternal life and the fallacy of death are revealed... by his Master.

Seven Secrets of Time Travel Von Braschler,2012-02-22 How to break free from the physical world and travel via the energy body • Examines the seven secrets of time from the viewpoint of mystics and scientists, including Helena Blavatsky, C. W. Leadbeater, and Albert Einstein • Explains how transcending the physical body offers new hope for the treatment of illness, emotional problems, and addictions • Offers step-by-step instructions and exercises to develop your time travel abilities via the energy body Time remains the most misunderstood and mystical dimension of our experience of life. We never seem to have enough time, yet often it seems to drag by too slowly. Enthralled with the possibility of time travel and time machines, we long for the future or regret our past and wish for a way to break out of the linear progression of time. Behind all of this time fascination and obsession is the human urge to manage our destiny and feel in control of our world. Yet the secret to escaping temporal bondage is inside each of us, a soul-given power to visit the past or future and travel through the present at the speed of light. Exploring the 7 secrets of time, Von Braschler reveals how to break free from the physical world and travel through time and space via the energy body. He examines time, timelessness, and time travel from the viewpoint of mystics, shamanic dreamwalkers, and scientists, including Helena Blavatsky, C. W. Leadbeater, Albert Einstein, and Julian Barbour, as well as Hindu spiritual science. Explaining how transcending the physical body offers new hope for the treatment of illness, emotional problems, and addictions, he offers step-by-step instructions and active, out-of-body exercises to develop your time travel abilities and explore the world of energy and spirit. Emphasizing the spiritual wholeness that comes from energy body work, he shows that by visiting the past and the future we can more fully live in the now.

Astral Plane Revisited The Mentors,Master Khul,2017-09-30 Master Djwhal Khul, a.k.a. the Tibetan Master, not only explains how lightworkers of today can successfully leverage the astral plane, he explains why he introduced the astral plane and mediums with many warnings some 90+ years ago. He describes how Masters today use the astral plane to their advantage as they guide and teach. The Cosmic Mentors show why the astral plane as humanity has used it simply does not exist beyond Earth - and what replaces it.

The Psychology of Spirit Mary Devlin,2000-12 A book on the psychology of the soul, blending modern transpersonal psychology, ancient myth, and years of experience with past-life regression. The Psychology of Spirit presents the results of over 20 years of study of esoteric philosophy, psychology, world mythology and religions, reincarnation and past-life regression - all coming together in a new psychological paradigm for the purpose of clearing the soul rather than the personality of ancient trauma and enabling the transition to enlightenment.

The Making of a Yoga Master Suhus Tambe,2012-07-23 When Suhus Tambe was initiated into the study and life of a yogi through his Indian spiritual master, the Yoga Sutras of Patanjali—an age-old system of guidance—were integral to his training. Tambe is now a scholar and longterm practitioner of this esoteric wisdom. He is also the first Westerner to reveal the hidden sequence of these sutras, which he received from his teacher. From the time of Patanjali onward (~300 BCE), the scrambling of the sequence of sutras was a respected tradition. Such deliberate confusion was done with a view to preserving the sanctity of these precious teachings. Since interpretation of any sutra must bear reference to and consistency with the previous and the following sutra, proper sequence becomes a critical factor, fundamental to the use of this time-honored scripture. The key to the real sequence of Yoga-Sāstra was handed down verbally by the guru only to the eligible disciple. The Making of a Yoga Master reveals this original sequence, which has been hidden for so long. Far more than an instruction manual, this book is also about one seeker's progression. The author, who began his search entrenched in materialism (he was an accountant with an MBA working in IT), was “transformed” into a devoted Yoga practitioner. This path thoroughly changed his life's priorities, evolved his purpose and dissolved old habits in a way that will be inspiring to many. “Yoga not just entered my life,” he writes, “but now, it is my life.” The clear and sequential stages of transformation through yoga are documented here as perhaps nowhere else in contemporary literature. This new sequence unfolds a practical road-map for knowing and practicing the elevation of the seeker's awareness—from the physical to more subtle and refined levels—and designates observable milestones to

determine one’s progress on the path. The Making of a Yoga Master marries the philosophy of Yoga with clear “how-to” instructions.

Commentaries on the Law of Master and Servant Charles Bagot Labatt,1913

Walking with the Master Elizabeth Clare Prophet,2002 Two thousand years ago Jesus called a small band of disciples to leave their nets and follow him. He gave them a teaching and a path of initiation, only fragments of which are found in the New Testament. This path is as real and vital today as it was in Jesus' time. And now, at the turning of an age, the ascended master Jesus calls those who would be his disciples to take up that path, to walk and work with him again. Twenty-eight steps on that path are presented here, with commentary and explanation by Elizabeth Clare Prophet and the staff of Summit University. The goal is to find and externalize the Christ within. The means is a practical path of initiation for the modern world.
