**An Encyclopedia of Philosophy** G.H.R. Parkinson,2012-10-12 \* Presents a broad survey of philosophical thought \* Each chapter explores, and places in context, a major area of philosophical enquiry - including the theory of meaning and of truth, the theory of knowledge, the philosophies of mathematics, science and metaphysics, the philosophy of mind, moral and political philosophy, aesthetics, and religion \* Annotated bibliographies for each chapter and indexes of names and subjects \* Glossary of commonly-used philosophical terms \* Chronological table of the history of philosophy from 1600 `It is a fine achievement and deserves the warmest praise ... Anyone interested in learning what contemporary philosophical debate is about will find this book invaluable ... for a book of this size and quality of content the cover price is modest. Every public library as well as every university, college and school library should have a copy on its shelves.' - Times Higher Education Supplement `A stimulating collection.' - Reference Reviews

*Proceedings of the 11th International Mine Ventilation Congress* Xintan Chang,2018-08-03 The proceedings of the 11th International Mine Ventilation Congress (11th IMVC), is focused on mine ventilation, health and safety and Earth science. The IMVC has become the most influential international mine ventilation event in the world, and has long been a popular forum for ventilation researchers, practitioners, academics, equipment manufacturers and suppliers, consultants and government officials around the globe to explore research results, exchange best practices, and to launch new products for a better and safer industry. It also serves as a useful platform to attract and train future ventilation professionals and mine planning engineers, as well as for mining companies to discover better practices to provide better ventilation planning.
