Elements of Islamic Studies Sayyid Saeed Akhtar Rizvi, A greatly beneficial text book for students of all ages who wish to learn or review the basic fundamentals of Islamic studies. This booklet is based mostly on the lessons of Maulana Sayyid Sa'eed Akhtar Rizvi, though at the time of editing he has added some lessons from the 'Book of Salat' (Majlis-ul-Muslimeen, Karachi), and 'Diniyat' (Rah al-Najat Office, Karachi), with necessary adaptations. This edition has been completely revised (according to the Fatwa of Agha Syed Abu'l Qasim al-Khu'i, Dama Dhilluhul-Aali, Najaf, Iraq). Also, many subjects have been added because of the popular demand. For example, details of Ghusls, prayers of Ayaat, Jumu'ah, 'Eidain, Mayyit and Jama'at. Simply a must read for those that are unable to attend Hawza (Islamic University) yet wish to learn at least the basics of religion by means of authentic texts as compiled in this booklet

The Road To Mecca Muhammad Asad,1954 Part travelogue, part autobiography, The Road to Mecca is the compelling story of a Western journalist and adventurer who converted to Islam in the early twentieth century. A spiritual and literary counterpart of Wilfred Thesiger and a contemporary of T. E. Lawrence (Lawrence of Arabia), Muhammad Asad journeyed around the Middle East, Afghanistan and India. This is an account of Asad's adventures in Arabia, his inner awakening, and his relationships with nomads and royalty alike, set in the wake of the First World War. It can be read on many levels: as a eulogy to a lost world, and as the poignant account of a man's search for meaning. It is also a love story, defying convention and steeped in loss. With its evocative descriptions and profound insights on the Islamic world, The Road to Mecca is a work of immense value today.

A Lexicon of South African Indian English Rajend Mesthrie,1992 A scholarly and entertaining study of words, phrases and idioms which reflects the diverse social and linguistic currents within which the Indian South African community has developed. It focuses on the effects of language contact in borrowings, grammatical interference and semantic shifts as speakers of Indic languages came into contact with speakers of English, Afrikaans, Fanagalo and African languages. It focuses on the Indic lexical items which are common to all speakers, irrespective of whether their ancestral language was Tamil or Bhojpuri; on the lexical items restricted to particular subgroups depending on their ancestral language. It further annotates the idiomatic and slang phrases found principally amongst speakers of SAIE and identifies the specific grammatical and phonological features which characterise this variety of English. Mesthrie's work shows clearly both the distinctiveness of SAIE and its South Africanness. This lexicon provides an invaluable source of comparison with Indian English, the Creoles of the Caribbean, and with the linguistic experience of other overseas South Asian communities. Mesthrie's *A Lexicon of South African Indian English*, described by the author as a supplement (and also complement) to the 1980 edition of *A Dictionary of South African English* (ed. Jean Branford) is a valuable and interesting endeavour in its own right. It is a valid contribution to the study of language and should appeal to students of linguistics, sociologists, anthropologists and cultural historians. The Lexicon also adds to the growing body of works on the contributions of the Indian South Africans. Rambhajan Sitaram, Lexicos Rajend Mesthrie was born in Durban, South Africa. He wrote his doctorate on the transformation of Bhojpuri in South Africa. He currently teaches linguistics at the University of Cape Town.

The Life of Mahomet Sir William Muir,1878

Principles of Upbringing Children Ayatullah Ibrahim Amini,2017-05-24 This book is one of the many Islamic publications distributed by Mustafa Organization throughout the world in different languages with the aim of conveying the message of Islam to the people of the world. Mustafa Organization is a registered Organization that operates and is sustained through collaborative efforts of volunteers in many countries around the world, and it welcomes your involvement and support. Its objectives are numerous, yet its main goal is to spread the truth about the Islamic faith in general and the Shi'a School of Thought in particular due to the latter being misrepresented, misunderstood and its tenets often assaulted by many ignorant folks, Muslims and non-Muslims. Organization's purpose is to facilitate the dissemination of knowledge through a global medium, the Internet, to locations where such resources are not commonly or easily accessible or are resented, resisted and fought!

The Life of Muhammad Muhammad Husayn Haykal, 1976 In *THE LIFE OF MUHAMMAD*, Haykal achieves two objectives admirably: first, a biography which reveals the career of Prophet Muhammad (peace be upon him) in the full light of historic reality; second, bringing out the essence of Islam, as exemplified in the life of the greatest Muslim. It includes complete coverage of the Prophet's life, a detailed analysis of pre-Islamic Arabia, the situational context of revelation, and a comparative study of the basics of Islamic and western civilizations. It is based upon a scholarly examination of all of the extant Sirah and Hadith literature (the Prophet's life, his sayings and narrations of his teachings by his contemporaries) with the eye of an objective, scientific and critical scholar who is well-versed in modern historical critical methodology. *THE LIFE OF MUHAMMAD* is an essential book for all English-speaking Muslims, as well as non-Muslims. This English version has been approved by the Supreme Council for Islamic Affairs, Cairo.

Magia Naturalis Et Innaturalis Johannes Faust, 2019-07-17 The *Magia Naturalis et Innaturalis* was a popular grimoire in 18th Century Germany centering around the legend of Doctor Faust, to whom it was pseudo-epigraphically attributed. It contains a great array of magical practices centering around his mythical exploits aided by the spirit Mephistopheles. It remains relevant today as the foremost exemplar stemming from the Faustian Magical Literature and will prove indispensable for the scholars of Western Esotericism for its great array of magical practices dealing with topics like demonology, necromancy, the *Liber Spirituum* and divination as well as to the students of Goethe's sources for his magnum opus *Faust*. This critical edition, amply researched, provides historical and literary context through its introduction and commentary to students and scholars of magic and Faustian literature.
