The Whalestoe Letters Mark Z. Danielewski,2000-10-10 Between 1982 and 1989, Pelafina H. Lièvre sent her son, Johnny Truant, a series of letters from The Three Attic Whalestoe Institute, a psychiatric facility in Ohio where she spent the final years of her life. Beautiful, heartfelt, and tragic, this correspondence reveals the powerful and deeply moving relationship between a brilliant though mentally ill mother and the precocious, gifted young son she never ceases to love. Originally contained within the monumental House of Leaves, this collection stands alone as a stunning portrait of mother and child. It is presented here along with a foreword by Walden D. Wyhrta and eleven previously unavailable letters.

The Dragon and the Dazzle Marco Pellitteri,Jean-Marie Bouissou,Gianluca Di Fratta,Cristiano Martorella,Bounthavy Suvilay,2010 In the worldwide circulation of the products of cultural industries, an important role is played by Japanese popular culture in European contexts. Marco Pellitteri shows that the contact between Japanese pop culture and European youth publics occurred during two phases. By use of metaphor, the author calls them the Dragon and the Dazzle. The first took place between 1975 and 1995, the second from 1996 to today. They can be distinguished by the modalities of circulation and consumption/re-elaboration of Japanese themes and products in the most receptive countries: Italy, France, Spain, Germany and, across the ocean, the United States. During these two phases, several themes have been perceived, in Europe, as rising from Japan's social and mediatic systems. Among them, this book examines the most apparent from a European point of view: the author names them machine, infant, and mutation, visible mostly through manga, anime, videogames, and toys. Together with France, Italy is the European country that in this respect has had the most central role. There, Japanese imagination has been acknowledged not only by young people, but also by politicians, television programmers, the general public, educators, comics and cartoons authors. The growing influence of Japanese pop culture, connected to the appreciation of its manga, anime, toys, and videogames, also urges political and mediologic questions linked to the identity/ies of Japan as they are understood--wrongly or rightly--in Europe and the West, and to the increasingly important role of Japan in international relations.--Back cover

Nuklear Age Brian Clevinger,2004-09 This is just another one of those stories with killer robots, a giant monster from beyond time, evil toys, a mind control plot, sub-orbital death beams, kidnappers, bad movies, superpowered thugs, kidnapping, a megalomaniacal usurper, a maniacal genius hellbent on world domination, and an apocalypse. Not all at once, though. I mean, really, could you imagine coordinating the fight scene? Or reading it? You'd have to take notes just to keep track of who hit what and why.
