Children and Violence E. Helander,2008-09-02 This book provides a disturbing account of the reality of child abuse. Based on data from 152 countries, Einar Helander considers the physical, societal, economic and judicial consequences of child abuse, proposing a universal, community-based prevention programme.

*Overthrow* Stephen Kinzer,2007-02-06 An award-winning author tells the stories of the audacious American politicians, military commanders, and business executives who took it upon themselves to depose monarchs, presidents, and prime ministers of other countries with disastrous long-term consequences.

*Harrod's Librarians' Glossary and Reference Book* Ray Prytherch,2016-04-15 Listing over 10,000 entries, Harrod's Librarians' Glossary and Reference Book spans everything from traditional printing terms to search engines and from book formats to URLs. Revisions for this tenth edition have centred in particular on the Information Society and its ramifications, on the general shift towards electronic resources, and on e-commerce, e-learning and e-government, whilst at the same time maintaining key areas predating the IT revolution. Web terminology, URLs and IT terms have been checked and updated, and coverage of terms relating to digitization and digital resources, portals, multimedia and electronic products has been revised or expanded as necessary. Harrod's Glossary now includes Knowledge Management terms, and this edition has also focused on developments in the field of intellectual property, copyright, patents, privacy and piracy. It gives wide international coverage of names, addresses and URLs of major libraries and other important organizations in the information sector, of professional associations, fellowships, networks, government bodies, projects and programmes, consortia and institutions, influential reports and other key publications. Entries are included on classification and file coding, on records management and archiving and on both the latest and the most enduring aspects of library and information skills. Even with the Web at your fingertips Harrod's Librarians' Glossary and Reference Book remains a quicker reference for explaining specialist terms, jargon and acronyms, and for finding the URLs you need, whether you are working in a print-based or digital library, in archiving, records management, conservation, bookselling or publishing.

*Ecotourism and Cultural Production* V. Davidov,2013-11-19 Ecotourism is a unique facet of globalization, promising the possibility of reconciling the juggernaut of development with ecological/cultural conservation. Davidov offers a comparative analysis of the issue using a case study of indigenous Kichwa people of Ecuador and their interactions with globalization and transnational systems.

**Civilian Jihad** M. Stephan,2009-12-07 This book examines the role of nonviolent civil resistance in challenging tyranny and promoting democratic-self rule in the greater Middle East using case studies and analyses of how religion, youth, women, technology and external actors have influenced the outcome of civil resistance in the region.

*What Would the Great Economists Do?* Linda Yueh,2018-06-05 An exploration of the life and work of world-changing thinkers--from Adam Smith to John Maynard Keynes--and how their ideas would solve the great economic problems we face today--Amazon.com.

**BIM Handbook** Rafael Sacks,Chuck Eastman,Ghang Lee,Paul Teicholz,2018-07-03 Discover BIM: A better way to build better buildings Building Information Modeling (BIM) offers a novel approach to design, construction, and facility management in which a digital representation of the building product and process is used to facilitate the exchange and interoperability of information in digital format. BIM is beginning to change the way buildings look, the way they function, and the ways in which they are designed and built. The BIM Handbook, Third Edition provides an in-depth understanding of BIM technologies, the business and organizational issues associated with its implementation, and the profound advantages that effective use of BIM can provide to all members of a project team. Updates to this edition include: Information on the ways in which professionals should use BIM to gain maximum value New topics such as collaborative working, national and major construction clients, BIM standards and guides A discussion on how various professional roles have expanded through the widespread use and the new avenues of BIM practices and services A wealth of new case studies that clearly illustrate exactly how BIM is applied in a wide variety of conditions Painting a colorful and thorough picture of the state of the art in building information modeling, the BIM Handbook, Third Edition guides readers to successful implementations, helping them to avoid needless frustration and costs and take full advantage of this paradigm-shifting approach to construct better buildings that consume fewer materials and require less time, labor, and capital resources.

**Book of Abstracts of the 60th Annual Meeting of the European Association for Animal Production** Scientific Committee,2009 This Book of Abstracts is the main publication of the 60th Annual Meeting of the European Association for Animal Production (EAAP) held in Barcelona, Spain, on August 24-27 2009. It contains abstracts of the invited papers and contributed presentations. The meeting addressed subjects relating to science and innovation. Also, important problems were discussed during the sessions of EAAP's nine Commissions: Animal Genetics, Animal Nutrition, Animal Management and Health, Animal Physiology, Cattle Production, Sheep and Goat Production, Pig Production, Horse Production and Livestock Farming Systems. In addition joint sessions on topics interesting several disciplines and species were included in the programme.

Lost Libraries J. Raven,2004-01-31 This pioneering volume of essays explores the destruction of great libraries since ancient times and examines the intellectual, political and cultural consequences of loss. Fourteen original contributions, introduced by a major re-evaluative history of lost libraries, offer the first ever comparative discussion of the greatest catastrophes in book history from Mesopotamia and Alexandria to the dispersal of monastic and monarchical book collections, the Nazi destruction of Jewish libraries, and the recent horrifying pillage and burning of books in Tibet, Bosnia and Iraq.

**The Courage of Truth** Michel Foucault,2012-05-08 The Courage of the Truth is the last course that Michel Foucault delivered in a series of lectures from 1970 to 1984 at the Collège de France. Here, Foucault continues the theme of the previous year's lectures in exploring the notion of truth-telling in politics to establish a number of ethically irreducible conditions based on courage and conviction. His death, on June 25th, 1984, tempts us to detect the philosophical testament in these lectures, especially in view of the prominence they give to the themes of life and death.

**Small Places, Large Issues** Thomas Hylland Eriksen,2015 This concise introduction to social and cultural anthropology has become a modern classic, introducing countless students to the field and the tools it offers for exploring some of the most complicated questions of human life and interaction. This fourth edition is fully updated, incorporating recent debates and controversies in the field, ranging from globalization and migration research to problems of cultural translation and the challenges of interdisciplinarity. Effortlessly bridging the gap between classic and contemporary anthropology, Small Places, Large Issues remains an essential text for undergraduates embarking on the study of this field.

**Education and Gendered Citizenship in Pakistan** M. Naseem,2010-12-14 This book challenges the uncritical use of the long held dictum of the development discourse that education empowers women. Situated in the post-structuralist feminist position it argues that in its current state the educational discourse in Pakistan actually disempowers women.

*Pathology of Asbestos-Associated Diseases* Victor L. Roggli,Tim D. Oury,Thomas A. Sporn,2006-04-29 Pathology of Asbestos-Associated Diseases integrates the newest

research and advances in its discussion of asbestos-induced diseases. Organized in 13 chapters, the book begins with background information on the mineralogy of asbestos, occupation and environmental exposure to asbestos, and asbestosis. A detailed discussion on mesothelioma includes a historical background, addresses etiologic considerations and epidemiology, pathologic features, differential diagnosis and treatment and prognosis. Guidelines for assessing and identifying asbestos-associated carcinomas of the lung, including histopathology and differential diagnosis, are discussed. The text also addresses the explosion of research in the area of molecular biology and the abundance of information bearing on the mechanisms by which asbestos causes disease. Chapters also cover cytopathology and experimental models of asbestos-related diseases. The diseases associated with asbestos have significant medico-legal implications, and there are two chapters dedicated to addressing the issue. More than 190 illustrations complement the text. An invaluable reference for the pathologist, pulmonologist, radiologist, and occupational medical practitioner interested in asbestos-related disease as well as malpractice attorneys needing an understanding of asbestos, the diseases it induces, prognosis and clinical implications.

**Waste Management for the Food Industries** Ioannis S. Arvanitoyannis,2010-07-28 The continuously increasing human population, has resulted in a huge demand for processed and packaged foods. As a result of this demand, large amounts of water, air, electricity and fuel are consumed on a daily basis for food processing, transportation and preservation purposes. Although not one of the most heavily polluting, the food industry does contribute to the increase in volume of waste produced as well as to the energy expended to do so. For the first time, nine separate food industry categories are thoroughly investigated in Waste Management for the Food Industries in an effort to help combat this already acute problem. The current state of environmental management systems is described, offering comparisons of global legislation rarely found in other resources. An extensive review of commercial equipment, including advantages and disadvantages per employed waste management technique, offers a unique perspective for any academic, student, professional, and/or consultant in the food, agriculture and environmental industries. Thoroughly examines the most prevalent and most polluting industries such as Meat, Fish, Dairy, Olive Oil, Juice and Wine industries Includes synoptical tables [methods employed, physicochemical or microbiological parameters altered after treatment etc] and comparative figures of the effectiveness of various waste management methods Contains nearly 2500 of the most up-to-date references available

**Marketing Identities Through Language** E. Martin,2005-11-30 Elizabeth Martin explores the impact of globalization on the language of French advertising, showing that English and global imagery play an important role in tailoring global campaigns to the French market, with media companies undeterred by the attempts through legislation to curb language mixing in the media.

**Capital and the Debt Trap** Claudia Sanchez Bajo,Bruno Roelants,2011-08-30 The financial crisis is destroying wealth but is also a remarkable opportunity to uncover the ways by which debt can be used to regulate the economic system. This book uses four case studies of cooperatives to give an in-depth analysis on how they have braved the crisis and continued to generate wealth.

**The Political Economy of Ottoman Public Debt** Murat Birdal,2010-07-04 In the midst of political decline and burgeoning financial problems in the late nineteenth century, the Ottoman Empire became embroiled in a borrowing frenzy, which eventually resulted in the financial collapse of the empire. Under political pressure and with the growing need for external funds, the Ottoman court compromised its fiscal sovereignty by ceding the most liquid revenue sources to a financial administration controlled by European creditors. In this book, Murat Birdal sheds light on the handling of the external debt crisis, one of the most controversial periods of Ottoman economic history. Based on extensive archival research foreign archives, he explores the pivotal role of the Ottoman Public Debt Administration (OPDA) in the peripheralization of the Ottoman economy. This book will be invaluable to scholars of Ottoman, Middle East and economic history.

**Understanding Political Ideas and Movements** Kevin Harrison,Tony Boyd,2003-12-05 Underpinned by the work of major thinkers such as Marx, Locke, Weber, Hobbes and Foucault, the first half of the book looks at political concepts including: the state and sovereignty; the nation; democracy; representation and legitimacy; freedom; equality and rights; obligation; and citizenship. There is also a specific chapter which addresses the role of ideology in the shaping of politics and society. The second half of the book addresses traditional theoretical subjects such as socialism, Marxism and nationalism, before moving on to more contemporary movements such as environmentalism, ecologism and feminism.
