Producing and Directing the Short Film and Video Peter W. Rea, David K. Irving, 2015-03-24 Producing and Directing the Short Film and Video, Fifth Edition is the definitive book on the subject for the serious film student or beginning filmmaker. Its unique two-fold approach looks at filmmaking from the perspectives of both the producer and director, and clearly explains how their separate roles must work together to create a successful short film or video. Through extensive examples from award-winning shorts and insightful interviews, you will learn about common challenges the filmmakers encountered during each step of filmmaking process—from preproduction to production, postproduction, and distribution—and the techniques they used to overcome them. In celebrating this book's twentieth anniversary, this edition has been updated to include: Two all-new, in-depth cases studies of esteemed short films—Memory Lane and the Academy Award-winning God of Love A revised chapter progression that reinforces the significance of the actor - director relationship Interviews with the filmmakers integrated alongside the text, as well as new images and behind-the-scenes coverage of production processes Revamped sections on current financing strategies, postproduction workflows, and the wide variety of distribution platforms now available to filmmakers A Where are They Now appendix featuring updates on the original filmmakers covered in the first edition An expanded companion website (www.focalpress.com/cw/rea) containing useful forms and information on distributors, grants and financing sources, film and video festivals, film schools, internet sources for short works, and professional associations

Final Cut Pro HD For Dummies Helmut Kobler, 2004-09-24 Edit video like a pro! "Save it in the edit" is a common saying among film professionals. Editing makes the difference between boring vacation movies and exciting travelogues...between the whole dull news conference and the highlights on the evening news. Whether you're a budding Spielberg, a proud parent who wants two-year-old Junior's every feat documented for posterity, or a band that wants your music video to rock, Final Cut Pro HD For Dummies tells you what you need to know to edit regular digital or high definition video like a pro. It covers the basics of capturing, importing, and editing digital videos, with detailed how-to for: Organizing your media Navigating the audio and video Timeline tracks and selecting clips and frames on the Timelines Getting fancier with split, roll, ripple, slip, and slide edits Working with audio, including mixing, editing out scratches and pops, and using filters to create effects Using Soundtrack to compose a musical score, even if you don't know the difference between horns and strings Apply transitions such as 3D simulation, dissolve, iris, stretch and squeeze, and more Adding text for captions, opening titles, and closing credits Color-correcting video Compositing, rendering, and outputting your final product to tape, CD, DVD, or the Web Three bonus chapters online go into more depth about rendering, customizing the interface, and managing media so you can refine your skills even further. Final Cut Pro HD For Dummies was written by Helmut Kobler, a Los Angeles-based filmmaker, owner of K2Films, and a frequent contributor to Macaddict Magazine. Having this book next to your editing equipment is the next best thing to having him sit next to you and guide you through the editing process.

The Power Filmmaking Kit Jason Tomaric, 2013-04-26 Think big, spend little! Everything you need to make your movie is in this complete resource kit. The Power Filmmaking Kit is a comprehensive, multimedia book and DVD package that empowers you to produce your own Hollywood-quality movie. Emmy-award winning director Jason Tomaric produced an independent film using only local resources for under \$2,000 that not only got picked up for distribution, but is also used as a case study in top film schools. This book shows you how to do the same, regardless of your budget or location. You'll learn how to achieve professional quality on a microbudget, using the resources you have at hand. The book includes: * Coverage of the entire filmmaking process. It's all here, from writing, directing, and cinematography, to acting, editing, and distribution. * Step-by-step instructions, tips, diagrams, charts, and illustrations for how you can make a Hollywood-caliber movie on a next-to-nothing budget with little upfront money and access only to local resources. The DVD includes: * Time and Again, the profitable, award-winning, internationally distributed independent film made for under \$2,000 * One hour of video tutorials unveiling how the movie was

made...interviews and behind-the-scenes case studies on directing, production, and editing * Complete rough footage from a scene for editing practice * Forms, contracts, and more resources *The Producer's Notebook includes scripts, storyboards, schedules, call sheets, contracts, letters from the producer, camera logs and press kits from Time and Again. See how the production was scheduled and organized, read the script, follow the storyboards and watch the production unfold from beginning to end. * Blank contracts and forms that you can print out to use on your own film

Final Cut Pro Workflows Jason Osder, Robbie Carman, 2012-08-21 Today's digital production tools empower the small team to produce multimedia projects that formerly required large teams. Orchestrating a production requires more than proficiency with the postproduction tools. *Final Cut Pro Workflows: The Independent Studio Handbook* offers a cookbook of postproduction workflows that teams can follow to deliver an array of products to their clients. It describes appropriate postproduction workflows, team roles and responsibilities, and required equipment for some of the most common media productions. Combining the wisdom of traditional roles and responsibilities with an understanding of how FCP facilitates a new flexibility where these roles/responsibilities can be redistributed, this book sheds light on workflow processes and responsibilities, and includes 7 real-world workflows from a diverse range of projects: * Money-Saving Digital Video Archive * Long-Form Documentary with Mixed Sources * Web-Based Viewing and Ordering System * 30-Second Spot for Broadcast * Multi-Part TV Series with Multiple Editors * DVD Educational Supplement * Music Video with Multi-Cam Editing and Multiple Outputs The book also provides access to a companion website that features additional electronic chapters focusing on Final Cut Server, Apple's powerful new media asset management and workflow automation software. Written with a unique iconography to better convey key points and applicable to all levels of FCP users, *Final Cut Pro Workflows: The Independent Studio Handbook* is a vital reference tool for every postproduction house.

Fast and Effective Embedded Systems Design Rob Toulson, Tim Wilmshurst, 2016-10-08 *Fast and Effective Embedded Systems Design* is a fast-moving introduction to embedded systems design, applying the innovative ARM mbed and its web-based development environment. Each chapter introduces a major topic in embedded systems, and proceeds as a series of practical experiments, adopting a learning through doing strategy. Minimal background knowledge is needed to start. C/C++ programming is applied, with a step-by-step approach which allows you to get coding

Editing with Final Cut Pro 4 Charles Roberts, 2012-11-12 Whether you've mastered the basics of Final Cut Pro and want to take your skills to the next level, or if you're a video editor new to Final Cut Pro and looking to put your own system together, this book is for you. Written by chawla, a Final Cut Pro guru and veteran moderator on 2-Pop/Creative Cow, this book covers the interface basics and workflow but goes beyond to address intermediate techniques and timesaving tips for professional results. Roberts does not assume you have an IT staff on hand and therefore goes into crucial issues of set up, configuration, consumer advice on hardware purchasing, and troubleshooting. Equally valuable is coverage of working with formats such as standard definition, uncompressed, and FireWire DV.

Practically grounded with real-world stories from the trenches throughout, the book also provides relevant technical data, as well as an appreciation

of all the processes involved in creating optimal motion picture sound. New to this edition are exclusive sound artist lessons from the field (including 2 new production cases studies), including insight from craftspeople who have worked on the latest Harry Potter and Batman films. All technological changes have been updated to reflect the most current systems. **Please visit the book's website, www.focalpress.com/cw/yewdall to download the Yewdall Sound FX Library.**

Apple Pro Training Series Martin Sitter, Adrian Ramseier, Robbie Carman, 2009-09-04 Updated for DVD Studio Pro 4.2.2, this best-selling, Apple certified guide uses striking real-world footage to build four complete DVDs and share a Blu-ray disc. It covers how to use DVD Studio Pro on its own, as well as how to integrate it into your workflow with Final Cut Pro 7, Motion 4, and Compressor 3.5. Each lesson takes you step-by-step through an aspect of DVD creation and finishing, with hands-on projects for you to complete as you go. You'll learn to storyboard your DVD and plan its interactions, set chapter markers, build still and motion menus, and add overlays and subtitles. You'll also work with multiple audio tracks and camera angles, create smart buttons and custom transitions, professionally encode audio and video files, and build useful scripts. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for Where are the lesson files? Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.

Making Short Films, Third Edition Max Thurlow, Clifford Thurlow, 2013-07-18 Fully revised and updated practical and inspirational guide for students and independent film-makers, describing and explaining the whole process - from creating an original or adapted script, through producing, directing and editing, to finance and distribution.

Making Short Films, Third Edition Clifford Thurlow, Max Thurlow, 2013-05-25 Making movies is the most exciting way to earn a living and it is not surprising that media and film studies remain the most popular courses at colleges across the western world. A short film provides an opportunity for elliptical, poetic, condensed story telling. Shorts can take risks rarely seen in features. It is the arena where a strong voice or individual vision is possible; an invitation for experimentation and originality. Making Short Films, 3rd edition is entirely revised and restructured, providing a much more complete and detailed guide to filmmaking, with more information on new technology, illustrations and ideas for best practice.
