**Musicophilia** Oliver Sacks, 2010-02-05 What goes on in human beings when they make or listen to music? What is it about music, what gives it such peculiar power over us, power delectable and beneficent for the most part, but also capable of uncontrollable and sometimes destructive force? Music has no concepts, it lacks images; it has no power of representation, it has no relation to the world. And yet it is evident in all of us—we tap our feet, we keep time, hum, sing, conduct music, mirror the melodic contours and feelings of what we hear in our movements and expressions. In this book, Oliver Sacks explores the power music wields over us—a power that sometimes we control and at other times don't. He explores, in his inimitable fashion, how it can provide access to otherwise unreachable emotional states, how it can revivify neurological avenues that have been frozen, evoke memories of earlier, lost events or states or bring those with neurological disorders back to a time when the world was much richer. This is a book that explores, like no other, the myriad dimensions of our experience of and with music.

*The Secret History of the Pink Carnation* Lauren Willig, 2005-12-27 Nothing goes right for Eloise. The one day she wears her new suede boots, it rains cats and dogs. When the subway stops short, she's always the one thrown into some stranger's lap. Plus, she's had more than her share of misfortune in the way of love. In fact, ever since she realized romantic heroes are a thing of the past, she's decided it's time for a fresh start. Setting off for England, Eloise is determined to finish her dissertation on that dashing pair of spies, the Scarlet Pimpernel and the Purple Gentian. But what she discovers is something the finest historians have missed: the secret history of the Pink Carnation—the most elusive spy of all time. As she works to unmask this obscure spy, Eloise stumbles across answers to all kinds of questions. Like how did the Pink Carnation save England from Napoleon? What became of the Scarlet Pimpernel and the Purple Gentian? And will Eloise Kelly escape her bad luck and find a living, breathing hero all her own?

The Burning Land Bernard Cornwell, 2010-03-02 The fifth installment of Bernard Cornwell's New York Times bestselling Saxon Tales chronicling the epic saga of the making of England, "like Game of Thrones, but real" (The Observer, London)—the basis for The Last Kingdom, the hit television series. At the end of the ninth century, with King Alfred of Wessex in ill health and his heir still an untested youth, it falls to Alfred's reluctant warlord Uhtred to outwit and outbattle the invading enemy Danes, led by the sword of savage warrior Harald Bloodhair. But the sweetness of Uhtred's victory is soured

by tragedy, forcing him to break with the Saxon king. Joining the Vikings, allied with his old friend Ragnar—and his old foe Haesten—Uhtred devises a strategy to invade and conquer Wessex itself. But fate has very different plans. Bernard Cornwell's *The Burning Land* is an irresistible new chapter in his epic story of the birth of England and the legendary king who made it possible.

**The Abstinence Teacher** Tom Perrotta, 2010-06-25 *The Abstinence Teacher* illuminates the powerful emotions that run beneath the placid surface of modern American family life, and explores the complicated spiritual and sexual lives of ordinary people. It is elegantly and simply written, characterized by the distinctive mix of satire and compassion that has become Tom Perrotta's trademark. Stonewood Heights is the perfect place to raise children: it's got good schools, solid values and a healthy real estate market. Parents in the town are involved in their children's lives, and often in other children's lives, too—coaching sports, driving carpool, focusing on enriching experiences. Ruth Ramsey is the high school human sexuality teacher whose openness is not appreciated by all her students—or their parents. Her daughter's soccer coach is Tim Mason, a former stoner and rocker whose response to hitting rock bottom was to reach out and be saved. Tim's introduction of Christianity on the playing field horrifies Ruth, while his evangelical church sees a useful target in the loose-lipped sex ed teacher. But when these two adversaries in a small-town culture war actually talk to each other, a surprising friendship begins to develop.

**Ceremonies in Dark Old Men** Lonne Elder, III, 1969 *Ceremonies in Dark Old Men*, a classic of American theater, is the poignant story of a family in 1950s Harlem. In timeless prose, Lonne Elder explores the discontent of a generation that has grown old before its time, and the determination of the next generation to avoid such a fate. In the play, Russel B. Parker is a prodigal father and failed barber who exists on memories and ceremonies for survival. He spends his time recounting atmospheric tales of his life in vaudeville and tells, in darkly comic detail, about his days on the chain gang. Just beneath the surface of Elder's work lie the terrors of day-to-day life in a racist society--never directly mentioned, but always simmering unforgettably. *Ceremonies in Dark Old Men* had its debut Off-Broadway in 1969. It received enthusiastic reviews and moved into an extended run. Since its first performance, the play has been produced numerous times both on television and on the stage, with the leads being played by an honor roll of actors, including Laurence Fishburne, Denzel Washington, and Billy Dee Williams.

**The Man Who Mistook His Wife for a Hat** Oliver Sacks, 2021-09-14 In his most extraordinary book, the bestselling author of *Awakenings* and poet laureate of medicine” (The New York Times) recounts the case histories of patients inhabiting the compelling world of neurological disorders, from those who are no longer able to recognize common objects to those who gain extraordinary new skills. Featuring a new preface, Oliver Sacks's *The Man Who Mistook His Wife for a Hat* tells the stories of individuals afflicted with perceptual and intellectual disorders: patients who have lost their memories and with them the greater part of their pasts; who are no longer able to recognize people and common objects; whose limbs seem alien to them; who lack some skills yet are gifted with uncanny artistic or mathematical talents. In Dr. Sacks's splendid and sympathetic telling, his patients are deeply human and his tales are studies of struggles against incredible adversity. A great healer, Sacks never loses sight of medicine's ultimate responsibility: “the suffering, afflicted, fighting human subject.”

**Bad Sex on Speed** Jerry Stahl, 2014 Featuring interviews with Chris Hardwick on The Nerdist Podcast and Marc Maron on WTF with Marc Maron *Bad Sex On Speed* is a savage, careening, hyper-real nightmare of a novel, taking us to the depths of Amphetamine America. Told with no concession to traditional narrative, in the voices of those in the grips and on the fringes, the stories that emerge are at once devastating, hysterical, and--perhaps most terrifying of all--going on all around you, all the time. Stahl digs deep into the psyche of the most demented and dispossessed among us, returning with a vision so unsparing that those not prepared to experience the screaming depths of speed psychosis up close and on the page should back slowly away and return to their lives unscathed.

*Sound and Music Computing* Tapio Lokki, Stefania Serafin, Meinard Müller, Vesa Välimäki, 2018-06-26 This book is a printed edition of the Special Issue Sound and Music Computing that was published in Applied Sciences

*Population Control* Jim Marrs, 2015-06-23 From the food we eat, the water we drink to the air we breathe, everything these days seems capable of killing us. Recently we have seen an unprecedented number of deaths due to medications for diseases that may not even exist, obscure cancers caused by our modern devices, and brutal police tactics. All a coincidence? Think again. In *Population Control*, acclaimed journalist Jim Marrs lays out a stunning case for his most audacious conspiracy yet: the scheme concocted by a handful of global elites to reduce the world's population to 500 million by whatever means necessary and make a profit from it. Marrs, the bestselling author of *Rule by Secrecy* and *The Trillion Dollar Conspiracy*, pulls no punches in exposing this evil and chillingly effective plan. He explains how a small group of tremendously wealthy and powerful people control virtually every important industry – guns, oil, pharmaceuticals, food, and of course the media – and how it uses this vast network of conglomerates to take actions that lead to the deaths of men and women all over the world. In the explosive *Population Control*, Marrs lays bare the damning truths corporate owners don't want you to discover: how they've spied on private citizens, intentionally spread disease, and destroyed the planet chasing profits, all to improve the lives of a privileged few while eliminating everyone else. Finally, he offers a citizen's blueprint for fighting back.

*Awakenings* Oliver Sacks, 2013-05-29 The classic account of survivors of the sleeping-sickness during the great epidemic just after World War I—and their return to the world after decades of “sleep.” • “One of the most beautifully composed and moving works of our time (The Washington Post) from the distinguished neurologist and the national bestselling author of *The Man Who Mistook His Wife for a Hat*. *Awakenings*—which inspired the major motion picture starring Robert DeNiro and Robin Williams—is the remarkable story of a group of patients who contracted sleeping-sickness during the great epidemic just after World War I. Frozen for decades in a trance-like state, these men and women were given up as hopeless until 1969, when Dr. Oliver Sacks gave them the then-new drug L-DOPA, which had an astonishing, explosive, awakening effect. Dr. Sacks recounts the moving case histories of his patients, their lives, and the extraordinary transformations which went with their reintroduction to a changed world.

*Stalin's Scribe* Brian Boeck, 2019-02-05 A masterful and definitive biography of one of the most misunderstood and controversial writers in Russian literature. Mikhail Sholokhov is arguably one of the most contentious recipients of the Nobel Prize in literature in history. As a young man, Sholokhov's epic novel, *Quiet Don*, became an unprecedented overnight success. *Stalin's Scribe* is the first biography of a man who was once one of the Soviet Union's most prominent political figures. Thanks to the opening of Russia's archives, Brian Boeck discovers that Sholokhov's official Soviet biography is actually a tangled web of legends, half-truths, and contradictions. Boeck examines the complex connection between an author and a dictator, revealing how a Stalinist courtier became an ideological acrobat and consummate politician in order to stay in favor and remain relevant after the dictator's death. *Stalin's Scribe* is remarkable biography that both reinforces and clashes with our understanding of the Soviet system. It reveals a Sholokhov who is bold, uncompromising, and sympathetic—and reconciles him with the vindictive and mean-spirited man described in so many accounts of late Soviet history. Shockingly, at the height of the terror, which claimed over a million lives, Sholokhov became a member of the most minuscule subset of the Soviet Union's population—the handful of individuals whom Stalin personally intervened to save.

*Digital Copyright* Jessica Litman, Professor Litman's work stands out as well-researched, doctrinally solid, and always piercingly well-written. -JANE GINSBURG, Morton L. Janklow Professor of Literary and Artistic Property, Columbia University Litman's work is distinctive in several respects: in her informed historical perspective on copyright law and its legislative policy; her remarkable ability to translate complicated copyright concepts and their implications into plain English; her willingness to study, understand, and take seriously what ordinary people think copyright law means; and her creativity in formulating alternatives to the copyright quagmire. -PAMELA SAMUELSON, Professor of Law and Information Management; Director of the Berkeley Center for Law & Technology, University of California, Berkeley In 1998, copyright lobbyists succeeded in persuading Congress to enact laws greatly expanding copyright owners' control over individuals' private uses of their works. The efforts to enforce these new rights have resulted in highly publicized legal battles between established media and new upstarts. In this enlightening and well-argued book, law professor Jessica Litman questions whether copyright laws crafted by lawyers and their lobbyists really make sense for the vast majority of us. Should every interaction between ordinary consumers and copyright-protected works be restricted by law? Is it practical to enforce such laws, or expect consumers to obey them? What are the effects of such laws on the exchange of information in a free society? Litman's critique exposes the 1998 copyright law as an incoherent patchwork. She argues for reforms that reflect common sense and the way people actually behave in their daily digital interactions. This paperback edition includes an afterword that comments on recent developments, such as the end of the Napster story, the rise of peer-to-peer file sharing, the escalation of a full-fledged copyright war, the filing of lawsuits against thousands of individuals, and the June 2005 Supreme Court decision in the Grokster case. Jessica

Litman (Ann Arbor, MI) is professor of law at Wayne State University and a widely recognized expert on copyright law.
