The Haunting of Room 909 (Junior Paranormal Investigators #1) Michael James, 2019-04-24 Summer is usually a time of fun and games for most children. But Hanna and Ben Littleton are not your average eleven and twelve-year-old. Their father is Percy Littleton, a famous paranormal investigator, and this summer they are traveling to different locations to investigate unexplained phenomena. Things are rather boring until they stop at Castleridge Hotel. The hotel is reportedly haunted by more than one ghostly presence and the manager has asked Percy for help. Though warned by their father not to meddle in his investigation, the brother and sister are convinced they can prove their worth as true investigators. Their eagerness soon turns to terror when Hanna begins having visions about a certain former employee of the hotel, the elevator takes them to the ninth floor on its own, and ghosts interact with them. The building seems to have a mind of its own as Hanna and Ben are forced to figure out what really happened one hundred years ago at Castleridge Hotel, before the spirits trapped inside decide to make them permanent residents--Back cover.

The Wizard and the Quient T. J. Lemmer, 2014-06-03 Fifteen year-old Thomas Wisby was enjoying summer vacation on a ranch where he lived alone with his mother. He was looking forward to the start of soccer practice a few weeks away, but, he didnt know that his life was about to change, as he embarks on a magical adventure that takes him where only dreams were thought to go. He didnt know what happened to his father, who went missing five years ago, but he was going to find out, and have to come to grips with many things he didnt know, including who he really was and where he truly belonged. To Thomas, magic was only illusions performed by magicians. He was about to discover how wrong he was. There was a place waiting for him, so far removed from his world, that it would be challenging for any normal person to comprehend. But Thomas wasnt normal.

Edgar Cayce on Auras & Colors Kevin J. Todeschi, Carol Ann Liaros, 2012 Including the well known Auras booklet written by Edgar Cayce --T.p.

Edgar Cayce on Vibrations Kevin J. Todeschi, 2007-06 Science caught up with the psychic readings of Edgar Cayce when it proved that all of materiality - consisting of atoms and therefore protons, neutrons, and electrons - is energy in motion. Everything is a vibration. Even the body's five senses operate through the use of vibrations. The Cayce readings suggested that vibrations were also associated with healing, consciousness, and even locations. In fact, the Cayce information presents the premise that all of life in every dimension is actually just different manifestations of the One Force - the Force that moved all of Creation into being. Therefore, all vibration is ultimately that One Force manifesting in the material world in a variety of ways. Todeschi's latest title explores how everything from consciousness to the material is connected to vibration, and how we continue to create and shape our world through the vibrations all around us. Vibrations are essentially spirit in motion and our thoughts and actions affect our life and the way we are living.

THE GREAT TRANSITION Ann Frazier West, 2014-01-31 Have you ever wondered if it is possible to stay in touch with your loved ones and share their journey in the afterlife? "What happens after death is far too important for us to rely on hand-me-down teachings. We need the authority of first-hand experience. This is what Ann West provides in her moving narrative of her remarkable attempt to continue her friendship with three extraordinary women for many years after their deaths. As we join her on her excursions, we learn about lifestyle and real estate options on the Other Side, the anatomy of subtle bodies, and how the law of attraction applies in all realities. She describes her personal journey, including her discovery of the consequences of 'bleedthroughs' from past or parallel lives, with candor and humility. She draws on the theory and practice of esoteric orders, but comes to understand that the heart of the matter is very simple; we can dream with the deceased, and in dreaming we travel to the realms where they are at home. The Great Transition confirms that there is life beyond life, and that learning and creative evolution never cease." -ROBERT MOSS, author of Conscious Dreaming, Dreamgates and The Boy Who Died and Came Back "This book will take you on a very unusual journey with warmth, wit and wonder. Dr. West describes in vivid detail life in the next world as revealed in her own dreams and intriguing visions. Anyone seeking to gain a synthesis of the after death experience will find value, insight and I dare say inspiration in this deeply researched and intriguingly written text." -REVEREND LEROY E. ZEMKE, author of Thoughts for Transformation Inspired by three remarkable women in her life, Ann invites you to embark upon an incredible journey with her to continue relationships with loved ones as they make the great transition to the Other Side of life. Ann shares her personal experiences of contact with other dimensions, the afterlife, to help you discover new and less painful ways to approach the loss of loved ones in your life. It is comforting to know that the connection is still there and that our goodbyes do not have to be permanent. Because of an increase in reports of the phenomenon of near-death-experiences (NDEs), great interest in the evidence of an afterlife has arisen, igniting a growing trend of research on the topic. In this book, Ann captivatingly reveals past research as well as current scientific research about our contact with the afterlife dimensions.

Azorea, The Final Hope Robert E. Jacob, 2009-09-28 When an alien race, Identical to humans in every way, becomes marooned on planet earth in 16th century Scotland, it becomes a life and death struggle for Griegor, the leader of the Azoreans, to prevent an evil faction of his society from destroying the native highlanders and their peaceful way of life. This story tells of two brothers from another world, one the leader of their race and the other a maniacal terrorist bent on their destruction, who because of the final demise of their planet, are forced to flee, ultimately becoming marooned on planet earth in 16th century Scotland. Griegor and the Azoreans attempt to destroy this evil faction before they can influence the local highlanders but are unable to do so. Cormack, the leader of this faction, is successful in embroiling the highlanders in his plot to rule this new world. Now, with the local inhabitants mixing with Cormack and his followers, it becomes impossible to differentiate between the highlanders and Cormack's people. Griegor devises an ingenious device that will help them do just that. They resolve to use this new weapon to eradicate Cormack and bring peace again to the Celtic region.

The Profit Book Two Richard David Kennedy,2015-07-07 What do you get when you take a failed novelist, a capricious alien, a world renowned- but debauched evangelist, an alcoholic estate manager and mix them together with a half dozen other eccentric characters? What you get is distinctly different cocktail called THE PROFIT that you won't be able to order at a bar anywhere. The plot is a riddle in an enigma that is so well-woven and imaginative it's almost too simple to understand. The content is mature, intended for adults who are discerning readers who enjoy fine, avant-garde literature and bristling social satire, particularly about evangelists and their followers, and should be appreciated by atheists, agnostics and the devoutly religious alike who have open minds. The reader is sure to be as captivated as it the Writerman in the book in this most exquisite of his offerings.
