Aurora's End Amie Kaufman,Jay Kristoff,2021-11-09 The squad you love is out of time. Prepare for the thrilling finale in the epic, bestselling Aurora Cycle series about a band of unlikely heroes who just might be the galaxy's last hope for survival. Is this the end? What happens when you ask a bunch of losers, discipline cases and misfits to save the galaxy from an ancient evil? The ancient evil wins, of course. Wait . . . Not. So. Fast. When we last saw Squad 312, they were working together seamlessly (aka, freaking out) as an intergalactic battle raged and an ancient superweapon threatened to obliterate Earth. Everything went horribly wrong, naturally. But as it turns out, not all endings are endings, and the team has one last chance to rewrite theirs. Maybe two. It's complicated. Cue Zila, Fin and Scarlett (and Magellan!) making friends, making enemies and making history? Sure, no problem. Cue Tyler, Kal and Auri joining forces with two of the galaxy's most hated villains? Um, okay, yeah. That too. Actually saving the galaxy, though? Now that will take a miracle.

Beadweaving Brilliance 2 Kumiko Mizuno Ito, 2008 In her follow-up to last fall's well-received *Beadweaving Brilliance*, Kumiko Mizuno Ito shows crafters how to make more colorful and unique beaded pieces using off-loom techniques. Readers will learn a variety of stitches that will enable them to weave beads into flat fabric or 3-dimensional objects with a single needle and thread. And even though the finished projects may look complicated, each piece is simple enough for a beginner to complete in only one to two hours. The first two sections of *Beadweaving Brilliance 2* include detailed, step-by-step directions for making rings, necklaces, bracelets, lariattas, earrings, chokers, brooches, eyeglass chains and straps using the different stitches (peyote, spiral rope, daisy chain, herringbone, brick, right angle, etc.). A third section serves as an Inspiration Gallery, in which vibrant full-color photographs showcase masterpieces by the author and other bead artists. The book concludes with a guide to tools and materials, fundamental techniques and a directory of basic stitches. Enjoyable and satisfying, the projects in *Beadweaving Brilliance 2* will let readers express their individuality and create gorgeous beaded ornaments for themselves or for special friends, family and loved ones.
