The Shepherd's Hut Tim Winton,2018-06-19 From Tim Winton, Australia's most decorated and beloved novelist and the author of *Cloudstreet*, comes *The Shepherd's Hut*, the story of a young man on a thrilling journey of self-discovery in one of the harshest, near-uninhabitable climates on Earth. Tim Winton is Australia's most decorated and beloved novelist. Short-listed twice for the Booker Prize and the winner of a record four Miles Franklin Literary Awards for Best Australian Novel, he has a gift for language virtually unrivaled among writers in English. His work is both tough and tender, primordial and new—always revealing the raw, instinctual drives that lure us together and rend us apart. In *The Shepherd's Hut*, Winton crafts the story of Jaxie Clackton, a brutalized rural youth who

flees from the scene of his father's violent death and strikes out for the vast wilds of Western Australia. All he carries with him is a rifle and a waterjug. All he wants is peace and freedom. But surviving in the harsh saltlands alone is a savage business. And once he discovers he's not alone out there, all Jaxie's plans go awry. He meets a fellow exile, the ruined priest Fintan MacGillis, a man he's never certain he can trust, but on whom his life will soon depend. The Shepherd's Hut is a thrilling tale of unlikely friendship and yearning, at once brutal and lyrical, from one of our finest storytellers.

Melancholy and the Landscape Jacky Bowring, 2016-07-07 Written as an advocacy of melancholy's value as part of landscape experience, this book situates the concept within landscape's aesthetic traditions, and reveals how it is a critical part of ethics and empathy. With a history that extends back to ancient times, melancholy has hovered at the edges of the appreciation of landscape, including the aesthetic exertions of the eighteenth-century. Implicated in the more formal categories of the Sublime and the Picturesque, melancholy captures the subtle condition of beautiful sadness. The book proposes a range of conditions which are conducive to melancholy, and presents examples from each, including: The Void, The Uncanny, Silence, Shadows and Darkness, Aura, Liminality, Fragments, Leavings, Submersion, Weathering and Patina.

Transpacific Engagements Florina H. Capistrano-Baker, Meha Priyadarshini, 2020-01-01 Between the sixteenth and nineteenth centuries, competing European empires, notably Spain, Portugal, Great Britain, the Netherlands, Germany, France, Belgium, and others vied for commercial and political control of transoceanic networks, particularly the transpacific routes between Asia and the Americas. The essays in *Transpacific Engagements: Trade, Translation, and Visual Culture of Entangled Empires* (1565–1898) address the resulting cultural and artistic exchanges with an emphasis on both the Spanish and American enterprises in the Asia-Pacific region. The essays are grouped into three parts entitled “Entangled Empires,” “Empires and Translations,” and “Empires and Trade.” A common thread in the diverse perspectives presented here is the importance of transpacific engagements to the global connections of the sixteenth century and beyond. While the focus is on the specific connection between the Asia-Pacific region and the Americas through the Philippines, we see how other parts of the world, notably South and Southeast Asia and Europe, were also participants impacted by these transpacific linkages. The goal is to convey the complexity of entangled networks of commercial, political, and religious interests that complicate the Spanish enterprise in the Pacific. Commercial ventures into Canton and Manila by the early American republic, for example, overlapped with and later replaced the Spanish galleons. East, South, and Southeast Asian polities and dynasties remained powerful players in what were often multilateral, rather than bilateral, exchanges. Contributors to this volume are based in Asia, the Americas, and Europe.
