Illinois Forms for Common Law and Chancery Pleading, Practice and Procedure in County and Probate Courts and in Criminal Cases Edward Regnier Branson,1914

Virtuous Reality Jon Katz,1997 New electronic technologies are dumbing down America. Pop culture creates violent kids with short attention spans. The decline of the print media has made adults politically apathetic. Communicating by computer isolates us and erodes our civic life. The internet, MTV, live cable talk shows, and other multimedia are corroding our society. . . right? Wrong!! retorts Jon Katz. In his brilliant take no prisoners polemic, he explains that if you believe any of the above, you've been swallowing the propaganda expounded by the powers that be, including the likes of William Bennett, Bob Dole, Tipper Gore, and Bill Clinton -- all of whom are keeping us ignorant of the real problems. This cutting-edge book -- as useful to media-phobes as it is to Webheads -- brings a much needed voice of reason and clarity to the debate over technology's impact on society. It will make its readers rethink everything they've ever been told or read about the interaction between technology, media, and culture.

The Dead Phone Bryan W. Alaspa,2015-01-08 Warren Hollis is a seasoned true crime writer. He likes to submerge himself in the local culture when he writes, so he packs his essentials and heads to Knorr, Pennsylvania. It's a tiny town in western PA, the kind of town most people on their way to Pittsburgh or New York would drive right past. It's a town full of friendly, smiling people,

but it hides a dark past. Years ago a man began sneaking into the bedrooms of young girls and taking them under the cover of night. Days later, a grisly calling card would be left for the families to find. He became known as The Boogeyman and the rural town of Knorr, and the surrounding communities, have done all they can to forget those terrible days when no one was safe, not even when nestled into their own beds. Warren arrives and starts asking questions. He stays in a small cabin just outside of town. It's a nice place, exactly what he's looking for. There's just one strange thing: a big, heavy black phone at the top of the stairs. It's not connected to anything. The phone is just a decorative hold-over from the party line days. Something about it disturbs Warren, the way something about Knorr disturbs him, as well. Someone is hiding something about The Boogeyman. Then the killing starts again. And, in the middle of the night, a phone that should never be able to ring - begins to do just that...
