The Eight Katherine Neville,2015-07-21 The “fascinating” #1 international bestseller of a quest across centuries by two intrepid women to reunite the pieces of a powerful, ancient chess set (Los Angeles Times Book Review). A fabulous, bejeweled chess set that belonged to Charlemagne has been buried in a Pyrenees abbey for a thousand years. As the bloody French Revolution rages in Paris, the nuns dig it up and scatter its pieces across the globe because, when united, the set contains a secret power that could topple civilizations. To keep the set from falling into the wrong hands, two novices, Valentine and Mireille, embark on an adventure that begins in the streets of Paris and leads to Russia, Egypt, Corsica, and into the heart of the Algerian Sahara. Two hundred years later, while on assignment in

Algeria, computer expert Catherine Velis finds herself drawn unwillingly into the deadly “Game” still swirling around the legendary chess set—a game that will require her to risk her life and match wits with diabolical forces. This ebook features an illustrated biography of Katherine Neville including rare images from her life and travels.

E-Zine Publishing Mastery Anthony Ekanem,2016-06-22 E-zine publishing is an online magazine. Much like in real life, it is simply a magazine that is delivered in a digital form. Most of the E-zines today are targeted towards Internet distribution and is meant to promote a website. Normally, an E-zine usually caters to a particular niche or topic. It could be anything from 'How to make money online' to 'How to train your pet'. E-zines are distributed to their subscribers normally through e-mail. Normally people send E-zines to be published on a consistent, pre-planned basis. For example, an e-mail will be sent out every day, every three days, weekly, biweekly or monthly. These E-zines are distributed using an autoresponder. An autoresponder is programmed for every subscriber to receive the e-mails in a chronological format in a sequential order. This is the biggest difference between an E-zine and its offline counterpart. An E-zine can send previous issues anytime regardless of when the subscriber has opted in to the E-zine. The autoresponder will do its job of follow-up from the day the subscriber has opted in and will follow through until its 'run' is exhausted. Today, the majority of E-zines are website driven. It would be a surprising fact

to know that the first E-zines were delivered on an electronic format such as CD-ROM and delivered to the subscriber's house by mail. That was in the 'stone age' when the power of e-mails and autoresponders were not realized yet. But now, the majority of the formats stick with e-mails or they send out notifications (or updates) in conjunction with websites or blogs. The e-mail usually contains the issue itself or a summarized format that ultimately links back to the original website for the main cheese.
