Hyperfocus Chris Bailey,2018-08-28 A practical guide to managing your attention--the most powerful resource you have to get stuff done, become more creative, and live a meaningful life Our attention has never been as overwhelmed as it is today. Many of us recognize that our brains struggle to multitask. Despite this, we feel compelled to do so anyway while we fill each moment of our lives to the brim with mindless distraction. Hyperfocus provides profound insights into how you can best take charge of your attention to achieve a greater sense of purpose and productivity throughout the day. The most recent neuroscientific research reveals that our brain has two powerful modes that can be unlocked when we use our attention effectively: a focused mode (hyperfocus), which is the foundation for being highly productive, and a creative mode (scatterfocus), which enables us to connect ideas in novel ways. Hyperfocus helps you access each of the two mental modes so you can concentrate more deeply, think more clearly, and work and live more deliberately every day. Chris Bailey examines such topics such as: • identifying and dealing with the four key types of distraction and interruption; • establishing a clear physical and mental environment in which to work; • controlling motivation and working fewer hours to become more productive;

• taking time-outs with intention; • multitasking strategically; and • learning when to pay attention and when to let your mind wander wherever it wants to. By transforming how you think about your attention, Hyperfocus reveals that the more effectively you learn to take charge of it, the better you'll be able to manage every aspect of your life.

Multiple Streams of Income Robert G. This revised edition includes a new chapter on a cutting-edge investing technique.

The 4-hour Workweek Timothy Ferriss,2011 How to reconstruct your life? Whether your dream is experiencing high-end world travel, earning a monthly five-figure income with zero management, or just living more and working less, this book teaches you how to double your income, and how to outsource your life to overseas virtual assistants for \$5 per hour and do whatever you want.

Sum David Eagleman,2009-02-10 At once funny, wistful and unsettling, Sum is a dazzling exploration of unexpected afterlives—each presented as a vignette that offers a stunning lens through which to see ourselves in the here and now. In one afterlife, you may find that God is the size of a microbe and unaware of your existence. In another version, you work as a background character in other people’s dreams. Or you may find that God is a married couple, or that the universe is running backward, or that you are forced to live out your afterlife with annoying versions of who you could have been. With a probing imagination and deep understanding of the human condition, acclaimed neuroscientist David Eagleman offers wonderfully imagined tales that shine a brilliant light on the here and now.

The Ultimate Real Estate Investing Blueprint Sean Terry,2011-08-11 Discover how to quit your job in 19 weeks or less by flipping properties in your spare time even if you have NO cash, NO credit and have never bought a house before. In this book you find the key to unlocking a huge vault full of money. This key will allow you to quickly and easily flip houses in your spare time banking you \$5,000 to \$20,000 per deal. The beauty about this business is you don't need any money AND no one will ever ask you for you SSN to pull credit.

The Myth of Multitasking Dave Crenshaw,2010-06-17 In a compelling business fable, The Myth of Multitasking confronts a popular idea that has come to define our hectic, work-a-day world. This simple yet powerful book shows clearly why multitasking is, in fact, a lie that wastes time and costs money. Far from being efficient, multitasking actually damages productivity and relationships at work and at home.

The Direct Mail Solution Craig Simpson,Dan Kennedy,2014-01-28 Fact: More commerce and wealth is created by direct mail than by any other media (true before the internet and true now) Reported in 2013 as the marketing channel that delivers the best ROI for customer acquisition and retention by Target Marketing’s Seventh Annual Media Usage Forecast survey of B2C, direct mail is surprisingly outdated and under-represented on the marketing bookshelves for small business owners — authors Simpson and Kennedy change that. Millionaire-maker Dan S. Kennedy and direct mail marketing specialist Craig Simpson urge small business owners to drive the momentum built via social media and other marketing avenues into the mailboxes of their target consumers. Unlike other direct mail marketing books on the shelf that specialize in one aspect of preparing a campaign such as copywriting or design, this comprehensive solution covers all — the organizational, technical, and creative including designing, budgeting, tracking, and assessing effectiveness. Also covered is how direct mail can be used in today's online marketing funnels. Benefiting from the authors' combined 30 years in direct marketing, business owners are given the guidelines for what works and what doesn’t, illustrated by real-life business campaigns that show step-by-step how to build a results-producing promotional campaign.
