The World of Myrrah Box Set Autumn M. Birt,2020-04-12 Unlikely Friends. Forbidden Magic. An Ancient Punishment. Enter the world of Myrrah, ruled by the Church of Four Orders - Fire, Earth, Water, and Air. But there exists another gift, dubbed magic, which is considered an aberration by the Church. To be born with the powers of magic is to be condemned to death. To be born with the ability to control an element is to be born to a life serving the Church... and obeying its rules. The journey begins when one Water Priestess stands against the Church to protect a girl with forbidden magic. The act sparks an epic fantasy adventure that leads four unlikely friends across the breadth of their world to seek answers hidden in the buried archives of the Temple of Dust. Secrets from an ancient war and discoveries of hidden power lead to a fight for survival that threaten to tear apart their world. What is magic and why does the Church want those who harbor its power exterminated? Within the answer to that question lies the seeds of an ancient punishment, one that was better left undisturbed. As one adventure ends, a new one begins and this one can only be one by destroying all elemental magic. Because failure condemns this world and the next. This boxset includes both the complete Rise of the Fifth Order Trilogy and the award-winning sequel the Games of Fire trilogy, plus the Series Companion and Untold Stories, which is a collection of novellas and sort stories set in the same world (and featuring many familiar characters). Fifteen years ago, I ran away from Whisper Hollow, Washington, a small town on the Olympic Peninsula. But truth is, if you were born here, you can never really leave. I'm Kerris Fellwater and when I returned, I not only inherited my grandmother's house, but her gift. Like her, I must take on the job of spirit shaman. It's my gift-and my curse-to drive the dead back to their graves, because around Whisper Hollow, people-and secrets-don't always stay buried. A trunk hidden in the attic throws my life into chaos. My mother vanished when I was little and I was told she ran away. But now it looks like she was murdered. With the help of Bryan-my mysterious and brooding neighbor-we begin to unravel the mystery of her disappearance, and in doing so, we unearth a dark force seeking to bury Whisper Hollow. Now, I must work with the dead, rather than against them, because our enemy will do whatever she can to destroy the town, and she means to start with me.
