Treasure Identifying Divine Eyes Guan Shen,2020-05-24 Lin Xi, the pawnbroker who was about to lose his job, coincidentally obtained a pair of Heaven's Eyes from the jade pendant his master left behind. He wanted to see how Lin Xi would grow up, pick up treasures while growing up, and play the strings of fate. A pair of Heaven's Eyes could detect treasure, avoid disaster, and drive away evil. River of Stars Guy Gavriel Kay,2013-04-02 “River of Stars is a major accomplishment, the work of a master novelist in full command of his subject.”—Michael Dirda, in The Washington Post “Game of Thrones in China.”—Salon.com Ren Daiyan was still just a boy when he took the lives of seven men while guarding an imperial magistrate. That moment on a lonely road changed his life in entirely unexpected ways, sending him into the forests of Kitai among the outlaws. From there he emerges years later—and his life changes again, dramatically, as he circles toward the court and emperor, while war approaches Kitai from the north. Lin Shan is the daughter of a scholar, his beloved only child. Educated by him in ways young women never are, gifted as a songwriter and calligrapher, she finds herself living a life suspended between two worlds. Her intelligence captivates an emperor—and alienates women at the court. But when her father’s life is endangered by the savage politics of the day, Shan must act in ways no woman ever has. In an empire divided by bitter factions circling an exquisitely cultured emperor who loves his gardens and his art far more than the burdens of governing, dramatic events on the northern steppe alter the balance of power in the world, leading to events no one could have foretold, under the river of stars.

Explaining Monetary and Financial Innovation Peter Bernholz,Roland Vaubel,2014-06-26 This book discusses theories of monetary and financial innovation and applies them to key monetary and financial innovations in history – starting with the use of silver bars in Mesopotamia and ending with the emergence of the Eurodollar market in London. The key monetary innovations are coinage (Asia minor, China, India), the payment of interest on loans, the bill of exchange and deposit banking (Venice, Antwerp, Amsterdam, London). The main financial innovation is the emergence of bond markets (also starting in Venice). Episodes of innovation are contrasted with relatively stagnant environments (the Persian Empire, the Roman Empire, the Spanish Empire). The comparisons suggest that small, open and competing jurisdictions have been more innovative than large empires – as has been suggested by David Hume in 1742.

Empire of Silver Jin Xu,2021-02-23 A thousand-year history of how China's obsession with silver influenced the country's financial well-being, global standing, and political stability This revelatory account of the ways silver shaped Chinese history shows how an obsession with white metal held China back from financial modernization. First used as currency during the Song dynasty in around 900 CE, silver gradually became central to China's economic framework and was officially monetized in the middle of the Ming dynasty during the sixteenth century. However, due to the early adoption of paper money in China, silver was not formed into coins but became a cumbersome weighing currency, for which ingots had to be constantly examined for weight and purity--an unwieldy practice that lasted for centuries. While China's interest in silver spurred new avenues of trade and helped increase the country's global economic footprint, Jin Xu argues that, in the long run, silver played a key role in the struggles and entanglements that led to the decline of the Chinese empire.

Where the Mountain Meets the Moon (Newbery Honor Book) Grace Lin,2009-07-01 A Time Magazine 100 Best Fantasy Books of All Time selection! A Reader’s Digest Best Children’s Book of All Time! This stunning fantasy inspired by Chinese folklore is a companion novel to *Starry River of the Sky* and the New York Times bestselling and National Book Award finalist *When the Sea Turned to Silver* In the valley of Fruitless mountain, a young girl named Minli lives in a ramshackle hut with her parents. In the evenings, her father regales her with old folktales of the Jade Dragon and the Old Man on the Moon, who knows the answers to all of life's questions. Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures along the way, including a dragon who accompanies her on her quest for the ultimate answer. Grace Lin, author of the beloved *Year of the Dog* and *Year of the Rat* returns with a wondrous story of adventure, faith, and friendship. A fantasy crossed with Chinese folklore, *Where the Mountain Meets the Moon* is a timeless story reminiscent of *The Wizard of Oz* and Kelly Barnhill's *The Girl Who Drank the Moon*. Her beautiful illustrations, printed in full-color, accompany the text throughout. Once again, she has created a charming, engaging book for young readers.

Lin Yi's Lantern Brenda Willaims,2019-09-01 Meet Lin Yi — a little boy with a big heart and a talent for bargaining. Tonight is the moon festival and he wants nothing more than a red rabbit lantern; but first he must buy the things his mother needs at the market. This heartwarming story shows the rewards of putting others first, and includes educational notes at the end about the Chinese moon festival, life in rural China, and the legend of the moon fairy.

The Works of Li Qingzhao Ronald Egan,2019-01-29 Previous translations and descriptions of Li Qingzhao are molded by an image of her as lonely wife and bereft widow formed by centuries of manipulation of her work and legacy by scholars and critics (all of them male) to fit their idea of what a talented woman writer would sound like. The true voice of Li Qingzhao is very different. A new translation and presentation of her is needed to appreciate her genius and to account for the sense that Chinese readers have always had, despite what scholars and critics were saying, about the boldness and originality of her work. The introduction will lay out the problems of critical refashioning and conventionalization of her carried out in the centuries after her death, thus preparing the reader for a new reading. Her songs and poetry will then be presented in a way that breaks free of a narrow autobiographical reading of them, distinguishes between reliable and unreliable attributions, and also shows the great range of her talent by including important prose pieces and seldom read poems. In this way, the standard image of Li Qingzhao, exemplified by a handful of her best known and largely misunderstood works, will be challenged and replaced by a new understanding. The volume will present a literary portrait of Li Qingzhao radically unlike the one in conventional anthologies and literary histories, allowing English readers for the first time to appreciate her distinctiveness as a writer and to properly gauge her achievement as a female alternative, as poet and essayist, to the male literary culture of her day.
