Method Jim Brown, 2020-08-14 All of Jim Brown's Forex books are consistently ranked 'Best Sellers' on Amazon! Here is why... At no extra cost, or on-costs, Jim shares with his readers: · His custom indicators for the MT4/MT5 MetaTrader platforms, and more recently TradingView, as a download package at the end of the book. · An invitation to join his Facebook and Telegram Groups which have around 6,000 new as well as experienced Forex Traders contributing, including daily interaction with Jim. · Jim calls his trades live, shares his results and records weekly trade analysis videos on his YouTube channel. · Contact with Jim should you require any clarification on this trading method. Jim, from Queensland Australia, is a full-time Forex Trader and currently resides in Vietnam. This particular book provides a reliable and robust trading method which Jim has refined over many months on both demo and live trading. Jim uses the popular MetaTrader platforms to trade. These are more commonly referred to as MT4 or MT5, and there are many reputable brokers who offer these platforms. As mentioned above, the method is now also available to be traded on the very popular web-based TradingView platform. Although Jim concentrates solely on Forex trading, there is no reason why you could not trade this method on other financial instruments offered by many brokers. These may include: · Oil · Precious metals · Commodities · Stock indices · Individual stocks · Cryptocurrencies You may not wish to conduct your actual trading off the Metatrader or TradingView platforms, however, as this method relies on the use of Jim's custom indicators which he had specifically built for Metatrader and TradingView, you will need to at least download a free MT4/MT5 or TV demonstration platform to enable you to conduct your trade analysis, and then place your actual trades on your preferred Broker's platform. Brown,2016-08-04 Jim's FOREX books are consistently ranked BEST SELLERS on Amazon and there is a very good reason for this. At no extra cost (or on-costs) Jim shares with his readers: His custom indicators for the MT4 MetaTrader platform, as a download at the end of the book. AND anyone who has received these indicators will also receive the MT5 version of his files when they have been programmed. An invitation to join his Facebook Group which has new as well as experienced Forex Traders contributing. Jim, from Queensland Australia, is a full-time Forex Trader and currently resides in Vietnam. This book will provide you with a reliable and robust trading method which Jim has refined via manual testing, demo testing and live trading. Jim's High Probability Trading Method can be traded on any time frame you choose. He has a personal preference for the 4hr charts or the daily charts as these are time frames he is comfortable with but of course, he acknowledges that there are different strokes for different folks when it comes to time availability, preferred time-frames, lifestyle choices etc. You may not wish to conduct your actual trading off an MT4 platform, however as this method relies on the use of Jim's indicators which he arranged to be specifically built for the platform, you will need to at least download a free MT4

demonstration version to enable you to conduct your trade analysis, and then place your actual trades on your preferred Broker's platform. Although Jim concentrates solely on Forex trading, there is no reason why you could not trade this method on other financial instruments offered by many MT4 brokers such as Bitcoin, Oil, Precious metals, Commodities, Stock Indices, Individual stocks. Forex Trading Kacemi Abdallah, 2021-04-28 Every trader wants to know how to trade without losses. Unfortunately, we all do mistakes. Sometimes it seems like we've made a genius decision, but later we find out that it was impossible to take a decision more stupid than this one. It's possible to trade without losses at all, and minimize the risks. Professionalism in the currency trading market is not impossible. The professional trading process is a trading process based on laws and obligations, the trader must start applying it step by step. This is a hellish strategy that I always follow for trading in Forex, it's a powerful strategy that you cannot lose using it even a single cent even in the worst fluctuations in global markets, even that if something went wrong then the margin of loss will be very little, because the strategy has a safety valve to ensure its success.

Getting Started in Forex Trading Strategies Michael D.

Archer, 2008-02-04 A Highly Visual Guide To Developing A Personal Forex Trading Strategy Getting Started In Forex Trading Strategies A great next step to read for the beginning trader. It contains practical advice and resources on trading FOREX that only come with experience. -Derek Ching, President, Hawaii Forex We have members from over 125 countries on our Web site and plan to make Getting Started in Forex Trading Strategies a 'must read' for those looking to trade the FOREX market. It is good to see a book that emphasizes the importance of other elements, such as money management, which are crucial to master if one is to stay in this game. Well done! -Jay Meisler, cofounder, Global-View.com Written in a straightforward and accessible style, Getting Started in Forex Trading Strategies is a highly visual guide to foreign exchange trading that introduces you to the Codex Method-a proven process that allows you to tailor a trading strategy to your own personal preferences. Divided into four comprehensive parts, this reliable resource opens with a brief overview of traditional FOREX strategies. From here, author Michael Duane Archer outlines his own personal codex-as he guides you through the process of developing yours-and reveals how to use this approach to make, monitor, and exit a trade. Along the way, Archer reveals the best ways to implement your strategy and discusses the importance of consistently keeping trading records. In his previous book, Getting

Started in Currency Trading, Archer set a solid foundation for trading the currency market by illustrating how it operated. Now, with *Getting Started in Forex Trading Strategies*, Archer goes a step further by showing you how to cultivate a personal trading strategy that will allow you to succeed within this dynamic environment.

MY PERSONAL FOREX EXPERIENCE D. (D.S.H),2014-09-11

This book is based on personal experience, sleepless nights, frustration and information I wish someone had told me when I first started trading forex. I was the most naive Forex Trader ever. I listened to everything my Forex Broker said. I attended every training session, I learned everything about Candle Sticks, RSI Lines, Parabolic, Ichimoku etc, if they said it would help I was there. My broker said trading forex is an easy transaction where if the Market goes Up you Buy and if it goes Down you Sell (Theoretically it does, as long as you know what you doing). He also said the market is always right. Not true. In every Financial transaction there is always a Winner and a Loser. People are misinformed about the realities of the Financial Market. When I first started trading forex I always ended up being the loser. This book will help you improve your trading experience, you will have more winning results, teach you about indicators not signals that are on your MT4 platform which no-one tells you about but are really helpful. This book will also assist you in turning a losing trade into a winning one or at least break-even. Hope you find this book informative and it helps you avoid the costly mistakes I have made.

Forex Trading for Beginners Rich Bond,2020-10-15 Are you looking for a complete guide on forex trading? Then keep reading... If you've ever travelled abroad, then you've already conducted a basic forex transaction by trading some of your home currency with the currency of the country you're visiting. In a nutshell, this is what forex traders basically do - they make money by first exchanging their home currency with those of another

countries, and then making. There are hundreds of specific methods for trading in Forex and in markets. There are as many effective, tested and successfully tested methods. Why is the majority of traders not getting results? In the present world, investors mainly invest in real estate, financial management, funds and stocks, and some invest in futures, while few invest in foreign exchange. This is related to the late start and small scale of international foreign exchange market and the failure to establish a complete foreign exchange trading system, but drawback is more because investors are not familiar with this market. Forex is a monetary market that is utilized by numerous individuals everywhere throughout the world in an everyday life. At the end of the day, it is a social affair of individuals where buyers and sellers are included. It enables individuals to make a benefit consistently. Forex isn't a stage to get wealthy in a solitary day. It requires some investment and needs top to bottom information about exchanging. The worldwide forex industry exchanges over \$6.6 trillion in normal day by day exchanging volume, making it the greatest money related market on earth. How would you take advantage of it? This Book Covers: Forex Trading The Principle Currencies The Currency Quote Forces That Drive the FOREX Markets Trading Approaches The Power of Volume Price Analysis The Mathematics of Trading Risk and Money Management Trading Plan The Psychology of Trading Choosing the Broker Choosing Your Currency Pairs Getting Started With MT4 Trading Platfor And much more! Forex's notoriety charms remote trade dealers over all levels, from amateurs who are simply finding the open doors in the forex market to solid and steady specialists. Regardless of the fact that it is so normal to engage in forex, with constant sessions, access to basic use and for the most part low expenses, it is in like manners incredibly simple to lose money trading forex. Being afraid of losses can make beginning traders increase their level of risk in order to get back to breakeven quicker. It can also cause beginning traders to stop trading a

perfectly good trading system. This, of course, leads to losses and frustration as these traders often see that their trading system would've gone on to be very profitable for them. So, the moral of the story here is quite clear, do not trade with money that you cannot afford to lose. If you do not have the money required by your chosen Forex trading strategy, then use a Forex demo account to sharpen your skills until you save enough to have adequate working capital. Prepare Yourself for Trading Success - Beginning traders should keep the famous Boy Scout saying, Be Prepared in mind. The most successful traders in the world became that way by being prepared so there's no reason you shouldn't follow their example.
