Welcome to the Real World Lauren Berger, 2014-04-22 The essential book every workplace novice needs—a smart, practical, and fun guide to help them navigate the minefield of personalities, learn to work with their boss, identify priorities, and ultimately kick butt at their first job. It's a challenging time to be young and new in the workplace. Your parents can't help—the rules have all changed, and faster than guide books can keep up. In *Welcome to the Real World*, career expert and entrepreneur Lauren Berger arms a new generation of workers like you with the tools you need to succeed. She feels your pain. She's been in your shoes. Just a few years ago, she was you. In a world defined by uncertainty, she argues you need to be bold, take risks, and understand your value. She shows you how to think of your job as a link that will eventually connect you to the opportunity of your dreams. It's time to get comfortable getting uncomfortable, she advises. Her essential handbook tells you everything you should know to make the most of your first on-the-job experience, including how to: Think about "The Big Picture" Deal with rejection Effectively manage your time Navigate "sticky situations" in the office and communicate with different personality types Embrace entrepreneurship regardless of position, rank, or title Organize your financial situation and personal life Get promoted and (one day) take your boss' job!

Team Cul de Sac Chris Sparks, 2012-06-05 When Richard Thompson, creator of the cartoon strip Cul de Sac, learned that he had Parkinson's disease, the entire cartoon community was moved. From other cartoonists to fans, the urge to "do something" was overwhelming. Enter Chris Sparks,

friend of and webmaster for Richard, who came up with the idea of joining the Team Fox effort. Having read two of Michael J. Fox's books, he knew about the foundation, which made him think of creating a Team Cul de Sac to honor Richard and to raise money for and awareness about PD. He set up the team with the foundation and began the quest to create a book that contributors would donate their original art to be included in the book and to be auctioned off later. All of the auction's and a portion of the book's profits will be donated to Team Fox. The response to Chris's call for art has been impressive. From indie cartoonists to noted syndicated, editorial, and magazine cartoonists to graphic novel artists, illustrators, and sheer Cul de Sac fans, the assortment of cartoon styles paying homage to Cul de Sac and Richard Thompson in Team Cul de Sac is truly inspiring.

Bread Book Chad Robertson, 2021-12-21 Visionary baker Chad Robertson unveils what's next in bread, drawing on a decade of innovation in grain farming, flour milling, and fermentation with all-new ground-breaking formulas and techniques for making his most nutrient-rich and sublime loaves, rolls, and more—plus recipes for nourishing meals that showcase them. “The most rewarding thing about making bread is that the process of learning never ends. Every day is a new study . . . the possibilities are infinite.”—from the Introduction More than a decade ago, Chad Robertson's country levain recipe taught a generation of bread bakers to replicate the creamy crumb, crackly crust, and unparalleled flavor of his world-famous Tartine bread. His was the recipe that launched hundreds of thousands of sourdough starters and attracted a stream of understudies to Tartine from across the globe. Now, in *Bread Book*, Robertson and Tartine's director of bread, Jennifer Latham, explain how high-quality, sustainable, locally sourced grain and flours respond to hydration and fermentation to make great bread even better. Experienced bakers and novices will find Robertson's and Latham's primers on grain, flour, sourdough starter, leaven, discard starter, and factoring dough formulas refreshingly easy to understand and use. With sixteen brilliant formulas for naturally leavened doughs—including country bread (now reengineered), rustic baguettes, flatbreads, rolls, pizza, and vegan and gluten-free loaves, plus tortillas, crackers, and fermented pasta made with discarded sourdough starter—*Bread Book* is the wild-yeast baker's flight plan for a voyage into the future of exceptional bread.
