The Order of Odd-Fish James Kennedy,2010-02-09 JO LAROUCHE HAS lived her 13 years in the California desert with her Aunt Lily, ever since she was dropped on Lily’s doorstep with this note: This is Jo. Please take care of her. But beware. This is a dangerous baby. At Lily’s annual Christmas costume party, a variety of strange events take place that lead Jo and Lily out of California forever—and into the mysterious, strange, fantastical world of Eldritch City. There, Jo learns the scandalous truth about who she is, and she and Lily join the Order of Odd-Fish, a collection of knights who research useless information. Glamorous cockroach butlers, pointless quests, obsolete weapons, and bizarre festivals fill their days, but two villains are controlling their fate. Jo is inching closer and closer to the day when her destiny is fulfilled, and no one in Eldritch City will ever be the same.

Sekret Machines Book 1: Chasing Shadows Tom DeLonge,AJ Hartley,2016-04-05 For those who know... that something is going on... The witnesses are legion, scattered across the world and dotted through history, people who looked up and saw something impossible lighting up the night sky. What those objects were, where they came from, and who—or what—might be inside them is the subject of fierce debate and equally fierce mockery, so that most who glimpsed them came to wish they hadn’t. Most, but not everyone. Among those who know what they’ve seen, and—like the toll of a bell that can’t be unrung—are forever changed by it, are a pilot, an heiress, a journalist, and a prisoner of war. From the waning days of the 20th century’s final great war to the fraught fields of Afghanistan to the otherworldly secrets hidden amid Nevada’s dusty neverlands—the truth that is out there will propel each of them into a labyrinth of otherworldly technology and the competing aims of those who might seek to prevent—or harness—these beings of unfathomable power. Because, as it turns out, we are not the only ones who can invent and build...and destroy. Featuring actual events and other truths drawn from sources within the military and intelligence community, Tom DeLonge and A.J. Hartley offer a tale at once terrifying, fantastical, and perhaps all too real. Though it is, of course, a work of... fiction?

Honey Blood Kirsty Everett,2021-02-01 'I thought if I was going to die I should write some things down' Kirsty Everett was going to be an Olympic gymnast. But as she made plans to win gold, life, as it does, laughed at the goal she'd set. Aged nine, she was diagnosed with leukaemia and spent the next two and a half years in treatment and attending the funerals of children she met in the cancer ward. At the age of sixteen, Kirsty's cancer returned. Faced with a devastating prognosis, she threw herself into as much as she could - friends, school, drama, sport, even a life-writing course with Patti Miller. As she said, 'I thought if I was going to die I should write some things down.' Against the odds, Kirsty survived. She never achieved gold at the Olympics, but she learned a lot about people, attitudes and resilience. This is a book about growing up different when you want to be the same; sparking hostility where there should be support; and how love can be tested to its utmost. It's wise and unflinching and hopeful, and you won't feel the same after reading it. PRAISE 'Told by a writer who's a real natural' Steven Carroll, Sydney Morning Herald '[An] incredible book ... I haven't been able to stop thinking about Kirsty's journey' Chyka Keebaugh 'Everett is a born writer, her compelling story shot through with the extraordinary sensitivities of childhood' - B+P magazine 'Honey Blood is one of the most exuberant, life-affirming memoirs I have ever read. The fact that it is about the uncompromising reality of childhood cancer, makes it all the more extraordinary. Read it and be utterly bowled over Kirsty Everett's astonishing courage, honesty and cheeky humour' - Patti Miller, author 'If the Olympic Games are designed around people achieving their personal best, commitment, courage, determination and reaching their goals, Kirsty has been to the equivalent of two Olympics' - Wayne Staunton, managing director, Sold Out events management 'Do not be afraid of this book. The big C in it is not cancer, it's Courage. The courage to deal with pain, loss, fear and the shattering of a young girl's big dreams. 'Instead of tiptoeing around the tough stuff, and leaving the most difficult bits out, Kirsty Everett dives right in, taking the reader into her world, bravely, honestly, with raw humour and grit. We get up close to her tight-knit family, boisterous friends, tender first loves, doctors both brusque and kind, and rude strangers. Death hovers on every page, but life's vitality and Kirsty's defiant spirit shove it aside. 'This refreshingly straight-talking account of adolescent

leukaemia goes beyond pain to a fuller, wiser, deeper understanding of what really matters when everything you hope for hangs by a thread. It offers the best medicine for anyone who has ever faced relentless physical and mental odds and obstacles that create seemingly insurmountable roadblocks as tests of character. It may not be a cure, but it is one mighty transfusion of the powerful drugs that make us human and help us survive: hope, compassion, and love' - Caroline Baum, author 'This is a coming of age story that will shock and inspire you. Told with searing honesty Honey Blood tells the close-up story of growing up while everything is falling down. In her compassionate, funny and warm way Kirsty Everett tells her story that will inspire others to tell and live through their stories. A wonderful and truthful insight into how to survive and thrive against the odds' - Michael Anderson, Professor of Creativity and Arts Education, University of Sydney

Breathwork Detox Kurtis Lee Thomas,2020-06-16 Breathwork is like 20 years of therapy in one day without saying a word Breathwork is the new yoga; it's meditation for people who don't like to meditate, the overthinkers and impatient ones who don't want to wait for results. There is a breathwork revolution on the rise, and everything you need to know about breathwork is in this book! The World Health Organization states that anxiety and depression are the top disabilities worldwide. In fact, our current era is called The Age of Anxiety. More people are depressed now than in the Great Depression. This book not only shows you how to beat S.A.D. (Stress, Anxiety, Depression), but how to thrive using a tool you've been equipped with since birth, the breath! No food, medication, or exercise acts as quickly as the breath. The results of breathwork are almost immediate and undeniable from just one session. Breathwork induces a flow-state which enhances clarity and creativity by linking the unconscious and conscious parts of the mind. The answers we all seek become more easily accessible to us. Our bodies are living libraries that keep score; they record everything that happens to us throughout our lifetime. When these issues go unresolved, they cause pain and wreak havoc. The issues are in the tissues. Breathwork clears these stagnant and heavy energies from the body which can drastically improve our health and manifesting power. This is the basis of the Breathwork Detox: you must first let go before you can let in. This is where many sabotage their manifesting abilities, because they're not willing to let go of the things in the past that are holding them back from what they currently want. This may be the only reason the law of attraction hasn't worked for you. You must first clear the runway before you can take off or land. Breathwork is the reboot you've been waiting for. Sometimes the weight we need to lose isn't on our bodies. Studies show we are using less and less of our lung capacity over time. The more stressful the world becomes, the less we breathe. We're not just suffering from physical suffocation but also spiritual suicide. Many people are stuck in the rat race, not living their true life's purpose. Now, more than ever, people need a tool to cope with stress and anxiety so they can thrive in a time when other people need them the most. Some doors only open from the inside. Breathwork Detox is the key to accessing that door and tapping into the powers you know are there. You just don't know what they are or how to use them. The author shares his journey of how he had a mysterious illness and was tired of paying the medical industry to keep him sick. Instead, Kurtis wanted to HEAL. Breathwork Detox not only changed his life when nothing else would, but it saved his life, and now he wants to share it with the world. Order now to experience the healing power of Breathwork Detox!

Swiss Public Administration Andreas Ladner,Nils Soguel,Yves Emery,Sophie Weerts,Stéphane Nahrath,2018-08-07 Swiss citizens approve of their government and the way democracy is practiced; they trust the authorities and are satisfied with the range of services Swiss governments provide. This is quite unusual when compared to other countries. This open access book provides insight into the organization and the functioning of the Swiss state. It claims that, beyond politics, institutions and public administration, there are other factors which make a country successful. The authors argue that Switzerland is an interesting case, from a theoretical, scientific and a more practice-oriented perspective. While confronted with the same challenges as other countries, Switzerland offers different solutions, some of which work astonishingly well.
