Art of the Classic Car Peter Bodensteiner,2013-09-16 DIVThe rarity and historical significance of prewar classic and antique cars make them hot commodities on the collector car market. These are the automobiles that populate the fairways and manicured lawns of the world's greatest car shows in alluring locales like Pebble Beach, California, and Amelia Island, Florida. These are the cars that bring a hush to the hall when they roll across the blocks at auctions around the world. These are the cars that fill the world's greatest collections, like those of Ralph Lauren, Mark Knopfler, and various members of royal families. These are the cars from history's premiere automakers: hallowed names like Packard, Duesenberg, Stutz, Bugatti, Mercedes-Benz, Cord, and others'six-figure and million-dollar machines that thrill Barrett-Jackson audiences and drive bidders to frenzy. Art of the Classic Car features the stunning studio photography of Peter Harholdt (Art of the Hot Rod, Art of the Muscle Car), lavished on the most significant automobiles from the classic era: the 1910s to early 1940s. Every page contains framable-quality portraits of some of the most important cars ever made, with each car accompanied by a short essay from automotive expert Peter Bodensteiner that places the model contextually within automotive history. Complete with period ads and promotional art, Art of the Classic Car is the most beautiful pictorial history of classic cars ever produced./div

Classic Cars Review Michael Görmann,2018 For decades, a passion for vintage motors was regarded as an eccentric

hobby, particularly prevalent among the wealthy of an older generation. Today, classic cars have an ever larger, younger fan base. Events such as the Mille Miglia in Italy, the Festival of Speed at Goodwood in England, and Pebble Beach in the U.S. enjoy increasing popularity and booming visitor numbers, year after year. In an opulent coffee table book, Classic Cars Review celebrates the classic car phenomenon by presenting the most beautiful, exciting, and exclusive vintage vehicles, until now only visible in museums or behind the locked doors of private collections. It's a Concours d' l gance in book form, showcasing such icons as the Mercedes-Benz 300 SL Gullwing, Aston Martin DB5, and Rolls-Royce Phantom III, as well as a multitude of extraordinary cars with remarkable histories--whether owned by well-known personalities or ushered in extraordinary successes on the racetrack. Many of these cars were produced in minimal runs or are one of few surviving models. In addition to the vehicles themselves, this must-have classic car book also shows the institutions and key players behind the exclusive vintage car scene. With large, never-before-seen collections and their collectors, Classic Cars Review provides exclusive insights into the world of the largest classic car auction houses, the most innovative classic car dealers, and all the key vintage car events.
