The Mobile Commerce Revolution Tim Hayden, Tom Webster, 2014-10 Explains how mobile commerce has transformed consumer behavior and the competitive culture, and offers business strategies for profiting in this environment.

Wireless Rules Frederick Newell, Katherine Newell Lemon, 2001 This text outline a paradigm for marketing: m-marketing, incorporating mobile, wireless, e-commerce and customer communication. Case studies and action steps show how to improve customer loyalty with individualized messages and how to use B2B opportunities.

JavaScript for Absolute Beginners Terry McNavage, 2011-08-23 If you are new to both JavaScript and programming, this hands-on book is for you. Rather than staring blankly at gobbledygook, you'll explore JavaScript by entering and running hundreds of code samples in Firebug, a free JavaScript debugger. Then in the last two chapters, you'll leave the safety of Firebug and hand-code an uber cool JavaScript application in your preferred text editor. Written in a friendly, engaging narrative style, this innovative JavaScript tutorial covers the following essentials: Core JavaScript syntax, such as value types, operators, expressions, and statements provided by ECMAScript. Features for manipulating XHTML, CSS, and events provided by DOM. Object-oriented JavaScript, including prototypal and classical inheritance, deep copy, and mixins. Closure, lazy loading, advance conditional loading, chaining, currying, memoization, modules, callbacks, recursion, and other

powerful function techniques. Encoding data with JSON or XML. Remote scripting with JSON-P or XMLHttpRequest Drag-and-drop, animated scrollers, skin swappers, and other cool behaviors. Optimizations to ensure your scripts run snappy. Formatting and naming conventions to prevent you from looking like a greenhorn. New ECMAScript 5, DOM 3, and HTML 5 features such as Object.create(), Function.prototype.bind(), strict mode, querySelector(), querySelectorAll(), and getElementsByClassName(). As you can see, due to its fresh approach, this book is by no means watered down. Therefore, over the course of your journey, you will go from JavaScript beginner to wizard, acquiring the skills recruiters desire.

Primavera Mark A. Schoedl,2020-12-30 I did not become a serious writer until later in life. I simply could not find my way in the business worlds; so, writing and the visual arts arose from the ashes of despair. John Kouzmanoff, a retired elementary school teacher helped me through the doldrums of my disparate existence. Over time, he talked about his life and the fears that held him back. Suddenly, I eased up on myself and those dreaded anxieties became less noticeable. John, however, passed away from kidney failure while vacationing in Salt Lake City. This man of 65 who once marched every single time Martin Luther King, Jr. came to Chicago, softly touches my heart whenever nothing seems to go right. Humility and love are all I ever need or to reach out (desire) for that matter. Rest in Peace John.

Bound Melody Anne,2014-07-02 Relinquish Control has opened its doors in

Seattle, and already we aren't shy for customers. Relinquish Control is an exclusive escort service catering to the most distinguished customers, from business magnates to foreign royalty. This proven and well-established international business offers an elite selection of women who are ready and willing to attend to your every need with no questions asked. Confidentiality is our special obligation. Jewell Weston is homeless and desperate at age twenty-four. Two years ago, she quit her job to care for her ailing mother and her young brother; the medical bills incurred because of the cancer that killed her mother two months ago took everything the family had, and the state took away her brother, now age ten. The only way for her to get the boy back is by finding a job and securing a home. When she's approached by a woman in cashmere and pearls who tells her she can change her life, and is handed a card with the business name Relinquish Control on it, she thinks she has nothing to lose by calling the phone number. Maybe this will be the answer to her prayers, a way to save her little brother from the nightmarish foster home he's been placed in. Blake Knight, known to the world as cold and without a heart, is given an exclusive membership to Relinquish Control by his devilish younger brother, who thinks it would be amusing to make his staid brother squirm. Little does this brother realize that Blake does indeed have unusual desires that Relinquish Control can cater to. What started as a joke turns out to be just what Blake needs. Though the world sees this man as deliberate and emotionless, it's nothing but a façade. What lies underneath

would shock all those who know him. When he and his two brothers were six, eight, and ten, they were tied up and forced to watch while their parents were murdered. The image has been burned into their minds, though they've tried to forget, leaving each of them guarded and unwilling to give their trust to anyone other than each other. No one is allowed to have their hearts. The brothers would never think of letting down their guard with anyone but each other, certainly not with a woman. Follow Blake and Jewell's journey and see if they can find a happily ever after . . .
