*Badass: Making Users Awesome* Kathy Sierra,2015-01-29 Note for ebook customers: The design and layout of this book play a key role in conveying the author's message. When creating the ebooks, we've tried to keep the look and feel of the print edition, but this means that not all e-reading devices will support the files. The EPUB format is optimized for iPad. The Mobi files are optimized for Kindle Fire tablets and phones and for Kindle reading apps. Imagine you're in a game with one objective: a bestselling product or service. The rules? No marketing budget, no PR stunts, and it must be sustainably successful. No short-term fads. This is not a game of chance. It is a game of skill and strategy. And it begins with a single question: given competing products of equal pricing, promotion, and perceived quality, why does one outsell the others? The answer doesn't live in the sustainably successful products or services. The answer lives in those who use them. Our goal is to craft a strategy for creating successful users. And that strategy is full of surprising, counter-intuitive, and astonishingly simple techniques that don't depend on a massive marketing or development budget. Techniques typically overlooked by even the most well-funded, well-staffed product teams. Every role is a key player in this game. Product development, engineering, marketing, user experience, support—everyone on the team. Even if that team is a start-up of one. Armed with a surprisingly overlooked science and a unique POV, we can reduce the role of luck. We can build sustainably successful products and services that rely not on unethical persuasive marketing tricks but on helping our users have deeper, richer experiences. Not just in the moments while they're using our product but, more importantly, in the moments when they aren't.

Why Do Men Fall Asleep After Sex? Mark Leyner,Billy Goldberg, M.D.,2006-08-01 The Doctor Is In . . . Again! Did the mega-bestselling Why Do Men Have Nipples? exhaust your curiosity about stuff odd, icky, kinky, noxious, libidinous, or just plain embarrassing? No, you say? Well, good, because the doctor and his able-bodied buddy are in! Again! Mark Leyner and Billy Goldberg, M.D., now take on the differences between the sexes—those burning questions like Why doesn't my husband ever listen? or Why does my wife ALWAYS have to pee? And of course, Why do men fall asleep after sex?, plus plenty of others to keep you fully informed. Full of smart and funny answers to an onslaught of new questions, all in a do-ask-we'll-tell spirit that entertain and teaches you something at the same time, Why Do Men Fall Asleep After Sex? offers the real lowdown on everything everyone wants to know about all things anatomical, medical, sexual, nutritional, animal, and mineral, but would only ask a physician after a few too many, like: • Why do you have a "bionic" sense of smell when you're pregnant? • Does peeing in the shower cure athlete's foot? • Is a dog's mouth clean? • Can you breastfeed with fake boobs? • Does thumb sucking cause buckteeth? • Do your eyebrows grow back if shaved? Bigger, funnier, and better than ever, Why Do Men Fall Asleep After Sex? proves that in the battle of the sexes, as in most things, a little Q&A is a safe, effective, minimally invasive remedy. Ski Snowboard America Charles Leocha,2006-10 Leocha's Ski Snowboard America (19th Edition) is a complete

guidebook that provides all the information to make intelligent choices and the phone and fax numbers to make reservations and plans. It takes no advertising, has no ax to grind, and is written by Leocha together with an international team of prize-winning ski and snowboard journalists. The writers let skiers and snowboarders know whether the resort is a cluster of condominiums clinging to a steep slope or a traditional mountain village exuding old-world atmosphere and whether they should pack a sequined gown or simply bluejeans for the nightlife. They also give a no-nonsense, accurate, and dependable rating of the ski terrain. Ski Snowboard America includes expanded up-to-date coverage of more than 100 resorts in the U.S. and Canada. Readers will learn about cross-country trails surrounding the resorts as well as details about current prices for lift tickets and ski school programs, complete children and day care programs, plus lodging, dining and nightlife. Simply more important details than any other guide.

**Dudeville** J.D. Kleinke, 2017-11-13 Imagine Huck Finn lighting out for the territories 150 years later, this time as a late-30s corporate dropout turned backcountry snowboarder and mountain climber. Dudeville is a coming-of-middle-age adventure story, set in and all around small-town Colorado during the outdoor sports explosion of the 1990s. Inspired by a wide and wild range of influences -- from Thoreau, Whitman, Muir and Twain, to Jack Kerouac, Edward Abbey and Warren Miller -- Dudeville is equal parts extreme sports tale, male bonding romp, and reluctant love story, a sensuous, lyrical, exuberant exploration of the American West. Dudeville's author, J.D. Kleinke, was a serious health care guy in Baltimore until he discovered snowboarding, hang gliding, jam bands, and the raw spiritual power of life above treeline . . . and moved to Colorado. He is the author of three books about medicine in America, including *Catching Babies*, a novel about the culture of maternity care and childbirth. He has also been involved in the formation, management, and governance of several health care companies and non-profit organizations. His work has appeared in *The New York Times*, *The Wall Street Journal*, and dozens of medical and business publications. He lives with his wife in Half Moon Bay, California, and Portland, Oregon. From Dudeville: From this summit, the horizon seesaws open into an electric blue dream of Colorado sky. The adolescent swagger and brawn of the Rockies is nothing like the stooped and rounded hills back east. Spiked with mammoth formations of rock and ice, this vast, continental cacophony is the very roof of the world, pushed skyward by geologic time while collapsing under its own weight. I drop in, and surf off the wind-scoured edge, working the margin between transcendent bliss and utter catastrophe, a controlled fury exploding from my core into arcing snowboard turns as I crisscross the fall-line and dissolve into gravity...
