Summary of Jon Krakauer's Under the Banner of Heaven Everest Media,2022-05-03T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Church of Jesus Christ of Latter-day Saints, which is the largest Mormon church, is located in Salt Lake City. The choir that performs at the temple is representative of the Mormons as a people: chaste, optimistic, and outgoing. But Mormons and Mormon Fundamentalists believe in the same holy texts and the same sacred history. #2 The LDS Church is extremely defensive about its short, uncommonly rich history, and no aspect of that history is more important than polygamy. Polygamy was a tenet of Joseph Smith's church that was important enough to be canonized as Section 132 of The Doctrine and Covenants. #3 While the Utah War did not remove Brigham from power, it did end the practice of plural marriage, which angered many American presidents. The LDS Church eventually renounced polygamy, but some high-ranking members continued to secretly take multiple wives well into the twentieth century. #4 The Grand Canyon is a stupendous 277-mile rent in the planet's hide that serves as a formidable natural barrier between Arizona and the rest of the country. It is home to one of the lowest population densities in the country.

Under the Red Banner Elvira Grözinger,Magdalena Ruta,2008 The majority of European Yiddish speaking Jews was murdered by Hitler's National Socialists, their cultural realm was destroyed. After the war, the Communist regimes suppressed Jewish culture, but despite emigration of Jewish survivors, small Jewish communities continued to exist and made efforts to revive their culture in most of the Communist countries. Jewish organizations, clubs, cultural societies and theatres were founded, and a great number of Yiddish books, newspapers and periodicals were printed, despite political pressure, hostility and persecution. The cultural activity which developed under the red banner cannot of course be compared to the immense impact the Yiddish culture experienced before the Second World War but it was an important phenomenon in Jewish history which remained uninvestigated for a long time and has not been described in a proper way until today. This volume of seventeen essays is a collection of papers delivered by scholars from the USA, Sweden, Israel, Germany and Poland at the conference on Yiddish Culture in the Communists Countries in the Postwar Era which was organized at the Jagiellonian University Cracow in cooperation with the University of Potsdam in November 2006.

In the Shadow of the Red Banner Yitzhak Arad,2010 Over 500,000 Jews fought under the Soviet banner in World War Two, of which an approximate 40 percent gave their lives - the highest percentage of all the nations of the Soviet Union and among all the other nations that fought in the Second World War. Dr. Arad now sets the record straight on the immense contribution of Soviet Jewry in the battle against Nazi Germany, a part of history long concealed by the Soviet government. After outlining the military progress of the war, the book documents the contributions of Soviet Jewry on the battlefronts and in the weapons development industry, in the ghetto undergrounds and in partisan warfare. In addition, the book records the Soviet government's deliberate attempts to downplay the Jewish effort and the anti-Semitism that Jewish soldiers and partisan groups suffered at the hands of the Soviet establishment, even while giving their lives for their country. Replete with the stories of individual heroes of all ranks, the book pays a debt of gratitude to those who paid the ultimate price to achieve our victory.
