Elmer Kelton

*The Perfect Fence* Lyn Ellen Bennett, Scott Abbott, 2017-11-15

Barbed wire is made of two strands of galvanized steel wire twisted together for strength and to hold sharp barbs in place. As creative advertisers sought ways to make an inherently dangerous product attractive to customers concerned about the welfare of their livestock, and as barbed wire became commonplace on battlefields and in concentration camps, the fence accrued a fascinating and troubling range of meanings beyond the material facts of its construction. In *The Perfect Fence*, Lyn Ellen Bennett and Scott Abbott explore the multiple uses and meanings of barbed wire, a technological innovation that contributes to America's shift from a pastoral ideal to an industrial one. They survey the vigorous public debate over the benign or "infernal" fence, investigate legislative attempts to ban or regulate wire fences as a result of public outcry, and demonstrate how the industry responded to ameliorate the image of its barbed product. Because of the rich metaphorical possibilities suggested by a fence that controls through pain, barbed wire developed into an important motif in works of literature from the late nineteenth century to the present day. Early advertisements proclaimed that barbed wire was "the perfect fence," keeping "the ins from being outs, and the outs from being ins." Bennett and Abbott conclude that while barbed wire is not the perfect fence touted by manufacturers, it is indeed a meaningful thing that continues to influence American identities.

Barbed Wire Olivier Razac, 2003-06-01 Traces the late-nineteenth-century invention of barbed wire and explores the

historical role of this cheap, mass-produced technology that allowed control and confinement of large amounts of open space, explaining the significance of barbed wire in terms of the mass warfare, political conquest, and genocide of the modern era. 12,500 first printing.

**The Barbed-Wire University** Midge Gillies, 2011-05-25 “A moving and eye-opening account of the lives of second world war PoWs by the daughter of a man who was captured . . . a riveting collection of stories.” —The Guardian Feature films like *The Bridge on the River Kwai* and *The Great Escape* have created the stereotype of the Second World War prisoner of war. But, as Midge Gillies shows in this groundbreaking work of social history, the true experiences of nearly half a million Allied servicemen held captive during the Second World War were nothing like the Hollywood myth—and infinitely more extraordinary. The real lives of POWs saw them respond to the tedium of a German stalag or the brutality of a Japanese camp with the most amazing ingenuity and creativity. They staged glittering shows, concerts and elaborate sporting fixtures, made exquisite ornaments—even, amid the terrible privations of the Thailand-Burma railway, improvised daring surgical techniques to save their fellow men’s lives. Whatever skills or hobbies they took with them to captivity they managed to continue and adapt—to the extent of laying out a 9-hole golf course between the huts of one German camp. They took up crafts and pastimes using materials they found around them: even the string from a Red Cross food parcel was used to make cricket balls, football nets and wigs for theatrical performances. Men studied, attended lectures, learned languages, sat for qualifications and exams, on such a scale that one camp was nicknamed “The Barbed-Wire University.” Drawing on letters home, diaries and interviews with redoubtable

survivors now into their nineties, Midge Gillies recreates the daily lives of a truly remarkable group of men. "Astonishing tales of improvisation, ingenuity and courage." —The Spectator

**Cultural Heritage and Prisoners of War** Gilly Carr, Harold Mytum, 2012-04-27 This book focuses on the numerous examples of creativity produced by POWs and civilian internees during their captivity, including: paintings, cartoons, craftwork, needlework, acting, musical compositions, magazine and newspaper articles, wood carving, and recycled Red Cross tins turned into plates, mugs and makeshift stoves, all which have previously received little attention. The authors of this volume show the wide potential of such items to inform us about the daily life and struggle for survival behind barbed wire. Previously dismissed as items which could only serve to illustrate POW memoirs and diaries, this book argues for a central role of all items of creativity in helping us to understand the true experience of life in captivity. The international authors draw upon a rich seam of material from their own case studies of POW and civilian internment camps across the world, to offer a range of interpretations of this diverse and extraordinary material.

*Boss of Barbed Wire* Barry Cord, 2021 When Ben Sladeen had come to Two Mile and taken a job as ramrod of the Barbed Wire spread, he had intended to start a new life, with nothing to remind him of the old days in New Orleans when he had been carefree and in love until the King brothers and Curly Temper had shattered the idyll. Then Temper bought a ranch adjoining the Barbed Wire and set out once more to foil and frustrate Sladeen. With John Cross, Ben's boss, in no condition to defend himself, Ben had to resort to trickery in order to protect his employer. When Cross didn't know what he was doing, Ben had him sign a bill of sale giving Ben the ranch a to fight Temper on even and then prepared to fight Temper on even terms. It was at this point that first Vern and then Guy King showed up in Two Mile, proving

that history not only repeats itself, but sometimes does so with the same actors--

Barbed-Wire Butterflies Jessica Kristie, 2013-01 Elani Benjamin had never imagined the level of fear and uncertainty that was now a demoralizing part of her everyday life. With freedom ripped from her world, Elani must stand alongside the hundreds of other women forced into slave labor by the mysterious organization that runs The Hub. At only thirteen years of age, she must decide if she will give in to the daily atrocities surrounding her or keep fighting her courageous, emotional battle for freedom. Malnutrition, intimidation, and abuse force them all into an isolated depression that guarantees compliance. On the edge of surrender, Elani finds an ally in Eddie, a repentant long-term employee of The Hub who gives her the resolution to find a way out of her imprisonment and the hope of reclaiming her stolen freedom. 100% of all print royalties and a percentage of digital copies go to Courage Worldwide, an international non-profit organization that is building homes around the world for

children rescued out of sex trafficking.

**Dancing on Barbed Wire** Terry Dalrymple, Jerry Craven, Andrew Geyer, 2018-10-15 This clever adaptation of the short-story cycle is like a weaving where characters pass first as warp-setting the stage, then weft- elaborating their histories and motives. The reader meets again a character from a previous story, with more revelation through widening circumstances.

Guests Behind the Barbed Wire Ruth Beaumont Cook, 2007 A significant and unique contribution to World War II literature, this book chronicles in meticulous detail the building and operation of the largest German prisoner-of-war (POW) camp in the United States in Aliceville, Alabama. This history discusses how the residents of Aliceville helped build, operate, and supply the camp, as well as become inextricably intertwined with camp life and the 6,000 German POWs held there. Focusing on the relations between the captured Germans and local Americans, this title investigates the nature of war, peace, and the principles of human dignity.

**Behind the Barbed Wire** Chester M. Biggs, 1995 On December 8, 1941, Japanese troops methodically took over the U.S. Marine guard posts at Peiping and Tientsin, causing both to surrender. Imprisoned first at Woosung and then at Kiangwan in China, the men were forced to laboriously construct a replica of Mount Fujiyama. It soon became apparent that their mountain was to be used as a rifle range. In 1945 the author was among those transferred to the coal mining camp at Uteshinai in Japan. Recounted here are descriptions of the living and working conditions at the prison camps in China, the treatment of American prisoners by their Japanese captors, and how the POWs were able to hold themselves together.
