Positive Lightning Laurie Salzler, 2014-12-15 Kate Winter teaches dog owners how to train their canine companions. During her spare time, accompanied by her Lab, Dakota, she explores the woods and beaches on foot or horseback. She's worried that something's happening in her relationship, but she can't get her girlfriend Trish to talk to her about it. Faith Hutchins recently lost her sight after a terrible outdoor accident. She's dealt with her anger, depression, and blindness primarily on her own. A seeing-eye dog would help alleviate her reliance on anyone else, but the guide dog school has been unsuccessful in providing her with one. On a mission to find someone who will train a dog specifically for her, she ultimately zeroes in on Kate. They say lightning never strikes the same place twice. But positive lightning is notoriously unpredictable and can ignite a fire when and where least expected . . . no matter who's in its path.

Vertical Poetry Roberto Juarroz, 2011 Octavio Paz called the late Roberto Juarroz, one of Latin America's most distinguished contemporary poets, a poet of absolute instants.

All-in Fighting W. E. Fairbairn, 2021-05-06 The author of this concise guide to unarmed combat and self-defence is a legend. W. E. Fairbairn (1885-1960)

spent over thirty years in the tough environment of the Riot Squads of China's Shanghai Municipal Police. In order to lower levels of Police mortality at the hands of Chinese Tongs, he studied ancient Chinese and Japanese martial arts, including Ju-jitsu, and was the first foreigner to be awarded a black belt in the discipline. He developed his own system which he called 'Defendu'. At the outbreak of the Second World War, he was recruited by Britain's Special Operations Executive as an Instructor in unarmed combat and expounded the deadly mysteries of attack and defence to scores of trainee agents about to be dropped into occupied Europe. His methods were approved and officially adopted throughout the British army. Fairbairn also developed weapons and defence aids such as bullet proof vests. He is best known as the co-inventor of the famous Sykes-Fairbairn knife. In this book he expounds his distilled experience of unarmed combat. Fully illustrated, it shows how to deliver deadly blows with hand, fist, knee and boot; wrist, bear- and strangle holds (and how to break them); how to throw an enemy, and how to break their backs; how to disarm a pistol-wielding attacker; and securing a prisoner. The book also contains a chapter on the use of the rifle in close combat by Captain P. N. Walbridge.

Vendetta Honore de Balzac, 2020-09-28 In the year 1800, toward the close of October, a foreigner, accompanied by a woman and a little girl, was standing for a long time in front of the palace of the Tuileries, near the ruins of a house recently pulled down, at the point where in our day the wing begins which was intended to unite the chateau of Catherine de Medici with the Louvre of the Valois. The man stood there with folded arms and a bowed head, which he sometimes raised to look alternately at the consular palace and at his wife, who was sitting near him on a stone. Though the woman seemed wholly occupied with the little girl of nine or ten years of age, whose long black hair she amused herself by handling, she lost not a single glance of those her companion cast on her. Some sentiment other than love united these two beings, and inspired with mutual anxiety their movements and their thoughts. Misery is, perhaps, the most powerful of all ties. The stranger had one of those broad, serious heads, covered with thick hair, which we see so frequently in the pictures of the Caracci. The jet black of the hair was streaked with white. Though noble and proud, his features had a hardness which spoiled them. In spite of his evident strength, and his straight, erect figure, he looked to be over sixty years of age. His dilapidated clothes were those of a foreign country. Though the faded and once beautiful face of the wife betrayed the deepest sadness, she forced herself to smile, assuming a calm countenance whenever her husband looked at her.

Stygian's Honor Lora Leigh,2012-08-07 Window Rock, Arizona, is the last known location of Honor Roberts, who vanished when she was just thirteen. It was her only sanctuary from the Breed research that would surely have ended in her death—one such insidious experiment should, indeed, have killed her. That she lived is both a miracle—and a great mystery. Stygian's mission is to find Honor Roberts, no matter the cost. Now, with the help of Liza Johnson, assistant to the chief of the Navajo Nation, he is closer than ever to his goal.
