Mark C. Bodanza

Basketball in the SEC (Southeastern Conference) Greg Roza, 2008-01-15 Describes the history, key people, teams, important games, and mascots of the Southeastern Conference of NCAA basketball.

When March Went Mad Seth Davis, 2009-03-03 Davis recounts the dramatic story of how two legendary players--Earvin Magic Johnson and Larry Bird--burst on the scene in a 1979 NCAA championship that gave birth to modern basketball.

The Originals Murry Nelson, 1999 Was there really professional basketball before the NBA? Indeed there was. It was a rugged game but one that continued to evolve swiftly from its invention in 1891. The original Celtics were at the vanguard of this creation and development. The team began as a local group of young Irishmen from the Hell s Kitchen area of New York City in 1914. Through shrewd acquisitions of top players, they were transformed into the most powerful basketball team of their time. In the period from 1919 to 1928 the Celtics won over seven hundred games with fewer than sixty losses. This book chronicles the team, the players, the league seasons and the early era of professional basketball.

Make It Count Mark C. Bodanza, 2012-05 In an age dominated by overhyped athletes who are sometimes short on character, JoJo White's story offers a refreshing look back at one athlete's career--a career that was the product of genuine good values... [This book] narrates a compelling chronicle of a sports career complete with drama, triumphs, and losses, as well as an affirmation that hard work has its reward. In life, as in basketball, JoJo White's approach to each opportunity that a new day presents has always been the same: make it count--Publisher's website.

Rebound! David Borges,2015-02-27 In September 2012,

legendary University of Connecticut men's basketball coach Jim Calhoun—who had won three national championships, the last in 2011—abruptly retired. His handpicked replacement was Kevin Ollie, a former UConn player and longtime NBA journeyman who had returned two years earlier to be Calhoun's assistant. Ollie was widely praised as a "basketball savant" and respected by virtually everyone who knew him. But he had no head coaching experience—at any level—before taking the UConn job. He was also inheriting a mess. Due to past academic problems, UConn

was barred from postseason play in 2013, and largely because of this, several top players left the program, either for the NBA draft or for other schools. On top of that were the uncertainties of a greatly changed conference, as well as difficulties on the recruiting trail. Despite it all, a dedicated core of players stayed and won twenty hard-fought games, even with no tournament chances to hope for. The following season, expectations for the team were modest, and the odds of a championship were slim to none. But with the tournament ban lifted, a talented group of players, led by Shabazz Napier, emerged and went on to upset Michigan State to advance to the Final Four, causing millions of college hoops fans across the country to rip up their carefully constructed brackets. When they beat preseason no. 1 Kentucky, with its 50 NBA-bound starters and celebrity coach John Calipari, to win the 2014 title, theirs became one of the great comeback stories in all of sports, a rags-to-riches triumph for a storied program and its new head coach.

From Behind the Bench Vinny Pezzimenti and Bill Peters, 2011-07-19 On a March afternoon in Cleveland, St. Bonaventure battled powerful Kentucky for 40 minutes and two overtimes in the first round of the 2000 NCAA Tournament. Though the Bonnies would lose that day, the moments that accompanied that game provided St. Bonaventure's proud alumni a vast sense of pride. For a men's basketball program that was once considered an elite entity, it was fulfilling return to glory. No one could have envisioned then that St. Bonaventure basketball would endure lowest of lows almost exactly three years later. The St. Bonaventure basketball scandal of 2003 created national headlines and rocked to its core a proud institution. The university president schemed to allow an ineligible player, by NCAA standards, on the court, leading to series of damning events. Victories were forfeited, a team in turmoil quit on its season, several of those involved were fired and the president of the board of trustees, ripped by his role in the sorry state of

affairs, committed suicide. As student-managers, we closely witnessed the circumstances that led to the upheaval. We were in the locker room, the coaches offices and on the team bench. We were there for all the corruption, deceit and greed. We were there when an ill-conceived plan came tumbling down in the harshest of manners and St. Bonaventure's lost ways became a punchline across the country.

The Sons of Westwood John Matthew Smith, 2013-09-30 For more than a decade, the UCLA dynasty defined college basketball. In twelve seasons from 1964 to 1975, John Wooden's teams won ten national titles, including seven consecutive championships. The Bruins made history by breaking numerous records, but they also rose to prominence during a turbulent age of political unrest and youthful liberation. When Lew Alcindor and Bill Walton--the most famous college basketball players of their generation--spoke out against racism, poverty, and the Vietnam War, they carved out a new role for athletes, casting their actions on and off the court in a political light. *The Sons of Westwood* tells the story of the most significant college basketball program at a pivotal period in American cultural history. It weaves together a story of sports and politics in an era of social and cultural upheaval, a time when college students and college athletes joined the civil rights movement, demonstrated against the Vietnam War, and rejected the dominant Cold War culture. This is the story of America's culture wars played out on the basketball court by some of college basketball's most famous players and its most memorable coach.

Indiana University Basketball Encyclopedia Jason Hiner, 2004 The tradition of college basketball excellence that reigns at Indiana University can only be matched by a handful of other elite programs, while the fierce devotion of IU basketball fans has been selling out arenas and inspiring generation after generation of Hoosier fans for over a century. The Indiana University Basketball Encyclopedia captures the glory, the tradition, and the

championships, from the team's inaugural games in the winter of 1901 all the way through the 2003-04 season. The most comprehensive book ever written about IU basketball, this encyclopedia covers every season and every game the Hoosiers have played throughout their illustrious history, including all of the program's Big Ten Conference championships and NCAA championships. It is a must-have for the library of every devoted IU basketball fan and a fitting guide to one of the most storied traditions in all of college basketball.

Making March Madness Chad Carlson, 2017-08-15

Throughout the NCAA Tournament's history, underdogs, Cinderella stories, and upsets have captured the attention and imagination of fans. Making March Madness is the story of this premiere tournament, from its early days in Kansas City, to its move to Madison Square Garden, to its surviving a point-shaving scandal in New York and taking its games to different sites across the country. Chad Carlson's analysis places college basketball in historical context and connects it to larger issues in sport and American society, providing fresh insights on a host of topics that readers will find interesting, illuminating, and thought provoking.

The Capital of Basketball John McNamara, 2019-11-03 The celebration of Washington D.C. basketball is long overdue. The D.C. metro area stands second to none in its contributions to the game. Countless figures who have had a significant impact on the sport over the years have roots in the region, including E.B. Henderson, the first African-American certified to teach public school physical education, and Earl Lloyd, the first African-American to take the court in an actual NBA game. The city's Spingarn High School produced two players - Elgin Baylor and Dave Bing - recognized among the NBA's 50 greatest at the League's 50th anniversary celebration. No other high school in the country can make that claim. These figures and many others are chronicled in this book, the first-ever comprehensive look at the great high school players, teams and coaches in the D.C.

metropolitan area. Based on more than 150 interviews, *The Capital of Basketball* is first and foremost a book about basketball. But in discussing the trends and evolution of the game, McNamara also uncovers the turmoil in the lives of the players and area residents as they dealt with prejudice, educational inequities, politics, and the ways the area has changed through the years.
