Soldier Extraordinaire Alfred E. Cornebise,2019 *Soldier Extraordinaire* explores the colorful life and varied accomplishments of Brig. Gen. Frank Pinkie Dorn, an unusual player on the world stage during the 1920s and beyond World War II. Over the course of his 30-year Army career, Dorn manifested probing observations and analyses especially of Asia. He produced writings on subjects ranging from Philippine native tribes to Peking's Forbidden City and the origins of the Sino-Japanese War that began in 1937. Following the end of World War II, he was closely involved in Gen. Douglas

MacArthur's brilliant occupation and pacification of Japan. Beyond his military successes, Dorn created world-class art, enjoyed cooking and writing cookbooks, was renowned for his cartography skills, and relished opportunities to comment on the frequent maelstroms and interplay of relevant personalities on social and military scenes.--Provided by publisher.

The Bodhisattva Ideal Karel Werner, Jeffrey Samuels, Bhikkhu Bodhi, Peter Skilling, Bhikkhu Anālayo, David McMahan, 2013-12-01 This book brings together six essays on the origin and history of the bodhisattva ideal and the emergence of the Mahāyāna. The essays approach the subject from different perspectives—from scholarly examinations of the terms in the Nikayas and Agamas to the relationship of the bodhisattva ideal and the arahant ideal within the broader context of the social environment in which Mahayana formed and further developments that lead to the formulation of the fully fledged bodhisattva path. As such, the collection provides a good overview for a wider Buddhist readership of the history of changes that eventually led to the emergence of the Mahayana. “Arahants, Buddhas and Bodhisattvas”, by Bhikkhu Bodhi “The Bodhisattva Ideal in Theravāda Theory and

Practice”, by Jeffrey Samuels“Bodhi and Arahattaphala From Early Buddhism to Early Mahāyāna”, by Karel Werner“Vaidalya, Mahāyāna, and Bodhisattva in India: An Essay Towards Historical Understanding”, by Peter Skilling“The Evolution of the Bodhisattva concept in Early Buddhist Canonical Literature”, by Bhikkhu Anālayo“Orality, writing and authority in South Asian Buddhism: Visionary Literature and the Struggle for Legitimacy in the Mahāyāna”, by David McMahan

history and evolution of symbols from prehistory to our own day. With over 200 illustrations and lively, informative and often ironic texts, she discusses and explains an enormous variety of symbols extending from the Arctic to Dahomey, from the Iroquois to Oceania, and coming from systems as diverse as Tao, Christianity, Judaism, Buddhism, Islam, Tantra, the cult of Cybele and the Great Goddess, the Pre-Columbian religions of the Western Hemisphere and the Voodoo cults of Brazil and West Africa.

As a dictionary rather than an encyclopedia, there will be concise explanations on a very large number of special terms rather than

lengthy essays on selected subjects. Entries will include definitions of terms from various religious traditions which have now entered into current English usage, as well as a wide variety of semi-technical terms from related fields such as philosophy, sociology and social anthropology.
