Dave Eggers

A Great and Terrible Beauty Libba Bray,2010-05-01 It's 1895, and after the death of her mother, 16-year-old Gemma Doyle is shipped off from the life she knows in India to Spence, a proper boarding school in England. Lonely, guilt-ridden, and prone to visions of the future that have an uncomfortable habit of coming true, Gemma's reception there is a chilly one. To make things worse, she's being followed by a mysterious young Indian man, a man sent to watch her. But why? What is her destiny? And what will her entanglement with Spence's most powerful girls - and their foray into the spiritual world - lead to?

**Afterburn and Aftershock** Sylvia Day,2014 Collects together two sizzling romance tales first published electronically in the Cosmo Red Hot Reads From Harlequin program. (romance).

A Confederacy of Dunces John Kennedy Toole,2007-12-01 Winner of the Pulitzer Prize “A masterwork . . . the novel astonishes with its inventiveness . . . it is nothing less than a grand comic fugue.”—The New York Times Book Review A Confederacy of Dunces is an American comic masterpiece. John Kennedy Toole's hero, one Ignatius J. Reilly, is huge, obese, fractious, fastidious, a latter-day Gargantua, a Don Quixote of the French Quarter. His story bursts with wholly original characters, denizens of New Orleans' lower depths, incredibly true-to-life dialogue, and the zaniest series of high and low comic adventures (Henry Kisor, Chicago Sun-Times).

**A Heartbreaking Work of Staggering Genius** Dave Eggers,2001-02-13 I think this book is kind of malleable. I've never really wanted to put it away and be done with it forever -- the second I first 'finished' it, I wanted to dig back in and change everything around. So I'm looking forward to getting back into the text, and straightening and focusing and deleting. Most of all, I'm thrilled that Vintage will be letting me include all the cool chase scenes, previously censored. -- Dave Eggers The literary sensation of the year, a book that redefines both family and narrative for the twenty-first century. A Heartbreaking Work of Staggering Genius is the moving memoir of a college senior who, in the space of five weeks, loses both of his parents to cancer and inherits his seven-year-old brother. Here is an exhilarating debut that manages to be simultaneously hilarious and wildly inventive as well as a deeply heartfelt story of the love that holds a family together. A Heartbreaking Work of Staggering Genius is an instant classic that will be read in paperback for decades to come. PAPERBACK EDITION -- 15% MORE STAGGERING - Eggers has written 15,000 additional words for the Vintage Canada edition, including an entirely new appendix.

**The Abstinence Teacher** Tom Perrotta,2010-06-25 The Abstinence Teacher illuminates the powerful emotions that run beneath the placid surface of modern American family life, and explores the complicated spiritual and sexual lives of ordinary people. It is elegantly and simply written, characterized by the distinctive mix of satire and compassion that has become Tom Perrotta's trademark. Stonewood Heights is the perfect place to raise children: it's got good schools, solid values and a healthy real estate market. Parents in the town are involved in their children's lives, and often in other children's lives, too—coaching sports, driving carpool, focusing on enriching experiences. Ruth Ramsey is the high school human sexuality teacher whose openness is not appreciated by all her students—or their parents. Her daughter's soccer coach is Tim Mason, a former stoner and rocker whose response to hitting rock bottom was to reach out and be saved. Tim's introduction of Christianity on the playing field horrifies Ruth, while his evangelical church sees a useful target in the loose-lipped sex ed teacher. But when these two adversaries in a small-town culture war actually talk to each other, a surprising friendship begins to develop.

**A Field Guide for Science Writers** Deborah Blum,Mary Knudson,Robin Marantz Henig,2005-09-08 This is the official text for the National Association of Science Writers. In the eight years since the publication of the first edition of A Field Guide for Science Writing, much about the world has changed. Some of the leading issues in today's political marketplace - embryonic stem cell research, global warming, health care reform, space exploration, genetic privacy, germ warfare - are informed by scientific ideas. Never has it been more crucial for the lay public to be scientifically literate. That's where science writers come in. And that's why it's time for an update to the Field Guide, already a staple of science writing graduate programs across the country. The academic community has recently recognized how important it is for writers to become more sophisticated, knowledgeable, and skeptical about what they write. More than 50 institutions now offer training in science writing. In addition mid-career fellowships for science writers are growing, giving journalists the chance to return to major universities for specialized training. We applaud these developments, and hope to be part of them with this new edition of the Field Guide. In A Field Guide for Science Writers, 2nd Edition, the editors have assembled contributions from a collections of experienced journalists who are every bit as stellar as the group that contributed to the first edition. In the end, what we have are essays written by the very best in the science writing profession. These wonderful writers have written not only about style, but about content, too. These leaders in the profession describe how they work their way through the information glut to find the gems

worth writing about. We also have chapters that provide the tools every good science writer needs: how to use statistics, how to weigh the merits of conflicting studies in scientific literature, how to report about risk. And, ultimately, how to write.

*Raw Thought, Raw Nerve* Aaron Swartz,2016-10 In late 2010, Aaron Swartz downloaded a large number of academic journal articles through MIT's computer network. At the time, Aaron was a research fellow at Harvard University, which provided him with an authorized account. Aaron's motivation for downloading the articles was never fully determined. However, friends and colleagues reported that Aaron's intention was either to publicly share them on the Internet or uncover corruption in the funding of climate change research. Faced with prosecutors being overzealous and a dysfunctional US criminal justice system, Aaron was charged with a maximum penalty of \$1 million in fines and 35 years in prison, leading to a two-year legal battle with the US federal government that ended when Aaron took his own life on January 11, 2013. Aaron taught himself to read when he was three. At twelve, he created a user-generated encyclopedia, which he later likened to an early version of Wikipedia. He then turned his computer genius to political organizing, information sharing and online freedom. Aaron was on to making a better world for us all; a freer world. Raw Thought, Raw Nerve: Inside the Mind of Aaron Swartz contains the life's work of one of the most original minds of our time.

*AFCA's Defensive Football Drills* American Football Coaches Association,1996 A collection of 70 individual and team defensive drills to improve players' performance.

*Rebel Angels* Libba Bray,2010-05-01 In this thrilling sequel, Gemma continues to pursue her destiny to bind the magic of the Realms and restore it to the Order. Gemma and her friends from Spence use magical power to transport themselves on visits from their corseted world of Victorian London (at the height of the Christmas season), to the visionary country of the Realms, with its strange beauty and menace. There they search for the lost Temple, the key to Gemma's mission, and comfort Pippa, their friend who has been left behind in the Realms. After these visits they bring back magical power for a short time to use in their own world. Meanwhile, Gemma is torn between her attraction to the exotic Kartik, the messenger from the opposing forces of the Rakshana, and the handsome but clueless Simon, a young man of good family who is courting her. This is the second book in Libba Bray's engrossing trilogy, set in a time of strict morality and barely repressed sensuality, about a girl who saw another way.
