The Imagination Machine Martin Reeves, Jack Fuller, 2021-06-08 A guide for mining the imagination to find powerful new ways to succeed. We need imagination now more than ever—to find new opportunities, rethink our businesses, and discover paths to growth. Yet too many companies have lost their ability to imagine. What is this mysterious capacity? How does imagination work? And how can organizations keep it alive and harness it in a systematic way? The Imagination Machine answers these questions and more. Drawing on the experience and insights of CEOs across several industries, as well as lessons from neuroscience, computer science, psychology, and

philosophy, Martin Reeves of Boston Consulting Group's Henderson Institute and Jack Fuller, an expert in neuroscience, provide a fascinating look into the mechanics of imagination and lay out a process for creating ideas and bringing them to life: The Seduction: How to open yourself up to surprises The Idea: How to generate new ideas The Collision: How to rethink your idea based on real-world feedback The Epidemic: How to spread an evolving idea to others The New Ordinary: How to turn your novel idea into an accepted reality The Encore: How to repeat the process—again and again. Imagination is one of the least understood but most crucial ingredients of success. It's what makes the difference between an incremental change and the kinds of pivots and paradigm shifts that are essential to transformation—especially during a crisis. The Imagination Machine is the guide you need to demystify and operationalize this powerful human capacity, to inject new life into your company, and to head into unknown territory with the right tools at your disposal.

**Principles of Marketology, Volume 1** H. Aghazadeh, 2016-04-29 In Principles of Marketology, Volume 1: Theory , Aghazadeh explores the definition, origins and framework of a new methodology for helping organizations better understand their market and competition.

**The Complete MBA Companion** IMD International (Institute), Wharton School, 1997 The latest in management thinking from the world's leading business schools.

**The 80/20 Individual** Richard Koch, 2003-08-19 A new 21st century individualism is overtaking “corporation-as-king” capitalism, transforming the way we work and live. Today, real power rests in the hands of creative individuals like Bill Gates, Warren Buffett, Oprah Winfrey, and Steven Spielberg, who are changing the world one great idea at a time. In **THE 80/20 INDIVIDUAL**, Richard Koch reveals the secret of their success: they discovered what they do better than anyone else and rode it for all its worth. In this inspiring sequel to his classic bestseller **THE 80/20 PRINCIPLE**, Koch shows how to maximize success in your career and life by using the proven principle that 80 percent of changes in the world result from the most powerful 20 percent of actions and ideas. He’ll show how to use your own powerful “20 percent spike” – your most creative ideas and unique skills – to measure the amount of value you bring to your employer, clients or customers. For most people, there is a huge disparity between their intrinsic value and the compensation they receive for their efforts. **THE 80/20 INDIVIDUAL** shows how to narrow that gap. Drawing from his own success as an entrepreneur, as well as from the stories of scores of companies and individuals who have flourished as a result of an 80/20 mind-set, Koch offers a step-by-step method to remodeling a career or existing business, or creating a new one – one that most benefits you. He provides valuable insights on finding 80/20 partners, hiring 80/20 employees, and running an 80/20 business. By building

a team that supports your efforts and excels in areas where you lack experience or knowledge, you'll be able to focus your time and energy on your strengths. Productivity and profits will soar because you'll be doing what you do best and enjoy the most. By using the 80/20 strategies outlined in the book, you can take control of your career and financial future.

**The Boston Consulting Group** WetFeet, 2009

*Management Consulting*, 1996

**Own the Future** Richard Lesser, Michael S. Deimler, David Rhodes, Janmejaya Sinha, 2013-04-16 The world faces social, political, and economic turmoil on an unprecedented scale—along with unsettling levels of turbulence and volatility. Market leadership today is less of a predictor of leadership tomorrow. Therefore, senior executives today must strive to own the future. In *Own the Future*, The Boston Consulting Group, one of the world's most prestigious and innovative management consulting firms, offers a roadmap. Drawing on the firm's experience advising organizations on how to achieve and sustain competitive advantage, this book offers 50 ideas to help readers chart their organization's path to future leadership. The articles are organized along ten attributes critical to success in the current environment—adaptive, global, connected, sustainable, customer-first, fit to win, value-driven, trusted, bold, and inspiring. The future may be unknowable, but The Boston Consulting Group offers insights from its 50 years of practice on how readers can position their organization to win—to change

the game and to own the future.

**80 Minute MBA** Richard Reeves, John Knell, 2018-05-01 The fully revised new edition of the international bestseller THE 80 MINUTE MBA is your short-cut to business brilliance. A traditional MBA is for either the time-rich, very wealthy or lucky few with a generous corporate sponsor. So what happens if you want to get a hit of high-quality business inspiration without spending two years back at school? THE 80 MINUTE MBA is the gateway to fresh thinking, in less time than it takes a standard meeting to get past coffee and donuts. The MBA-in-a-box book is old hat. Managers need the encouragement to think differently, not in the same straight lines. THE 80 MINUTE MBA is an injection of inspiration, creative thinking and dynamic approaches which will help you see the world of business differently. Stimulating new material brings this edition right up to date with critical business thinking. Including a new chapter on the platform economy and fresh technology and social media examples this book will energize and inspire you in equal measure.
