Introducing the Mythological Crescent Harald Haarmann, Joan Marler, 2008

There is a broad cultural region with related traditions of mythical beliefs interconnected by long-term contacts during prehistoric times. This area – called here the Mythological Crescent – is a zone of cultural convergence that extends from the ancient Middle East via Anatolia to southeastern Europe, opening into the wide cultural landscape of Eurasia. The very old interconnections between Eurasia and Anatolia are explored in this study for the first time. In a comparative view, striking similarities can be reconstructed for the ancient belief systems and the imagery of both regions which suggest convergent cosmological conceptualizations of high age. The beliefs and ritual practices of the indigenous peoples of Eurasia are rooted in the shamanism of the oldest cultural layers of the Palaeolithic. Although socioeconomic development in Anatolia was markedly different from cultural evolution in Eurasia, the hunters and gatherers in Anatolia who adopted sedentary lifeways did not entirely lose their ancient beliefs during the transition to plant cultivation (in the eighth millennium BCE). Archaic beliefs and imagery fused with new practices and innovations during the development of agrarian societies. One diagnostic motif which was perpetuated from the Palaeolithic to the Neolithic and beyond is represented by the production of female figurines (statuettes). Their significance for communal life has been linked to spiritual concepts of the continuity of life, the vegetation cycle, and the protection of the natural habitat of all living things as recorded in myths and historical folk art of Uralic and other peoples. The bear plays a significant role as a mythical animal in the imagery of Eurasia whereas this motif was lost in Anatolia during the

transition from antiquity to the Middle Ages.

Papa Bear and the Kids – Real (Sometimes Extreme) Outdoor Trips (Part 3)
Paul J. Brach, 2010

A Birthday for Bear Bonny Becker, 2009 Despite Bear's efforts to ignore his birthday, Mouse will not rest until his friend celebrates.

Bear, 2000 Bear: A Celebration of Power & Beauty features more than 200 stunning photographs by Daniel J. Cox, & author Rebecca Grambo weaves together ancient legends, striking art work, historical writings, bear facts, & personal observations to create a unique look at these beautiful animals. Today, North America's bears no longer have the protection of their mythical powers. Habitat loss & poaching pose major threats to bear populations. Cox & Grambo hope that celebrating our long relationship with bears will help us all to see the importance of preserving these extraordinary creatures.

Bear's Birthday Stella Blackstone, 2011 Bear celebrates his birthday with a party, games, and ten balloons that disappear one at a time through the day. On board pages.

Chicago Bears Lew Freedman, 2008-09-15 One of only two remaining charter members of the National Football League, the Chicago Bears are a team steeped in history. With nine pro football championships and twenty-six hall of famers, the Bears are also among the most successful franchises in all of professional sports. Revised and updated to include the latest seasons on the gridiron, *Chicago Bears: The Complete Illustrated History* brings the team's vibrant history to life. Beginning with the franchise's 1919 origins as the Decatur Staleys, this lavishly illustrated book presents the highs and lows from more than nine decades of football. Here is the story of the first dynasty under George "Papa Bear" Halas; the "Monsters of the Midway" of the 1940s; the team's resurgence in the late 1960s; its 1985 Super Bowl win; and the run for the title in 2006. Former Chicago Tribune sportswriter and longtime Bears aficionado Lew Freedmen highlights the legends who have donned Bears uniforms, outsize characters like Red Grange, Bronko Nagurski, Sid Luckman, Mike Ditka, Dick Butkus, Gayle Sayers, Walter Payton, Mike Singletary, Brian Urlacher, and many more. He includes the numbers behind the stories--the stats and team records--as well as pivotal plays in Bears' history, from Halas' T-formation to William "The Refrigerator" Perry's touchdown runs. The book presents a key chapter of sports history and offers a fitting tribute to one of football's most beloved teams.

Hobbies Through Children's Books and Activities Nancy A. Jurenka, 2001-08-15
Help students develop their own special talents and interests while supporting student literacy, social development, and a lifelong interest in reading through connecting books to children's hobbies. Each of the book's 30 chapters focuses on a different hobby through an annotation of a picture book in which the targeted hobby has a key role. Jurenka further explores each hobby ranging from bird-watching to tap dancing through a starter activity, a language arts activity, a poem citation, a glossary of associated vocabulary, references to related societies and associations, and five annotations of nonfiction informational books. Not only will students enthusiastically read about their chosen hobbies, they will develop healthy lifelong passions for activities that positively affect their social and intellectual development.
