*Spa Wars* Lora Condon, 2011-02-11 *Spa Wars* was featured in the New York Times, Time Out New York and American Spa Magazine! What really happens when the spa door closes, the shades shut, and the staff thinks no one is looking? In *Spa Wars: The Ugly Truth about the Beauty Industry*, seasoned esthetician Lora Condon provides a behind-the-scenes glimpse into the beauty industry while sharing her personal experiences working in day spas, at cosmetic counters, and as a freelance makeup artist. Lora Condon has been a licensed esthetician for over ten years. Through mouth-dropping, laugh-out-loud personal anecdotes, she reveals all the dirty secrets of the spa and cosmetic and beauty industries. As she uncovers common lies and myths propagated by cosmetic companies, advertisers, and magazines, Condon also addresses common questions and complaints about beauty issues, provides easy-to-apply tips and tricks such as how to keep skin looking young and fresh, and shares her favorite beauty and health items as well as the best therapists, treatments, and organizations. *Spa Wars* uncovers the ugly truths of a fascinating industry for anyone who has ever wondered what their bikini waxer is really thinking while ripping out their hair.

*Best Spas USA* Eileen Barish, First Last, 2007-03 This beautifully-executed, full color guidebook offers a profile of each spa within luxury and destination resorts, including its unique locale, accommodations, spa facilities, treatments, and what makes the spa extraordinary within the

The American Beauty Industry Encyclopedia Julie Willett, 2010-05-11 This is the first encyclopedia to focus exclusively on the many aspects of the American beauty industry, covering both its diverse origins and its global reach. The American Beauty Industry Encyclopedia is the first compilation to focus exclusively on this pervasive business, covering both its diverse origins and global reach. More than 100 entries were chosen specifically to illuminate the most iconic aspects of the industry's past and present, exploring the meaning of beauty practices and products, often while making analytical use of categories such as gender, race, sexuality, and stages of the lifecycle. Focusing primarily on the late-19th and 20th-century American beauty industry—an era of unprecedented expansion—the encyclopedia covers ancient practices and the latest trends and provides a historical examination of institutions, entrepreneurs, styles, and technological innovations. It covers, for example, the 1911 Triangle Shirtwaist Factory fire, as well as how Asian women today are having muscle fiber removed from their calves to create a more Western look. Entries also explore how the industry reflects social movements and concerns that are inextricably bound to religion, feminism, the health and safety of consumers and workers, the treatment of animals, and environmental sustainability.

Practical tips and specific treatments are given to allow the reader to recreate the Asian spa experience at home. Many of the spa techniques were handed down from generation to generation.
