**From Farm to Fifth Avenue** Lyonel Nelson,Stephen J. Anderson,2014-10-28 Farm to Fifth Avenue sets the reader down in a whirlwind of glittering international celebrity during the Mad Men era in New York City. Elizabeth Arden's 5th Avenue salon, the Red Door, was the premier salon de beaute during this golden period of 1950-60's fashion, and as a top stylist, the author quite literally had a hand in making the famous, infamous and the discretely elegant ladies of high society shine. The book is confettied with delightful stories of the high points and pitfalls of being a stylist to the rich and famous. The author's story travels from homespun beginnings on a family farm during the Great Depression to spanning oceans and cultural divides. Several scenes describe a way of life on a Midwestern farm that no longer exist in today's world-then jumps to his experiences as a green serviceman in the South Pacific during WWII, and finally he finds his niche in a military community quite different than the world he was used to as a hair stylist. The story then follows the author's path to becoming a top stylist at the most famous salon in the world at the time- Elizabeth Arden's Red Door, on 5th Avenue in New York City. Miss Arden is hanging on to the top shelf of high society socialite and celebrity customers (Kennedy, Zsa Zsa, etc) at the beginning of the author's tenure there, but he becomes witness to the gradual decline of the brand as massive changes sweep across the cultural landscape with the advent of 1960's fashion. From movie stars to high society mavens, the author gives a peek behind the glittery curtain of celebrity to see the often unflattering reality of what it takes to maintain illusions in the charming and entertaining memoir.

**Make a Six Figure Income Doing Hair** Alan Daniels,2012-10-01 If you are a hairdresser who is currently in or entering the hair industry or know someone who is, then you need this book. The vast number of working hairdressers make less than \$30,000 a year. Without an experienced mentor teaching a stylist what to do, it is very difficult to beat the odds and earn over \$100,000 a year in income in the beauty business. This book is that mentor! Learn exactly what to do and when to do it as it relates to building and maintaining a large and lucrative clientele base. In short, this book will teach you in detail how to make a lot of money in the hair industry while the vast majority of hairstylists do not. Here is a chapter list- Is this the industry for me? \* Internship-Where should I work? \* The critical consultation \* Commission or rental \* Fashion shows \* The bi-yearly builder \*

Competition \* Hair care maintenance and retail product sales \* Up selling services \* The killer shampoo \* The power of humor \* The chameleon effect \* The 100% total satisfaction guarantee \* The image game \* Station location \* Pre-Booking appointments \* Tracking your business \* Double Booking \* Professionalism \* The assistant advantage \* Department store promotions \* Professional distance \* Lunch is for whimps \* Complete make-over demonstrations \* Free services \* Business cards \* Before and after \* The barter system \* Scouting for models \* Promotions with church groups \* Networking in the salon \* Clientele date base \* Your receptionist \* Accounting for success \* Do I open my own salon? \* Exit plan. This book will teach you how to: \* Start, grow, and maintain, a large and lucrative hair clientele \* Seperate yourself from the crowd in the hair business \* Create a financially independent lifestyle for yourself in the hair industry \* Make a lot of money working in a hair salon \* Make the hair industry work for you \* Finally be successful as a hair stylist You will learn how successful people in the hair industry have achieved that status and how you can do it too. Most importantly, you will learn that making a lot of money in the hair industry has suprisingly little to do with physically doing hair. All of this will be taught from the perspective of a normal guy from Los Angeles California who was lucky enough to be put under the wing of a brilliant man, not through some corporate perspective. Alan Daniels has trained hundreds stylists over the years and many of them have gone on to make over \$100,000 incomes. You can do it too!

**How Haircolor Really Works** David Velasco, 2014-04 v. 3. Explains 9 techniques on how to handle every gray coverage problem you will ever encounter PLUS, you will learn how to make gray hair any color you wish.
