Beauté volée Julia Sykes, 2020-02-27 Valentina me déteste autant que je la méprise. Cela ne m'a pas empêché de la kidnapper, de la voler pour la garder pour moi. Au fil des années qui nous ont séparés, la haine a grandi dans mon cœur. La fille que j'aimais autrefois est désormais devenue une femme, et elle croit appartenir à quelqu'un d'autre. En tant que narcotrafiquant réputé comme étant le plus sadique de la côte Ouest, j'aime le pouvoir et le contrôle. Son attitude de défi me tente et me tourmente, et je ne me lasserai jamais d'élaborer des punitions perverses pour la faire obéir. Elle ne peut pas échapper à mon toucher cruel et à ma discipline impitoyable. Personne ne me la prendra. Je tuerai quiconque essaiera. Valentina était censée devenir mienne. Rien ne m'empêchera de la posséder, corps et âme.

The Fixer Upper Mary Kay Andrews, 2009-06-23 The delightful New York Times bestselling author returns with a hilarious novel about one woman's quest to redo an old house . . . and her life. After her boss in a high-powered Washington public relations firm is caught in a political scandal, fledgling lobbyist Dempsey Jo Killebrew is left almost broke, unemployed, and homeless. Out of options, she reluctantly accepts her father's offer to help refurbish Birdsong, the old family place he recently inherited in Guthrie, Georgia. All it will take, he tells her, is a little paint and some TLC to turn the fading Victorian mansion into a real-estate cash cow. But, oh, is Dempsey in for a surprise when she arrives in Guthrie. Bird Droppings would more aptly describe the moldering Pepto Bismol-pink dump with duct-taped windows and a driveway full of junk. There's also a murderously grumpy old lady, one of Dempsey's distant relations, who has claimed squatter's rights and isn't moving out. Ever. Furthermore, everyone in Guthrie seems to know Dempsey's business, from a smooth-talking real-estate agent to a cute lawyer who owns the local newspaper. It wouldn't be so bad if it weren't for the pesky FBI agents who show up on Dempsey's doorstep, hoping to pry information about her ex-boss

from her. All Dempsey can do is roll up her sleeves and get to work. And before long, what started as a job of necessity somehow becomes a labor of love and, ultimately, a journey that takes her to a place she never expected—back home again.

Murder in Venice R. Suryanarayanan, 2011-12-22 Murder in Venice is the story of Sankaran Namboodri, a young man passionate about astronomy and related mathematics, whose thirst for knowledge inducts him to travel to Italy to meet Galileo Galilei and share the advanced astronomy developed by Hindu astronomers. Born in Irinjalakuda, a village in Kerala on the West coast of India also the birthplace of Madhava, a great mathematician born 250 years earlier, Sankaran prepares to take over from his father as the temple priest by studying the Vedic scriptures following the traditions. Recognising his talent for understanding complex scriptures and mathematics, and his insatiable curiosity of the sky, his father wants him to become an astronomer. To acquire further knowledge in astronomy, Sankaran plans a trip to Ujjain, the seat of great discoveries in Hindu astronomy. On his way, at the city of Kozhikode, by a strange coincidence he meets a renowned scholar, Ananthan, who has just returned from Ujjain with the latest teachings. Ananthan transfers

all his knowledge to Sankaran and with the help of an Italian Catholic missionary, convinces Sankaran that he should go to Italy so that the contributions of Hindu astronomers may be known to Galileo Galilee. Sankaran accepts the challenge. The Italian maestro is not only surprised by Sankaran's knowledge of astronomical predictive calculations and citations from ancient Vedic scriptures and but even more amazed that Hindu astronomers had conceptualised a heliocentric universe long before. The Authorities of Rome firmly believe that the earth is fixed with the Sun going round and oppose vehemently Galileo's views. A messenger from Rome warns Galileo that his life as well as that of Sankaran is in danger as his views are being lately labeled as blasphematory by the Authorities. Galileo sends Sankaran away to hide in Venice convinced that in a matter of weeks, and with the help of Sankaran's knowledge, he will be able to alter the opinion of the Authorities of Rome. But will he succeed? Will the world come to know about Sankaran's mission? The reader will get an insight on the contribution of Hindu Astronomy often forgotten as we celebrate the 400th anniversary of the discovery of the telescope by Galileo.

Metzengerstein Edgar Allan Poe, 2021-11-11 This short story, told in the Gothic tradition represents Poe's first work to be printed, and represents the foundation of what would constitute much of his future work. The tale, set in Hungary, recounts the later years of an interminable feud between two noble houses, the Metzengersteins and the Berlifitzings. This third person narration follows the young orphaned Baron of the Metzengersteins, Frederick, as he inherits his family's fortune and their feud. An ancient prophecy is all that remains of the origins of this feud, one that has seemingly come true when Frederick is suspected of the murder of the Berlifitzings patriarch. It is this prophecy that drags these two families to a

conclusion teeming with tragedy, mystery, violence, madness and the supernatural. For any fans of Poe, mystery or the supernatural it is a must read. Edgar Allan Poe (1809-1849) is a titan of literature. Most famous for his poetry, short stories, and tales of the supernatural and macabre, his body of work continues to resonate to this day. Poe is widely regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include *The Raven* (1845), *The Black Cat* (1843), and *The Gold-Bug* (1843).

The Mystery of Marie Rogêt Edgar Allan Poe, 2020-10-05 A classic detective short story shrouded in mystery, *Marie Rogêt* features Poe's famous investigator C. Auguste Dupin trying to solve a murder case. Based upon an actual murder, the short story is an intricate narrative revolving around floating dead bodies, strange suicides, phials of poison, and the power of newspapers to solve the gruesome murder. Cumbersome and rather slow-paced, the story is also often labelled as Poe's least successful among his detective works. On the other hand, it can easily be read as an episode from the CSI TV series, indulging in sneaky situations and hypothetical resolutions. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his

poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include *The Raven* (1945), *The Black Cat* (1943), and *The Gold-Bug* (1843).
