Rethinking Marriage in Francophone African and Caribbean Literatures Cécile Accilien,2008

Rethinking Marriage in Francophone African and Caribbean Literatures analyzes novels and films that demonstrate how marriage affects Francophone African and Caribbean women in their respective societies. It argues that marriage serves as a catalyst for intense identity formation because it functions as a narrative intersection for a number of overlapping themes on gender and the body, class and economics, religion, interracial and intercultural identity and nation building.

Marriage provides a narrative space for commentary on cultural practices presented in the works in question as the foundations of cultural identity.

Marriage in Ireland, 1660–1925 Maria Luddy, Mary O'Dowd, 2020-06-25 What were the laws on marriage in Ireland, and did church and state differ in their interpretation? How did men and women meet and arrange to marry? How important was patriarchy and a husband's control over his wife? And what were the options available to Irish men and women who wished to leave an unhappy marriage? This first comprehensive history of marriage in Ireland across three centuries looks below the level of elite society for a multi-faceted exploration of how marriage was perceived, negotiated and controlled by the church and state, as well as by individual men and women within Irish society. Making extensive use of new and under-utilised primary sources, Maria Luddy and Mary O'Dowd explain the laws and customs around marriage in Ireland. Revising current understandings of marital law and relations, *Marriage in Ireland, 1660–1925* represents a major new contribution to Irish historical studies.

Before Brasília Mary C. Karasch, 2016-12-01 *Before Brasília* offers an in-depth exploration of life in the captaincy of Goiás during the late colonial and early national period of Brazilian history. Karasch effectively counters the “decadence” narrative that has dominated the historiography of Goiás. She shifts the focus from the declining white elite to an expanding free population of color, basing her conclusions on sources previously unavailable to scholars that

allow her to meaningfully analyze the impacts of geography and ethnography. Karasch studies the progression of this society as it evolved from the slaving frontier of the seventeenth century to a majority free population of color by 1835. As populations of indigenous and African captives and their descendants grew throughout Brazil, so did resistance and violent opposition to slavery. This comprehensive work explores the development of frontier violence and the enslavements that ultimately led to the consolidation of white rule over a majority population of color, both free and enslaved.

The Beggar Bride Gillian White,1997 Ange, Billy and baby Jacob live in a council flat, and eventually, after persuading Billy, Ange marries Sir Fabian, for his money despite the fact that she is already married. The scam is working perfectly, until their game turns into a living nightmare made up of dark and evil secrets.

Human Trafficking Louise Shelley,2010-07-29 This book examines all forms of human trafficking

globally, revealing the operations of the trafficking business and the nature of the traffickers themselves. Using a historical and comparative perspective, it demonstrates that there is more than one business model of human trafficking and that there are enormous variations in human trafficking in different regions of the world. Drawing on a wide body of academic research - actual prosecuted cases, diverse reports and field work and interviews conducted by the author over the last sixteen years in Asia, Latin America, Africa, Europe and the former socialist countries - Louise Shelley concludes that human trafficking will grow in the twenty-first century as a result of economic and demographic inequalities in the world, the rise of conflicts and possibly global climate change. Coordinated efforts of government, civil society, the business community, multilateral organizations and the media are needed to stem its growth.
