What You Do Is Who You Are Ben Horowitz, 2019-10-29 Ben Horowitz, a leading venture capitalist, modern management expert, and New York Times bestselling author, combines lessons both from history and from modern organizational practice with practical and often surprising advice to help executives build cultures that can weather both good and bad times. Ben Horowitz has long been fascinated by history, and particularly by how people behave differently than you'd expect. The time and circumstances in which they were raised often shapes them—yet a few leaders have managed to shape their times. In *What You Do Is Who You Are*, he turns his attention to a question crucial to every organization: how do you create and sustain the culture you want? To Horowitz, culture is how a company makes decisions. It is the set of assumptions employees use to resolve everyday problems: should I stay at the Red Roof Inn, or the Four Seasons? Should we discuss the color of this product for five minutes or thirty hours? If culture is not purposeful, it will be an accident or a mistake. *What You Do Is Who You Are* explains how to make your culture purposeful by spotlighting four models of leadership and culture-building—the leader of the only successful slave revolt, Haiti's Toussaint Louverture; the Samurai, who ruled Japan for seven hundred years and shaped modern Japanese culture; Genghis Khan, who built the world's largest empire; and Shaka Senghor, a man convicted of murder who ran the most formidable prison gang in the yard and ultimately transformed prison culture. Horowitz connects these leadership examples to modern case-studies, including how Louverture's cultural techniques were applied (or should have been) by Reed Hastings at Netflix, Travis Kalanick at Uber, and Hillary Clinton, and how Genghis Khan's vision of cultural inclusiveness has parallels in the work of Don Thompson, the first African-American CEO of McDonalds, and of Maggie Wilderotter, the CEO who led Frontier Communications. Horowitz then offers guidance to help any company understand its own strategy and build a successful culture. *What You Do Is Who You Are* is a journey through culture, from ancient to modern. Along the way, it answers a question fundamental to any organization: who are we? How do people talk about us when we're not around? How do we treat our customers? Are we there for people in a pinch? Can we be trusted? Who you are is not the values you list on the wall. It's not what you say in company-wide meeting. It's not your marketing campaign. It's not even what you believe. Who you are is what you do. This book aims to help you do the things you need to become the kind of leader you want to be—and others want to follow.

Faith, Family, and Filipino American Community Life Stephen M. Cherry, 2014-01-03 Stephen M. Cherry draws upon a rich set of ethnographic and survey data, collected over a six-year period, to explore the roles that Catholicism and family play in shaping Filipino American community life. From the planning and construction of community centers, to volunteering at health fairs or protesting against abortion, this book illustrates the powerful ways these forces structure and animate not only how first-generation Filipino Americans think and feel about their community, but how they are compelled to engage it over issues deemed important to the sanctity of the family. Revealing more than intimate accounts of Filipino American lives, Cherry offers a glimpse of the often hidden but vital relationship between religion and community in the lives of new immigrants, and allows speculation on the broader impact of Filipino immigration on the nation. The Filipino American community is the second-largest immigrant community in the United States, and the Philippines is the second-largest source of Catholic immigration to this country. This ground-breaking study outlines how first-generation Filipino Americans have the potential to reshape American Catholicism and are already having an impact on American civic life through the engagement of their faith.

Grandma Gatewood's Walk Ben Montgomery, 2014-04-01 Winner of the 2014 National Outdoor Book Awards for History/Biography Emma Gatewood told her family she was going on a walk and left her small Ohio hometown with a change of clothes and less than two hundred dollars. The next anybody heard from her, this genteel, farm-reared, 67-year-old great-grandmother had walked 800 miles along the 2,050-mile Appalachian Trail. And in September 1955, having survived a rattlesnake strike, two hurricanes, and a run-in with gangsters from Harlem, she stood atop Maine's Mount Katahdin. There she sang the first verse of America, the Beautiful and proclaimed, I said I'll do it, and I've done it. Grandma Gatewood, as the reporters called her, became the first woman to hike the entire Appalachian Trail alone, as well as the first person—man or woman—to walk it twice and three times. Gatewood became a hiking celebrity and appeared on TV and in the pages of *Sports Illustrated*. The public attention she brought to the little-known footpath was unprecedented. Her vocal criticism of the lousy, difficult stretches led to bolstered maintenance, and very likely saved the trail from extinction. Author Ben Montgomery was given unprecedented access to Gatewood's own diaries, trail journals, and correspondence, and interviewed surviving family members and those she met along her hike, all to answer the question so many asked: Why did she do it? The story of Grandma Gatewood will inspire readers of all ages by illustrating the full power of human spirit and determination. Even those who know of Gatewood don't know the full story—a story of triumph from pain, rebellion from brutality, hope from suffering.

Ben Jonson Rosalind Miles, 2017-03-31 The extraordinary character of Ben Jonson has only recently been brought into the light. Critics traditionally exalted Shakespeare, at Jonson's expense. In this biography, first published in 1986, the author presents a full and accurate account of Jonson's life in modern times. Rosalind Miles follows Jonson from his obscure beginnings to his burial in Westminster Abbey, as the first Poet Laureate, in 1637. Her Jonson is vivid and vigorous, equally alive in his life and in his work. This title will be of interest to students of history, English literature and Renaissance drama.

White House Confidential Gregg Stebben, Austin Hill, 2016-07-19 An irreverent look at Presidential foibles, follies, fibs, and moral failures Were past presidents smarter, more honest, and better behaved than those we elect today? Don't bet on it! *White House Confidential* shows that commanders-in-chief have been lying, cheating, stealing, and womanizing from the days of the Founding Fathers. Focusing on the qualities that never made it into White House press releases, the authors look at their sexual misdeeds and strange family relationships, scandals that engulfed administrations, fights with enemies, and questionable money matters. Dip into these pages to find out: Which president was famous for being the richest man alive because of all his brilliant real estate deals? Which president was born in Canada, and was ineligible to hold the office of president? Which president caused some problems by trying to grow "strange herbs" in the White House garden? Which president often ordered White House staff to rub Vaseline into his scalp while he ate breakfast in bed? Which president often called his deputy chief of staff "Turd Blossom"? Updated with new material about many presidents including George W. Bush and Barack Obama, *White House Confidential* will have you laughing (and sometimes cursing!) as you take a second look at the next occupant of the Oval Office.
