**Transforming Global Information and Communication Markets** Peter F.

Cowhey,Jonathan D. Aronson,2012-01-13 Innovation in information and communication technology (ICT) fuels the growth of the global economy. How ICT markets evolve depends on politics and policy, and since the 1950s periodic overhauls of ICT policy have transformed competition and innovation. For example, in the 1980s and the 1990s a revolution in communication policy (the introduction of sweeping competition) also transformed the information market. Today, the diffusion of Internet, wireless, and broadband technology, growing modularity in the design of technologies, distributed computing infrastructures, and rapidly changing business models signal another shift. This pathbreaking examination of ICT from a political economy perspective argues that continued rapid innovation and economic growth require new approaches in global governance that will reconcile diverse interests and enable competition to flourish. The authors (two of whom were architects of international ICT policy reforms in the 1990s) discuss this crucial turning point in both theoretical and practical terms.

**The Fundamental Elements of Strategy** Xiu-bao Yu,2021-03-29 This open access book clarifies confusions of strategy that have existed for nearly 40 years through the core thoughts of three fundamental elements. Unlike the traditional definition of strategy as a plan to achieve a long-term goal from overall considerations" in a linear view, this book defines strategy from non-linear viewpoint as it is in the real world. The art of a strategy lies not only in the determination of development goals, but also in the identification of development problems and putting forward overall guiding ideology of solving problems. Rich illustrations as well as numerous business and military cases are presented in helping readers to understand the fundamental elements of strategy. The general scope of the book includes introductions to the three fundamental elements of strategy, three-sub decisions of a complete strategic decision, incomplete strategies, relationship between tactic and strategy, three elements of competitive and corporative strategies. There may be biases in company-level, real strategic decision-making which makes a complete strategy not necessarily a perfect one. The book introduces biases and reasons for the biases, helping industrial strategic decision-makers understand the importance of knowing the nature of the company, the industry and its environment. In addition, this book also presents principles and evaluation approaches of strategic decisions, explores the reasons for the excessive definitions of the strategy concept, and discusses directions of future's research

tasks. The book will benefit business managers who are interested in knowing what a complete strategic decision is and how to avoid errors or biases in strategic decision-making. It also benefits students in business schools (especially in MBA/EMBA programs) who are (or will be) on executive positions. Academic researchers may find it is interesting to understand strategy from the view of the three elements. The new view provides a novel insight into strategy and promotes several research directions in the future. The three elements of strategy are also applicable to military strategies and readers who are interested in military and may find its value as well.

**A Bright Ray of Darkness** Ethan Hawke, 2021 This is a Borzoi book published by Alfred A. Knopf--Title page verso.

**Text and Ritual in Early China** Martin Kern, 2011-07-01 In Text and Ritual in Early China, leading scholars of ancient Chinese history, literature, religion, and archaeology consider the presence and use of texts in religious and political ritual. Through balanced attention to both the received literary tradition and the wide range of recently excavated artifacts, manuscripts, and inscriptions, their combined efforts reveal the rich and multilayered interplay of textual composition and ritual performance. Drawn across disciplinary boundaries, the resulting picture illuminates two of the defining features of early Chinese culture and advances new insights into their sumptuous complexity. Beginning with a substantial introduction to the conceptual and thematic issues explored in succeeding chapters, Text and Ritual in Early China is anchored by essays on early Chinese cultural history and ritual display (Michael Nylan) and the nature of its textuality (William G. Boltz). This twofold approach sets the stage for studies of the E Jun Qi metal tallies (Lothar von Falkenhausen), the Gongyang commentary to The Spring and Autumn Annals (Joachim Gentz), the early history of The Book of Odes (Martin Kern), moral remonstrance in historiography (David Schaberg), the "Liming" manuscript text unearthed at Mawangdui (Mark Csikszentmihalyi), and Eastern Han commemorative stele inscriptions (K. E. Brashier). The scholarly originality of these essays rests firmly on their authors' control over ancient sources, newly excavated materials, and modern scholarship across all major Sinological languages. The extensive bibliography is in itself a valuable and reliable reference resource. This important work will be required reading for scholars of Chinese history, language, literature, philosophy, religion, art history, and archaeology.

**Court of Lions** Somaiya Daud, 2020-08-04 Court of Lions is the long-awaited second and final installment in the "smart, sexy, and devilishly clever" Mirage series by Somaiya Daud (Renée Ahdieh, New York Times bestselling author of The Beautiful)! On a planet on the brink of revolution, Amani has been forced into isolation. She's been torn from the boy she loves and has given up contact with her fellow rebels to protect her family. In taking risks for the rebel cause, Amani may have lost Maram's trust forever. But the princess is more complex than she seems, and now Amani is once more at her capricious nature. One wrong move could see her executed for high treason. On the eve of Maram's marriage to Idris comes an unexpected proposal: in exchange for taking her place in the festivities, Maram will keep Amani's rebel associations a secret. Alone and desperate, Amani is thrust into the center of the court, navigating the dangerous factions on the princess's behalf. But the court is not what she expects. As a risky plan grows in her mind, and with the rebels poised to make their stand, Amani begins to believe her world might have a future. But every choice she makes comes with a cost. Can Amani risk the ones she loves the most for a war she's not sure she can win?

Weekly, Top Pick of the Month “A YA marvel that will shock breath into your lungs. She dreams of what life was like before the occupation; she dreams of writing poetry like the old-world poems she adores; she dreams of receiving a sign from Dihya that one day, she, too, will have adventure, and travel beyond her isolated home. But when adventure comes for Amani, it is not what she expects: she is kidnapped by the regime and taken in secret to the royal palace, where she discovers that she is nearly identical to the cruel half-Vathek Princess Maram. The princess is so hated by her conquered people that she requires a body double, someone to appear in public as Maram, ready to die in her place. As Amani is forced into her new role, she can’t help but enjoy the palace’s beauty—and her time with the princess’ fiancé, Idris. But the glitter of the royal court belies a world of violence and fear. If Amani ever wishes to see her family again, she must play the princess to perfection...because one wrong move could lead to her death.
